Craved. Captured. Claimed : Viking
Warriors Dark Romance Trilogy Elina
Emerald

The sixth installment of Bernard
Cornwell's New York Times bestselling
series chronicling the epic saga of the
making of England, "like Game of
Thrones, but real" (The Observer,
London)—the basis for The Last
Kingdom, the hit television series. As the

ninth century wanes, Alfred the Great
lies dying, his lifelong goal of a unified
England in peril, his kingdom on the
brink of chaos. Though his son, Edward,
has been named his successor, there are
other Saxon claimants to the throne—as
well as ambitious pagan Vikings to the
north. Torn between his vows to Alfred
and the desire to reclaim his long-lost
ancestral lands in the north, Uhtred,
Saxon-born and Viking-raised, remains
the king's warrior but has sworn no oath
to the crown prince. Now he must make
a momentous decision that will forever

transform his life and the course of history: to take up arms—and Alfred’s mantle—or lay down his sword and let his liege’s dream of a unified kingdom die along with him.

The Cambridge History of English Literature

Troubador Publishing Ltd

A heart-swelling debut for fans of *The Silver Linings Playbook* and *The Curious Incident of the Dog in the Night-Time*. Sometimes life isn’t as simple as heroes and villains. For Zelda, a twenty-one-year-old Viking enthusiast who lives with her older brother, Gert, life is best lived with some basic rules: 1. A smile means “thank you for doing something small that I liked.” 2. Fist bumps and dabs = respect. 3. Strange people are not appreciated in her home. 4. Tomatoes must go in the middle of the sandwich

and not get the bread wet. 5. Sometimes the most important things don’t fit on lists. But when Zelda finds out that Gert has resorted to some questionable—and dangerous—methods to make enough money to keep them afloat, Zelda decides to launch her own quest. Her mission: to be legendary. It isn’t long before Zelda finds herself in a battle that tests the reach of her heroism, her love for her brother, and the depth of her Viking strength. *When We Were Vikings* is an uplifting debut about an unlikely heroine whose journey will leave you wanting to embark on a quest of your own, because after all... We are all legends of our own making.

A Novel Bantam

PEPIN THE SHORT had done a great deal to unite the kingdom; but when he died,

he left it to his two sons, and so divided it again. The older son died in a few years; and now the kingdom of the Franks was in the hands of Charlemagne, if he could hold it. First came trouble with the Saxons who lived about the lower Rhine and the Elbe. They and the Franks were both Germans, but the Franks had had much to do with the Romans, and had learned many of their ways. Missionaries, too, had dwelt among them and had taught them Christianity, while the Saxons were still heathen. It was fully thirty years before the Saxons were subdued. During those years, Charlemagne watched them closely. He fought, to be sure, whenever they rebelled, and he made some severe laws and saw to it that these were obeyed. More than this, however, he

sent missionaries to them, and he built churches. He carried away many Saxon boys as hostages. These boys were carefully brought up and were taught Christianity. They learned to like the Frankish ways of living, and when they had grown up and were sent home, they urged their friends to yield and become peaceful subjects of the great king; and finally the land of the Saxons became a part of the Frankish kingdom. Charlemagne had only begun the Saxon war, when the Pope asked for help against the Lombards, a tribe of Teutons who had settled in Northern Italy. The king was quite ready to give it, for he, too, had a quarrel with them; and in a year or two their ruler had been shut up in a monastery and Charlemagne had been crowned with the old iron crown of

Lombardy. This war had hardly come to an end before the king led his troops into Spain against the Mohammedans. There, too, he was successful; but at Roncesvalles he lost a favourite follower, Count Roland. Roland and the warriors who perished with him were so young and brave that the Franks never wearied of recounting their noble deeds. Later the story was put into a fine poem, called the "Song of Roland," which long afterward men sang as they dashed into battle.

