Sarah Robinson and

her family are
shipwrecked on a
remote and mysterious
island. Their food is
scarce and there's no
sign of rescue. They
have seen strange
creatures, rescued a
mysterious girl, and

found The Curator, who has captured Sarah's father and stepbrother to use in a bizarre time-travel experiment. And then the only man who knows about the island comes back—he's looking for buried treasure and won't leave without it, even if it means leaving the Robinsons stranded. Sarah knows an important key to finding the treasure, but will she keep it a secret?

Beyond Courage

Scholastic Inc.
In the bestselling tradition of Hampton Sides's *In the Kingdom of Ice*, a "gripping adventure tale" (*The Boston Globe*) recounting Dutch polar explorer William Barents' three harrowing Arctic expeditions—the last of

which resulted in a relentlessly challenging year-long fight for survival. The human story has always been one of perseverance—often against remarkable odds. The most astonishing survival tale of all might be that of 16th-century Dutch explorer William Barents and his crew of sixteen, who ventured farther north than any Europeans before and, on their third polar exploration, lost their ship off the frozen coast of Nova Zembla to unforgiving ice. The men would spend the next year fighting off ravenous polar bears, gnawing hunger, and endless winter. In *Icebound*, Andrea Pitzer masterfully combines a gripping tale of survival with a sweeping history of the

great Age of Exploration—a time of hope, adventure, and seemingly unlimited geographic frontiers. At the story's center is William Barents, one of the 16th century's greatest navigators whose larger-than-life ambitions and obsessive quest to chart a path through the deepest, most remote regions of the Arctic ended in both tragedy and glory. Journalist Pitzer did extensive research, learning how to use four-hundred-year-old navigation equipment, setting out on three Arctic expeditions to retrace Barents's steps, and visiting replicas of Barents's ship and cabin. "A resonant meditation on human ingenuity, resilience, and hope" (The New Yorker),

Pitzer's reenactment of Barents's ill-fated journey shows us how the human body can function at twenty degrees below, the history of mutiny, the art of celestial navigation, and the intricacies of building shelters. But above all, it gives us a firsthand glimpse into the true nature of courage.

Why is he glaring at me like that? Lexie's task is to meet with renowned businessman Miles Leighton and close a deal on her father's behalf. She joins him and his other guests on a luxurious yacht only to be put off by his cold and

calculating demeanor...until the unimaginable happens, and she's thrown overboard in a sudden shipwreck! She finds herself stranded on a desert island with a newly charming and attractive Miles Leighton, who has been transformed by the amnesia he sustained in the wreck!

Shipwrecked on Mad Island Rowman & Littlefield

Reframing the American story from the vantage point of the nation's watery edges, Jamin Wells shows that disasters have not only bedeviled the American beach--they created it. Though the American beach is now one of the most commercialized, contested, and engineered places on

the planet, few people visited it or called it home at the beginning of the nineteenth century. By the twentieth century, the American beach had become the summer encampment of presidents, a common destination for millions of citizens, and the site of rapidly growing beachfront communities.

Shipwrecked tells the story of this epic transformation, arguing that coastal shipwrecks themselves changed how Americans viewed, used, and inhabited the shoreline. Drawing on a broad range of archival material--including logbooks, court cases, personal papers, government records, and cultural ephemera--Wells examines how

shipwrecks laid the groundwork for the beach tourism industry that would transform the American beach from coastal frontier to oceanfront playspace, spur substantial state and private investment alongshore, reshape popular ideas about the coast, and turn the beach into a touchstone of the American experience.

Any person who leaves the country to go to another and later returns will be put to death. This was the law in Japan in the early 1800s. When fourteen-year-old Manjiro, working on a fishing boat to help support his family, was shipwrecked three hundred miles away from his homeland, he

was heartbroken to think that he would never again be able to go home. So when an American whaling boat rescued him, Manjiro decided to do what no other Japanese person had ever done: He went to America, where he received an education and took part in events that eventually made him a hero in the Land of the Rising Sun.

Life is turbulent. On that, we can all agree. Disappointed dreams, broken relationships, identity crises, vocational hang-ups, wounds from the past—there are so many ways life can send us crashing up against the rocks. In this deeply personal book, Jonathan Martin

draws from his own stories of failure and loss to find the love that can only be discovered on the bottom. *How to Survive a Shipwreck* is an invitation to trust the goodness of God and the resilience of your soul. Jonathan's clarion call is this: No matter how hard you've fallen, no matter how much you've been hurt, help is on the way—just when you need it most. With visionary artistry and pastoral wisdom, Jonathan Martin reveals what we'll need to make it through those uncharted waters, how we can use these defining experiences to live out of our depths, and why it will then become impossible to go back to the half-life we once lived.

AN INSTANT NEW YORK TIMES BESTSELLER The "lively" (The New Yorker), "convincing" (Forbes), and "riveting pick-me-up we all need right now" (People) that proves humanity thrives in a crisis and that our innate kindness and cooperation have been the greatest factors in our long-term success as a species. If there is one belief that has united the left and the right, psychologists and philosophers, ancient thinkers and modern ones, it is the tacit assumption that humans are bad. It's a notion that drives newspaper headlines and guides the laws that shape our lives. From Machiavelli to Hobbes, Freud to Pinker, the roots of this belief have sunk deep

into Western thought. Human beings, we're taught, are by nature selfish and governed primarily by self-interest. But what if it isn't true? International bestseller Rutger Bregman provides new perspective on the past 200,000 years of human history, setting out to prove that we are hardwired for kindness, geared toward cooperation rather than competition, and more inclined to trust rather than distrust one another. In fact this instinct has a firm evolutionary basis going back to the beginning of Homo sapiens. From the real-life Lord of the Flies to the solidarity in the aftermath of the Blitz, the hidden flaws in the Stanford prison experiment to the true

story of twin brothers on opposite sides who helped Mandela end apartheid, Bregman shows us that believing in human generosity and collaboration isn't merely optimistic—it's realistic. Moreover, it has huge implications for how society functions. When we think the worst of people, it brings out the worst in our politics and economics. But if we believe in the reality of humanity's kindness and altruism, it will form the foundation for achieving true change in society, a case that Bregman makes convincingly with his signature wit, refreshing frankness, and memorable storytelling. Story of a Shipwrecked Sailor Houghton Mifflin Harcourt

Marooned in paradise with a beautiful woman... ...is surely the only way for a truly committed playboy to get shipwrecked!

