Essays on Telugu and South Indian literature and culture by distinguished Telugu scholar Narayana Rao. Velcheru Narayana Rao's contribution to understanding Indian cultural history, literary production, and intellectual life—specifically from the vantage of the Andhra region—has few parallels. He is one of the very rare scholars to be able to reflect magisterially on the precolonial and colonial periods. He moves easily between Sanskrit and the vernacular traditions, and between the worlds of orality and script. This is because of his mastery of the "classical" Telugu tradition. As Sanjay Subrahmanyam puts it in his Introduction, "To command nearly a thousand years of a literary tradition is no small feat, but more important still is VNR's ability constantly to offer fresh readings and provocative frameworks for interpretation." The essays and reflections in *Text and Tradition in South India* bring together the diverse and foundational contributions made by Narayana Rao to the rewriting of India's cultural and literary history. The book is for anyone interested in the history of Indian ideas, the social and cultural history of South India, and the massive intellectual traditions of the subcontinent. Velcheru Narayana Rao is Visweswara Rao and Sita Koppaka Professor in Telugu Culture, Literature, and History at Emory University. His many books include a translation (with David Shulman) of Piṅgaḷi Sūranna's *The Demon's*

Daughter: A Love Story from South India, also published by SUNY Press, and Textures of Time: Writing History in South India 1600–1800 (coauthored with David Shulman and Sanjay Subrahmanyam).

*The Indian Way Of Life* Phoenix

India's population of 1.2 billion is as varied and colorful as the spice markets of Old Delhi. Each region, caste, and community has its own culture, reflecting unique histories shaped by conquest, creativity, and religion, expressed in distinct languages, social customs, art forms, and expectations of life. Despite enormous recent political and economic change, in many ways India remains the same—a total sensory experience. The chaos and beauty of color and sound, the language shifts every ten miles, the household variations of spicy and sharp, sweet and sour, the insistent smells of everyday life lived very much in public, and the invasion of personal space will challenge the most experienced traveler. But it is in surrendering to your senses that you begin to embrace the essence of India and to understand its people. Indians live with paradox. Proud traditions and patriotism commingle with tensions and prejudices rooted in age-old rivalries. Ancient temples may be plastered with signs advertising the latest technologies. The rapid urbanization of the last century has given rise to burgeoning slums and an affluent middle class that was nonexistent a few decades ago. Steeped in tradition, exceptionally fatalistic, and intensely passionate about their culture, the Indians are an ingenious, adventurous, and creative people. Show interest in their country and most will respond with genuine warmth and friendship. But they also have indelible ties to family and

community that form boundaries and determine decisions that may not always seem reasonable, or sometimes even ethical, to outsiders. Culture Smart! India will make you aware of basic values and behavioral norms, show you how to navigate cultural differences and connect with real people, and offer invaluable insights into this great, endlessly fascinating land.
