The recently retired CEO
of New Orleans City Park
shares here all the major

events that impacted the
park in the last twenty
years, from Hurricane
Katrina to COVID-19.
Located in the center of
New Orleans, the park
and its post-Katrina
recovery were essential to
the recovery of the entire
city. This striking book
with color images

recounts the experiences,
both funny and
heartbreaking, of the
board, staff, and visitors
to the park at a time of
great upheaval. Bob
Becker was a highly
visible member of the
community during his
tenure as park CEO, and
his behind-the-scenes

stories will be of interest to fans of the park as well as professional city planners, park managers, disaster recovery experts, and universities worldwide.

The fourth volume of The New Cambridge Medieval History covers the eleventh and twelfth centuries, which comprised perhaps the most dynamic period in the European middle ages. This is a history of Europe, but the continent

is interpreted widely to include the Near East and North Africa. The volume is divided into two parts of which this, the second, deals with the course of events - ecclesiastical and secular - and major developments in an age marked by the transformation of the position of the papacy in a process fuelled by a radical reformation of the church, the decline of the western and eastern empires, the rise of western kingdoms and Italian elites, and the development of

governmental structures, the beginnings of the recovery of Spain from the Moors and the establishment of western settlements in the eastern Mediterranean region in the wake of the crusades. *The New York Times Index* Cambridge University Press

When I started translating Kalki's Ponniyin Selvan in 2010, blissfully unaware of the depth and the magnitude of the work, several people tried to dissuade me. One potential publisher even lured me with an offer to translate another work of Kalki. Reason: there were already many translations around. Yes, there were. But most of them, though done with utmost sincerity, failed to create

the emotional bond with the readers which the original author had effortlessly done in the Fifties when Ponniyin Selvan was serialised in a popular magazine. I did not rush up. I did not have a target or deadline. I let the translation work progress in its own pace. That explains the six long years I spent for this project. I read and re-read the first draft a dozen times before handing it over to my editors. There were many points of contention. There were issues where we could not

reach a consensus easily. Finally the hard copy was ready for publication in 2016. The publisher had jitters and so did I. We got ready rough copies of two volumes. I gave it to two of my friends, who had read the original more than sixty times, with a mandate to read them in one go. They did and said "This is the best you can do in English." The work culminated not when the book was released by a former Central Minister in 2016, not even when it went for three editions but when an ardent fan of

Kalki sent a mail to me in 2019. "It was as if Kalki himself rendered his great work in English."
