This series contains many illustrations, interesting games, songs and other activities through which the teacher in the classroom can catch the attention and establish the needs of the active pupil, so that they can both learn and enjoy Afrikaans.

Asem Shambhala Publications

Providing plenty of practice questions for children to work through, this Maths skills book helps to build confidence and improve Maths skills at Key Stage 2. Children can use this book at home for SATS revision, and to build on topics covered in the classroom. Written by educational experts, this Maths skills book saves time with ready-to-practice questions that comprehensively cover the basics of addition, subtraction, multiplication and division for KS2 Maths. Packed with engaging pictures and clear practice questions, this handy study guide gives a strong foundation in Maths for Key Stage 2. It builds on the Maths skills learnt in Book 1. Content includes: lots of practice in number and money (addition, subtraction, multiplication, division), time (o'clock, 1/2 past, 1/4 past/to, minutes past and to, calendar), simple fractions (1/2, 1/4), simple graphs, length (cm and 1/2 cm) and mass (g and kg).

Study and Master Geography Grade 10 CAPS Study Guide Penguin UK

"e;Saam met Berigte uit die Dorsland het die historikus se dogter, Margaretha Schaefer, ook Meer oor P.J. van der Merwe saamgestel. Dit vorm as't ware 'n tweeluis. Baie interessant is onder meer koerantberigte oor Van der Merwe se openbare optredes in 1940 terwyl die Tweede Wereldoorlog gewoed het. Hy

was toe nog nie 30 jaar oud nie en het pas teruggekeer van Nederland waar hy sy doktors studies afgehandel het ... In die bundel is verskeie resensies opgeneem wat Van der Merwe oor leidende historici se werk geskryf het. Dit sluit ook in evaluasies van ander historici van sy werk en van die dosente in die Geskiedenis-departement aan die U.S., waarvan hy van 1955 tot 1977 die effektiewe hoof was ... 'n Opstel deur F.A. van Jaarsveld, waarin hy Van der Merwe en sy werk ontleed, is een van die mees uitstaande bydraes van hierdie historikus. Dit is egter die essay getitel *Trek*, deur die Australiese historikus W.K. Hancock, wat in die tydskrif, *The Economic History Review*, gepubliseer is, wat beter as alle ander pogings slaag om die unieke bydrae van Van der Merwe tot die Suid-Afrikaanse historiografie te beskryf en te ontleed."e; - Hemann Giliomee

Origins of the Cold War 1941-1949

covers the formative years of the momentous struggle which developed between two superpowers, the Soviet Union and the United States. It not only involved these titans but also the rest of the globe; many proxy wars were fought much to the detriment of the developing world. In a clear, concise manner, this book explains how the Cold War originated and developed between 1941 and 1949. The fourth edition is revised, updated and expanded to include new material on topics such as the culture wars and Stalin's view of Marxism. The introduction looks at the various approaches which have been adopted to analyse the Cold War and the challenges to arrive at a theory which can explain it. The book explores questions such as: - Who was responsible for the Cold War? -

Was it inevitable or could it have been avoided? - Was Stalin genuinely interested in a post-war agreement? Illustrated with maps and figures and containing a chronology and who's who of key individuals, *Origins of the Cold War 1941-1949* incorporates the most recent scholarship, theories and information to provide students with an invaluable introduction to a fascinating period that shaped today's world.

Farthest North Collins Educational

The SALRM 2011 provides a rich source of information on a range of language-related subjects. A prominent issue remains the changing of street and place names, including the Pretoria/Tshwane and Louis Trichardt/Makhado sagas. Language in education remains a thorny issue; as medium of instruction at school and tertiary level, and the proposal that passing an African language should be a requirement in order to obtain a tertiary degree in South Africa. In terms of language legislation, the draft version of the National Language Act was proposed. The language of record in courts also received attention in the media.

Kaaipstad word deur 'n reeksmoordenaar geteister. Die Romeo-en-Juliet-moordenaar se slagoffers is almal tieners. Verliefde paartjies... En almal word op dieselfde manier gevind.
We're Not All Like that Routledge
In September of 1893, Norwegian zoologist Fridtjof Nansen and a crew manned the schooner Fram, intending to drift, frozen in the Arctic pack-ice, to the North Pole. When it became clear that they would miss the pole, Nansen and his companion Hjalmar Johansen struck off by themselves. Racing the shrinking pack-ice, they attempted, by dog-sled, to go "farthest north." They survived a

winter in a moss hut eating walrus and polar bears, and the public assumed they were dead. In the spring of 1896, after three years of trekking, and having made it to within four degrees of the pole, they returned to safety. Nansen's narrative stands with the best writing on polar exploration.

