OpenCart - Features

Getting Started With
OpenCart

ModuleOpenCart

functionality, look and
feel are all controlled
by modules and
themes. The final step
to get started with
OpenCart is to check
your Extensions >
Modules page to
ensure the
functionality you want
is enabled. The default
banners can be
modified under System
> Banners, or removed
via the Slideshow
module at this point.
You can also choose

other modules that you
wish to display, and
the pages you wish to
display them. Getting
Started - OpenCart
DocumentationGetting
Started with OpenCart
Module Development
gives you step-by-step
explanations and
illustrations on how to
clone, customize, and
develop modules and
pages with OpenCart.
This book shows you
how to create custom
OpenCart modules and
pages which are
needed as per the
requirements of the
clients to manage
custom
data. Amazon.com:
