In Mary's world there are simple truths. The Sisterhood always knows best. The Guardians will protect and serve. The Unconsecrated will never relent. And you must always mind the fence

that surrounds the village; the fence that protects the village from the Forest of Hands and Teeth. But, slowly, Mary's truths are failing her. She's learning things she never wanted to know about the Sisterhood and its secrets, and the Guardians and their power. And, when the fence is breached and her world is thrown into chaos, about the Unconsecrated and their relentlessness. Now, she

must choose between her village and her future, between the one she loves and the one who loves her. And she must face the truth about the Forest of Hands and Teeth. Could there be life outside a world surrounded in so much death? [STAR] "A bleak but gripping story...Poignant and powerful."-Publishers Weekly, Starred "A postapocalyptic romance

of the first order, elegantly written from title to last line."-Scott Westerfeld, author of the Uglies series and Leviathan "Intelligent, dark, and bewitching, The Forest of Hands and Teeth transitions effortlessly between horror and beauty. Never His Mate Scholastic Inc.

Quitting her husband's house and moving back in with her horrible family, Lady Maccon becomes the scandal of the London season in the third book of the NYT bestselling *Parasol Protectorate* series. Queen Victoria dismisses her from the Shadow Council, and the only person who can explain anything, Lord

Akeldama, unexpectedly leaves town. To top it all off, Alexia is attacked by homicidal mechanical ladybugs, indicating, as only ladybugs can, the fact that all of London's vampires are now very much interested in seeing Alexia quite thoroughly dead. While Lord Maccon elects to get progressively more inebriated and Professor Lyall desperately tries to hold the Woolsey werewolf pack together, Alexia flees England for Italy in search of the mysterious Templars. Only they know

enough about the preternatural to explain her increasingly inconvenient condition, but they may be worse than the vampires -- and they're armed with pesto.!--EndFragment-- BLAMELESS is the third book of the Parasol Protectorate series: a comedy of manners set in Victorian London, full of werewolves, vampires, dirigibles, and tea-drinking. vampire. Maybe it was the Shenanigans gift certificate that put her over the edge. When children's librarian and self-professed nice girl Jane Jameson is fired by her beastly boss and handed twenty-five dollars in potato skins instead of a severance check, she goes on a bender that's sure to become Half Moon Hollow legend. On her way home, she's mistaken for a deer, shot, and left for dead. And thanks to the mysterious stranger she met while chugging neon-

colored cocktails, she wakes up with a decidedly unladylike thirst for blood. Jane is now the latest recipient of a gift basket from the Newly Undead Welcoming Committee, and her life-after-lifestyle is taking some getting used to. Her recently deceased favorite aunt is now her ghostly roommate. She has to fake breathing and endure daytime hours to avoid coming out of the coffin to her family. She's forced to forgo her favorite down-home Southern cooking for bags

 Oh, Brother! I'm watching my brother swagger through our New York City apartment. . .smiling. Rhys, the detached, surly man who turned brooding

into an art form. But he's not brooding now. No, he's practically threatening to pistol whip me for shaking hands with the beautiful, half-dressed creature named Jane who just tried to sneak out of his bedroom. Weird. Brother Grim has a sex drive? That's not all that has me freaked out. Something terrible happened last night, something that made Rhys break his own rule and save the life of a mortal. Trouble is he doesn't remember anything from the past

two hundred years. Like that he's a vampire, not a Regency viscount with an English accent. All I know is this mortal woman has managed to touch my brother's frozen heart, and I, Sebastian Young, will do whatever it takes to help him keep her. . . *What the Fang?* Broken World Publishing

Fangs for Everything (Crimebiters #4) Simon and Schuster

After my mate rejected me, I wanted to kill him. Instead, I ran away-which nearly killed me... A year ago, everything was different. I had just left my home, joining the infamous Mountainside Pack. The daughter of an omega wolf, I've always been prized-but not as prized as I would be if my new packmates found out my secret. But when my fated mate-Mountainside's Alpha-rejected me in front of his whole pack council and my secret got out, I realized I had one choice.

Going lone wolf was the only option I had, and I took it. Now I live in Muncie, hiding in plain sight. If the wolves ever left the mountains surrounding the city, I'd be in big trouble. Good thing that the truce between the vampires and my people is shaky at best and Muncie? It's total vamp territory. Thanks to my new vamp roomie, I get a pass, and I try to forget all about the call of the wolf. It's tough, though. I... I just can't forget my embarrassment-and my

anger-from that night. And then he shows up and my chance at forgetting flies out the damn window. Ryker Wolfson. He was supposed to be my fated mate, but he chose his pack over our bond. At least, he did-but now that he knows what I've been hiding, he wants me back. But doesn't he remember? I told him I'll never be his mate, and there isn't a single thing he can do to change my mind. To Ryker, that sounds like a challenge. And if there's one thing I know about wolf shifters,

it's that they can never resist a challenge. Just like I'm finding it more difficult than I should to resist him.