A NEW YORK TIMES NOTABLE BOOK OF 2020 After The Childhood of Jesus and The Schooldays of Jesus, the Nobel Prize-winning author completes his haunting trilogy with a new masterwork, *The Death of Jesus* In *Estrella*, David has grown to be a tall ten-year-old who is a natural at soccer, and loves kicking a ball around with his friends. His father Simón and Bolívar the dog usually watch while his mother Inés now works in a fashion boutique. David still asks many questions, challenging his parents, and any authority figure in his life. In dancing class at the Academy of Music he dances as he chooses. He refuses to do sums and will not read any books except *Don Quixote*. One day Julio Fabricante, the director of a nearby orphanage, invites David and his friends to form a proper soccer team. David decides he will leave Simón and Inés to live with Julio, but before long he succumbs to a mysterious illness. In *The Death of Jesus*, J. M. Coetzee continues to explore the meaning of a world empty of memory but brimming with questions.

Education bulletin We're Not All Like that Children are often entertained by things that are disgusting and absurd. They will regularly seek this kind of material, so it is nice to have books that expose them

to this stuff in a harmless fashion. The humorous value is endless, and kids inadvertently learn some science while reading. Ultimately, these publications use shocking images to elicit laughter and education.

The Blank Canvas AFRICAN SUN MeDIA
The Book of Squares by Fibonacci is a gem in the mathematical literature and one of the most important mathematical treatises written in the Middle Ages. It is a collection of theorems on indeterminate analysis and equations of second degree which yield, among other results, a solution to a problem proposed by Master John of Palermo to Leonardo at the Court of Frederick II. The book was dedicated and presented to the Emperor at Pisa in 1225. Dating back to the 13th century the book exhibits the early and continued fascination of men with our number system and the relationship among numbers with special properties such as prime numbers, squares, and odd numbers. The faithful translation into modern English and the commentary by the translator make this book accessible to professional mathematicians and amateurs who have always been intrigued by the lure of our number system.

Origins of the Cold War 1941-1949

Cambridge University Press

A child wanders too far into the Knysna Forest ... he never returns. Nine years later government officials working on a census find a white child living with a Coloured family in the mountains beyond the forest. They take him away from the stricken Fielia, who has brought him up as her son, and give him back to his 'original' family. Stunned and helpless, Benjamin waits for Fielia to reclaim him. But, powerless against authority, Fielia never comes. Benjamin has to grow up before he can go in search of the truth ...

Blood Stone Collins Practice in the Basic Skills

Nico se pa is 'n uitvinder. Hy het al baie vreemde dinge ontwerp... Haarjel wat van kleur verander. 'n Stoel wat jou kielie as jy aan die slaap raak. Selfs sandale wat jou toonnaels knip! Maar sy nuutste uitvinding is die heel beste...
Cambridge IGCSE Geography UJ Press Set in South Africa, MindF**k is a powerful, disturbing, and at times frightening story. Chris Burns, and his friends - Kerbs and Sky Eyes - take to the road, heading for the MindF**k rock festival. Along the way they pick up the gorgeous Partygirl. Burns and Partygirl connect immediately. But on the first night, while the rockmusic blasts from the stage, something unexpected happens - Burns's world gets turned on its head as one of the boys emerges from the tent with blood on his hands. MindF**k is a real page-turner. The gripping, character-focused, first-person narrative delves right to the heart of a life on-the-edge and virtually out of control. Gritty, hard-hitting, and often shocking, it is packed with drama, emotion, suspense and intrigue from one page to the next. And there is a serious sting in the tail. MindF**k is part of the Cutting Edge series: fast-paced, quick reads for teens and young adults looking for fiction which chimes with their perspective on life. Mindf**k is a title in the highly contemporary Cutting Edge fiction series for young adults. The series features fast-paced quick reads. Each book focuses on difficult topics and situations that many teenagers will have experienced first-hand or through friends. Cutting Edge is ideal for readers aged 14+ with a reading age of 12+. *South African Language Rights Monitor 2011 / Suid-Afrikaanse Taalregtemonitor 2011* Van Schaik

A wide-ranging guide to language and society in South Africa. The book surveys the most important language groupings in the region in terms of wider socio-historical processes; contact between the different language varieties; language and public policy issues associated with post-apartheid society and its eleven official languages.

Seeing Sense Penguin Random House South Africa

Debbie Bliss is now the star name in knitwear design and is set to become an even bigger name - she now has her own yarn range, available throughout the UK, North America, Europe, Japan and beyond. Debbie's many previous bestselling books have established her as the most stylish but accessible designer of children's knits working today. In this book, she returns to her core territory, with a fabulous new collection of new ideas for 0-3 year olds, the key time when knitters pick up their needles and get to work. There are designs for baby blankets, first sweaters and cardigans, bootees and more unusual items, as well as lots of ideas for ultra-wearable, ultra-stylish kit for

toddlers. To help even inexperienced knitters create these designs, each pattern includes extra info on the key stitches and techniques required, watchpoints and an estimated degree of difficulty and time required to knit it. All in all, an absolutely must-have collection from the star designer in knitwear today.