The Cambridge History of English Literature: From the beginnings to the cycles of romance Harlequin

Marian Fletcher Blackley, Duchess of Endsmere, is on the run from the English Crown for killing her abusive husband...no matter that it was self-

defense. She has only one safe place to go—the MacKinlay clan in Scotland, where her sister is the laird's wife. War Chief Cameron MacKinlay has vowed never to marry after witnessing his widowed mother's grief. He has his lands and his clan, and that's enough for a good life. When one day a sprite of a lass comes running out of the forest with hounds nipping at her heels, and an English bounty hunter not far behind, he feels compelled to save her by claiming the disheveled duchess is his wife. But he certainly didn't intend to marry her for real! And now he'll do anything to protect her... Each book in the Clan MacKinlay series is STANDALONE: * Her Accidental Highlander Husband * Her Reluctant Highlander Husband
Betrothed to the Beast (Historical

Romance) Cambridge University Press
After centuries of conflict, a peace treaty has finally been drawn between the warring Saxons and Norse — largely due to the wisdom and bravery of the legendary Viking leader Wolf Hakonson and the noble warrior Lord Hawk. Hawk and Wolf each married women from warring clans to unite the Saxons and Norse. But for all its blessings, the promise of peace will remain fragile — unless it can be sealed forever by a third and final marriage between these two proud clans.... Come Back to Me The most feared Viking to come out of the Northlands in a generation or more, Dragon Hakonson, brother to Lord Wolf and friend to Lord Hawk, hopes to steal a few days away by himself before entering into an arranged marriage with

a Saxon bride. But instead of tranquillity, Dragon finds intrigue and passion when he has a chance encounter with a beguiling beauty disguised in boy's garb. It is clear that the fiery-haired, fiercely willed Rycca is running away from something ... or someone. Dragon is determined to uncover Rycca's reasons for escape and see her safely to her destination. Yet rather than surrender herself to Dragon's care, Rycca dares to defy him, disarm him, and even enchant him. For Rycca has a secret gift that Dragon cannot see. Stalked by the tragic past, struggling to fulfill the promise of peace, only when it is too late does Dragon discover the truth: that the temptress who has stolen his heart is none other than the woman destined to become his reluctant bride....

The Dragon and the Raven (Viking Novel) Pinnacle Books

The Vikings Reimagined explores the changing perception of Norse and Viking cultures across different cultural forms, and the complex legacy of the Vikings in the present day. Bringing together experts in literature, history and heritage engagement, this highly interdisciplinary collection aims to reconsider the impact of the discipline of Old Norse Viking Studies outside the academy and to broaden our understanding of the ways in which the material and textual remains of the Viking Age are given new meanings in the present. The diverse collection draws attention to the many roles that the Vikings play across contemporary culture: from the importance of Viking tourism, to the role

of Norse sub-cultures in the formation of local and international identities.

Together these collected essays challenge the academy to rethink its engagement with popular reiterations of the Vikings and to reassess the position afforded to 'reception' within the discipline.

Heroes of the Middle Ages Rowman & Littlefield

This volume offers a novel, trans-regional vision of Viking Age (9th-11th century) cultural and political contacts between Scandinavia and the eastern coasts of the Baltic Sea, using predominantly archaeological evidence, combined with historical sources, topography and logistical considerations.

Guts & Glory: The Vikings Robinson
Chronicles the years and extents of

Viking plunder, trade, discovery, conquest, and settlement and surveys the customs, beliefs, institutions, and continuing legacy of the far-ranging Northmen.

A Brief History of the Vikings All Aboard for a Viking Hoard

This book argues that American schools are marked by fundamental structural deficiencies that get in the way of student achievement.