Ideally, however, Rob Dalton would have chosen a slightly friendlier companion! Prickly conservationist Honor Brier clearly just wants to be left alone with her birds and turtles. Honor's had more than her fair share of heartbreak,

and the isolated island has been a perfect place to recover in peace. She has no time for accidental tourists.

Yet Rob is charming and infuriatingly attractive—his sheer passion for life is difficult to resist.

Slowly Honor is discovering that even playboys may have their good points....

In 1955, Garcia Marquez was working for *El Espectador*, a newspaper in Bogota, when in February of that year eight crew members of the *Caldas*, a Colombian destroyer, were washed overboard and disappeared. Ten days later one of them turned up, barely alive, on a deserted beach in northern Colombia.

This book, which originally appeared as a series of newspaper articles, is Garcia Marquez's account of that sailor's ordeal. Translated by Randolph Hogan.

Turtleback

An action-packed survival suspense from bestselling and award-winning author Gordon Korman. Six kids. One shipwreck. One desert island. They didn't want to be on the boat in the first place. They were sent there as punishment, or as a character-building experience. Now the adults are gone, and the quest for survival has begun.

Shipwreck at the Bottom of the World

Simon and Schuster
Golding's iconic 1954 novel, now with a new foreword by Lois

Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

Shipwreck and Struggle Zondervan

Shipwrecked: Disaster and Transformation in Homer, Shakespeare, Defoe, and the Modern World presents the first comparative study of notable literary shipwrecks from the past four thousand years, focusing on Homer's *Odyssey*, Shakespeare's *The Tempest*, and Defoe's *Robinson Crusoe*. James V. Morrison considers the historical context as well as the "triggers" (such as the 1609 Bermuda shipwreck) that inspired some of these works, and modern responses such as novels (Golding's *Lord of the Flies*, Coetzee's *Foe*, and Gordon's *First on Mars*, a science fiction version of the *Crusoe* story), movies, television (*Forbidden Planet*, *Cast Away*, and *Lost*), and the poetry

and plays of Caribbean poets Derek Walcott and Aimé Césaire. The recurrent treatment of shipwrecks in the creative arts demonstrates an enduring fascination with this archetypal scene: a shipwreck survivor confronting the elements. It is remarkable, for example, that the characters in the 2004 television show *Lost* share so many features with those from Homer's *Odyssey* and Shakespeare's *The Tempest*. For survivors who are stranded on an island for some period of time, shipwrecks often present the possibility of a change in political and social status—as well as romance and even paradise. In each of the major shipwreck narratives examined,

the poet or novelist links the castaways' arrival on a new shore with the possibility of a new sort of life. Readers will come to appreciate the shift in attitude toward the opportunities offered by shipwreck: older texts such as the *Odyssey* reveals a trajectory of returning to the previous order. In spite of enticing new temptations, Odysseus—and some of the survivors in *The Tempest*—revert to their previous lives, rejecting what many might consider paradise. Odysseus is reestablished as king; Prospero travels back to Milan. In such situations, we may more properly speak of potential transformations. In contrast, many recent shipwreck narratives

instead embrace the possibility of a new sort of existence. That even now the shipwreck theme continues to be treated, in multiple media, testifies to its long-lasting appeal to a very wide audience. *Shipwrecked on Mad Island* Penguin Fourteen-year-old Hakon goes to sea as a ship's boy in 1849, and soon finds his ship commandeered by pirates and then wrecked, leaving him stranded on an island with treasure for company. *A Hopeful History* Scholastic Inc. Volume 2 of the Palik Series, published in conjunction with the North American Jules Verne Society *Marooned With Uncle Robinson* Castaway by pirates on a deserted island Without tools or

supplies to survive. A mother and her children have only a kindly old sailor to help. But what explains the strange flora and fauna they find on the isle? The second volume in the Palik series, presented by the North American Jules Verne Society, offers another story never before published in English. Shipwrecked Family was rejected by Verne's publisher, so rather than finish it, he rewrote it with new characters. That book became the classic *The Mysterious Island* in which Captain Nemo made his last appearance. Presented here is Verne's original draft of that novel—one which is very different from the book that it eventually became. Expert translation is provided

by Sidney Kravitz, also translator of the definitive modern edition of *The Mysterious Island*. Translated by Sidney Kravitz; Introduction by Brian Taves. This series is published in conjunction with the North American Jules Verne Society, najvs.org.

The True Adventures of a Japanese Boy

Scholastic Paperbacks
Sarah Robinson is deeply troubled in the wake of her dad's second marriage. She now has to deal with a new stepmom and two stepbrothers, Marco, who is her age, and

Nacho, who's younger. Even though they've all moved from Texas to California to start life as a new, blended family, none of the kids seem remotely happy about it. Sarah's dad and stepmom then decide to take the whole family on a special vacation in order to break the ice and have everyone get to know one another. They'll fly to Tahiti, charter a boat, and go sailing for a few days. It'll be an adventure, right? Wrong. Dead wrong. Shipwreck Island is the first installment in a series from S.A. Bodeen.