Trapp is sweet, innocent, and can sing like an angel. Oh, and she's also

a bloodthirsty vampire. When Maria is kicked out

of the zombie-infested abbey where she's been

residing for the past 612

years, she's forced to take

care of the family Von Trapp, a rowdy clan in need of some serious discipline... or vampirification. After Maria turns the Von Trapp children into children of the night and marries the Von Trapp patriarch, the family seems destined for eternal (really, really eternal) bliss. But the Nazi Undeath Squads are on the march, intent on ridding Europe of bloodsuckers. And Maria will have to do everything in her power—supernatural or otherwise—to save her

vampire brood. Fangs for the Memories

HarperCollins

A chilling chronicle of the often ignored history of vampirism as it has surfaced repeatedly in

news articles, historical accounts, and first person interviews, this shocking account of occultist rituals and the inhuman forces that influence them shines a light on the horrifying truth. Revealing that real vampires are not immortal, do not have fangs or sleep in coffins, and have no fear of sunlight or crucifixes, the examination dispels many myths but also confirms the truth behind several traits of real vampires, such as the insatiable thirst for blood and the dream of an eternal soul.

Complete with 30 spine-tingling tales of the hideous wraiths and creatures that lurk in shadow, this fascinating collection includes the stories of the Mexican prostitute who mesmerized an entire village, convincing them she was an Incan goddess who required human sacrifice for her magic; the three teenagers who left a trail across the South as they conducted blood-drinking rituals with animals; and the mysterious Lady in Black who draws psychic energy

from men who dare approach her as she wanders through city streets and parks.

From the author of the Charlie Joe Jackson series comes the fourth and final book in the humorous illustrated series about a boy whose new dog may or may not be a crime-fighting vampire. The CrimeBiters gang got its start with help from my crime-fighting vampire dog, Abby. But now, I'm starting to wonder if she's really a vampire at all. . . That's mystery I'm going to have to solve on my own. The rest of the

Crime-biters are pretty busy with their own stuff. Irwin's planning an epic birthday party for the ages, Baxter's worrying about his brother enlisting in the army, and Daisy is cartwheeling her way through cheerleading practice (shudder!). There's only one person I can turn to: the best vampire fiction writer that ever lived, Elroy Evans. He's coming to the nearby COM-MIX convention and I have to ask him the question that's threatening to drive a stake through my heart.

Can a dog really be a vampire?

Having inflicted the smug homes of suburbia with witches and werewolves. Esther Friesner now unleashes the undead to tap a vein of blood and humor, and drain the suburbs dry of both. Vampires and the suburbs are a match made in heaven, or maybe Levittown. Remember Dracula? He didn't run into any real problems until he took his act on the road and traveled to

the Big City. But in the suburbs, everyone is polite and respectful of their neighbors' right to privacy. And if your neighbors happen to have kids selling gift-wrap, magazine subscriptions, cookies, or other school fundraising ploys, and little Emily or Jason happen to come peddling their wares after sundown . . . Who says you have to stay in the city if you want good take-out meals delivered right to your door? There's no one quite like a vampire for saying, _All of you kids

get off of my lawn!Ó and putting some teeth into it. The stories in these pages¾by Sarah A. Hoyt, K.D. Wentworth, Dave Freer and more, including Esther Friesner herself¾will convince the reader that vampires and suburbs go together like wine and cheese, gin and tonic, desperation and housewives, marriage and pre-nups.  There's Nothing Uglier Than A Vampire Singing "Feelings" If I hadn't seen it for myself, I'd swear it couldn't be true: my brother, Christian, living in a trailer park and working at a karaoke bar. We're talking about the snob who'd probably sniff the plasma packets and send 'em back in a huff if the blood type wasn't the right vintage. But after centuries of living in the undead fastlane, he's made up his mind that this is exactly where he needs to spend the rest of

eternity, atoning for his many, many, sins. But sometimes things just don't work out like you think they will. Sometimes your hell can turn into your heaven. And thanks to Christian's chatty neighbor and boss, Jolee, things seem to be getting a whole lot nicer in Shady

Fork Mobile Estates. Not that either of them has the first idea how to have a normal relationship--we are talking about a woman's who's only dated dead-beats, and a guy who's only dated the dead. Well, nobody's perfect.