La promise du Viking St. Martin's Press

'From the Fury of the Northmen deliver us, O Lord.' Between the eighth and eleventh centuries, the Vikings surged from their Scandinavian homeland to trade, raid and invade along the coasts of Europe. Their influence and expeditions extended from

Newfoundland to Baghdad, their battles were as far-flung as Africa and the Arctic. But were they great seafarers or desperate outcasts, noble heathens or oafish pirates, the last pagans or the first of the modern Europeans? This concise study puts medieval chronicles, Norse sagas and Muslim accounts alongside more recent research into ritual magic, genetic profiling and climatology. It includes biographical sketches of some of the most famous Vikings, from Erik Bloodaxe to Saint Olaf, and King Canute to Leif the Lucky. It explains why the Danish king Harald Bluetooth lent his name to a twenty-first century wireless technology; which future saint laughed as she buried foreign ambassadors alive; why so many Icelandic settlers had Irish names; and how the last Viking colony

was destroyed by English raiders. Extending beyond the traditional 'Viking age' of most books, *A Brief History of the Vikings* places sudden Scandinavian population movement in a wider historical context. It presents a balanced appraisal of these infamous sea kings, explaining both their swift expansion and its supposed halt. Supposed because, ultimately, the Vikings didn't disappear: they turned into us.

[English and British History in 100 Bite-size Chunks](#) Gallery/Scout Press

History comes alive for kids like no textbook can in this epic account of the time of the Vikings that's perfect for history buffs and reluctant readers! Contains awesome illustrations! From battle-axe-wielding tribes plundering the greatest cities of Europe to powerful

kings and queens ruling their dominions with iron fists, the Vikings were some of the most feared and fearless figures in European history. Find the bravest heroes, the most menacing villains, and unbelievably awesome facts and myths inside this action-packed overview that will amaze kids with tales of a people so incredible...it's hard to believe they were real. History buff and popular blogger Ben Thompson's lively storytelling style brings the Vikings back to life in this second book in the exhilarating *Guts & Glory* series!

[Illustrated Edition](#) HarperCollins UK
E. H. Gombrich's *Little History of the World*, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone

has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was of course the best-known art historian of his time, and his text suggests illustrations on every page. This illustrated edition of the Little History brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings,

emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

Vikings Harper Collins

'Byrhtnoth stood like a statue at the end of the low promontory. His stillness matched the day. But all of that was about to change.' Byrhtnoth at the Battle of Maldon relays the story of the mighty Saxon leader as he leads his army against marauding Vikings, in an attempt to defend his homeland of East

Anglia. In a battle of both heroism and cowardice, it is the sheer determination of their leader Byrhtnoth that is recalled to this day. Aimed at children aged 8 - 12 years, this story will open their eyes to the nature of battle in the year 991 when a very large force of Danes prepared to attack the Essex coastline in Maldon. Byrhtnoth would not agree to pay the requested tribute of silver to avoid battle, instead setting up a small army by the narrow causeway across the river from the Danes. Arrows, spears and swords were thrown by both sides in the ferocious battle of Maldon. This work of fiction brings together historical truth and the excitement of battle to teach children about the history of England, the Saxons and the invasion of the Vikings. Inspired by the work of Michael

Murpogo, *Byrhtnoth at the Battle of Maldon* will appeal to children who enjoy historical novels and who are looking to learn about history in an exciting manner, as well as fans of Robin Campbell's previous books, *Running One Thousand Miles* and *Gallipoli Guns*.

Vikings on Lake Superior Early in the Eleventh Century Springer

Pour accomplir leur destin, s'unir est leur seule option ! Royaume de Mercie, Angleterre, an de grâce 875 De retour sur les terres que sa famille a fuies pour échapper à une horde de barbares vikings, Cynehild recherche le mystérieux jarl qui règne désormais sur son domaine afin de l'affronter. Mais ; alors qu'elle touche au but, elle découvre un homme grièvement blessé et à la mémoire vacillante. Incapable

d'abandonner à son sort le dénommé Kal Randson, Cynehild décide de veiller sur lui, le temps qu'il recouvre ses forces. Hélas, l'audacieuse Saxonne comprend vite que Kal n'est autre que le seigneur qui contrôle son domaine depuis trois ans ! Son pire ennemi...

