Cinema Studies: The Key Concepts Random House

Galliano: Spectacular Fashion is the first detailed guide to the work of one of fashion's greatest talents. Though the designer's otherwise glittering career has been punctured by years out of the limelight, his catalogue of work remains astonishing. Written by internationally renowned fashion expert Kerry Taylor, this beautifully illustrated and meticulously researched book looks in depth at John Galliano's collections from his 1984 graduate show at Saint Martins to his triumphant renaissance at Maison Margiela in 2015. With never-before-seen images of rare designs from

private couture archives, close ups revealing the intricacies of garments, and iconic runway shots showing the designer's most innovative creations in motion, this visually rich book examines his revolutionary designs in unprecedented depth. In addition, original interviews with the designer as well as the people who worked closely with him throughout his career shed new light on both the clothes and the context in which they were created. A must-have for fashion lovers, collectors and researchers alike, Galliano: Spectacular Fashion is the ultimate overview of the work of a design genius.

From apple pie to baklava, cannoli to gulab jamun, sweet treats have universal appeal in countries around the world. This encyclopedia provides a comprehensive look at global dessert culture. Few things represent a culture as well as food. Because sweets are universal foods, they are the perfect basis for a comparative study of the intersection of history, geography, social class, religion, politics, and other key aspects of life. With that in mind, this encyclopedia surveys nearly 100 countries, examining their characteristic sweet treats from an anthropological perspective. It offers historical context on what sweets are popular where and why and emphasizes the cross-cultural insights those sweets present. The reference opens with an overview of general trends in desserts and sweet treats. Entries organized by country and region describe cultural attributes of local desserts, how and when sweets are enjoyed, and any ingredients that are iconic. Several popular desserts are discussed within each entry including information on their history, their importance, and regional/cultural variations on preparation. An appendix of recipes provides instructions on how to make many of the dishes, whether for school projects or general entertaining.

Dustbin Baby Bloomsbury Publishing

Once enthroned as a major international filmmaker, Carol Reed has long since been banished to a musty corner of movie history. To dust off his work, however, is to discover a dazzling body of films, a canon as remarkable for its diversity as its quality. Building his case, film by film, Robert Moss argues persuasively for a reassessment of this gifted artist, claiming a place for him in the ranks of the world's greatest directors.

The Fairy Doll & Other Tales from the Dolls' House Little, Brown Books for Young Readers

Ellie has a boyfriend! And he's really, truly interested in her - not in her best friends, Magda and Nadine! She and oh-so-gorgeous Russell have so much in common - Ellie knows they're made for each other. If only Dad thought so too . . . While Ellie tries her best to cope with Dad's totally unreasonable curfew, Magda's dealing with her crush on a teacher - and Nadine's falling for slimy Liam again. What they need is a girls' night out - but they might get a little more than they bargained for . . .

The Longest Whale Song Delacorte Press

Before the Baudelaires became orphans, before he encountered A Series of Unfortunate Events, even before the invention of Netflix, Lemony Snicket was a boy discovering the mysteries of the world. I should have asked the question "How could someone

who was missing be in two places at once?" Instead, I asked the wrong question -- four wrong questions, more or less. This is the account of the second. In the fading town of Stain'd-by-the-Sea, young apprentice Lemony Snicket has a new case to solve when he and his chaperone are hired to find a missing girl. Is the girl a runaway? Or was she kidnapped? Was she seen last at the grocery store? Or could she have stopped at the diner? Is it really any of your business? These are All The Wrong Questions.