The Battle of Maldon Fantagraphics Books

First published in 1932, as the second edition of a 1907 original, this informative and insightful book was aimed at a wide readership and was primarily intended 'to give a connected account of the successive movements of English literature, to describe the work of writers both of primary and of secondary importance, and to discuss the interaction between English and foreign literatures'. Chapter titles include, 'Old

English Christian Poetry', 'The Arthurian Legend' and 'Metrical Romances 1200-1500'. Cognate subjects are also covered and explored, such as oratory, journalism and typography. This vibrant and visionary book provides a solid historical overview and reflection on the history of the subject and effortlessly bridges the gap between all the key movements of English literature.

Capturing the excitement and intrigue of the story of English literature, this detailed and accessible book will be of considerable value to specialists and non-specialists alike.

The White Raven (The Oathsworn Series, Book 3) Troubador Publishing Ltd
Awarded a B.R.A.G Medallion for Historical Romance. The Reformed Rogues series follows the lives of three

fearsome Scottish Highland Warriors who form a bond stronger than any blood tie. It is set in 11th Century medieval Scotland during the reign of 'The Red King.' RECOMMEND READING BOOKS IN ORDER. Highland Chieftain Beiste MacGregor is a ruthlessly ambitious warrior with the viciousness of a beast. He has little interest in women beyond the bedchamber. On the order of the Red King, he reluctantly travels with his men to the Lowlands to formalize a Betrothal to a woman from clan Dunbar. He is unprepared for the troublesome but striking clan healer he meets on the way, who not only infuriates him but stirs something deep within his soul. Amelia Dunbar is a clan healer and the illegitimate daughter of the Earl of Dunbar. When she is not serving as a

companion to her half-sister, she is tirelessly attending to the sick in her clan. Amelia has plans to find her mother's people in the Highlands and is about to embark on her journey when the arrival of fearsome warriors waylays her. One warrior, they call 'the Beast,' rouses her ire and sets her heart racing at the same time. Warning: Brawny alpha males ahead and occasional historical inaccuracies. Not suitable for readers under the age of 18. It contains some mature content. Keywords - Romantic suspense, historical romance, medieval romance, Scottish Romance, Highlander Romance, middle ages romance, Ancient Times romance, royalty, clans, plaid, kilts, arranged marriage, love, romance, first in series, series book, battle, warriors, protectors,

magic, alpha males, feisty heroines, Gaelic, lowlanders, King Macbeth, King Malcolm II, Alba, Scotland, Orkneys, Jarls, reluctant bride, assassins, family, kinship, free book. Fans of the following authors are known to enjoy this Scottish Historical Romance series: Julie Garwood Michele Sinclair Diana Gabaldon Hannah Howell Donna Fletcher Maya Banks Kathryn Le Veque Mary Wine Terri Brisbin Joanna Fulford

Outposts of Globalisation Bantam

Very often, history is thought of as that lesson we suffered through at school, made into boring facts and figures rather than the rich and interesting tales that actually comprise it. In *English and British History in 100 Bite-size Chunks*, history is enlivened and broken down into readable 'chunks' that anyone can

read, and learn, at their leisure. Beginning at the beginning, with the physical formation of these lands, it ends where we are now, with our current lifestyle, government, society, beliefs, complexities, fears and hopes. It charts the development of England's characteristics through the great and the good, and ordinary men and women; those who often get the glory and those who lived lives more hidden from history's storytellers. It brings to life people, places, events and ideas; and successes and failures. This is not a story of England in splendid isolation but a more rounded picture touching on the influences from and on other places and nations, for good or bad, near and far in geography and time. *100 Bitesize Chunks* are followed by a recognition of

historic themes and some conclusions, and just a glimpse of the possible future history of a nation. A commentary on history itself, how we know, how 'history works', what we think of it, and how we care for it – or don't care for it, this book is an encouragement to study history actively through the evidence we can see and touch and interpret, in museums and in its real locations. Ideal for anyone returning to history or for an enthusiast!
Raeliksen: Book One of the Emerald Isle Trilogy Penguin UK

Offers an examination of the Viking era, using research done on salvaging ships, excavating burial mounds, and mixing 20th-century technology with 10th-century finds
