What Women Want in a Man John Hunt Publishing
Have you ever dreamt of becoming an infallible seducer of women? This book tells you everything you need to know, courtesy of the world's only major female PUA (pick-up artist), Kezia Noble! Unknown until a couple of years ago, Kezia was approached by the organisers to attend a PUA class meeting. She gave it to the other attendees straight, not caring if she offended anyone; the men took it on the chin and took her constructive criticisms on board. Within days and weeks they were trying out her suggested techniques and starting to become more

successful with women. Kezia returned to the PUA classes and started to make a name for herself. Kezia Noble is the first woman to offer the aspiring pick-up artist advice on how to attract women from a woman's point of view. She now runs many classes and a workshop, and even produces corporate videos on the chemistry of attracting women. Now, in answer to requests from her students, Kezia has written a book on the 15 steps to becoming a master seducer - which will also prove an invaluable aid to men who cannot afford her classes, who work too far away or don't have enough time. The Noble Art of Seducing Women is the first and only sure-fire pick-up guide to be written by a woman. It has the potential to transform a lonely man into someone who need never be single again . . . unless, of course, he wants to be. Kezia Noble works with her students instead of belittling them. As a sensitive and intelligent young woman, she is becoming known as the best PUA in the business...

This classic work on the rules of sex -- updated for a new generation -- is still as provocative as the day it was published, providing simple explanations for any and all questions about what happens in the bedroom. Sex isn't as complicated as we make it. In Sperm Wars, evolutionary biologist Robin Baker argues

that every question about human sexuality can be explained by one simple thing: sperm warfare. In the interest of promoting competition between sperm to fertilize the same egg, evolution has built men to conquer and monopolize women while women are built to seek the best genetic input on offer from potential sexual partners. Baker reveals, through a series of provocative fictional scene, the far-reaching implications of sperm competition. 10% of children are not fathered by their "fathers;" over 99% of a man's sperm exists simply to fight off all other men's sperm; and a woman is far more likely to conceive through a casual fling than through sex with her regular partner. From infidelity, to homosexuality, to the female orgasm, Sperm Wars turns on every light in the bedroom. Now with new material reflecting the latest research on sperm warfare, this milestone of popular science will still surprise, entertain, and even shock.

When the Awaken Virus hit humanity, men became ravenous, uncontrollable beasts. They wrought destruction across the globe - now the humans who remain live in constant fear. Mallory As a reporter, I've seen firsthand what the Awaken virus does to people you love, turning them into mindless beasts intent on violence. That's why I'm staying safe inside my apartment. Women are getting kidnapped right off the streets in broad daylight. Rumors say there's a group of Awakened living under New York, and they're responsible for the disappearances. The old me would have sniffed out that story, but post-apocalypse Mal is too scared to go digging for clues. Life apparently has other plans for me, however - cue an Awakened showing up at my damn door. He's huge, imposing, with piercing gray eyes like a thunderstorm, and a mouth he insists he *needs* to put on me. He also claims they aren't all the destructive beasts I've seen on the news. I'm not sure what to believe. When the captivating "enforcer" asks me to live in his compound for two weeks and report to the rest of the world how normal the men really are, I surprise us both by accepting his strange invitation. I shouldn't have said yes, so why did I agree? My presence digs up something dark and primal in him though, and I'm terrified to find out if I'm his salvation, or

complete downfall. The Alpha Awakens is the first book in the Alpha Compound series, by Anna Fury. This dystopian omegaverse romance features a snarky heroine and broken alpha finding their own HEA.

From Beta to Alpha: Reclaim Your Masculinity and Become the Confident Leader of the Pack You've Always Wanted to Be. How

many romantic dates, job promotions, or hidden dreams have you missed and wasted the opportunity to act on because you were afraid of failing? How many times have you watched someone achieve what you've always wanted and felt that terrible pang of jealousy and self-pity? No one is born confident, assertive, and fearless. Our levels of self-esteem are constantly changing throughout our lives. Numerous factors decide which way the scale will tip--upbringing, physical appearance, and previous experiences, to name a few. But when it comes to confidence and success, the most important, decisive factor is YOU. No one is born confident. But anyone can become confident. The term "Alpha male" has been misused so many times, people now connect it with the image of arrogant, testosterone-fueled bodybuilders. But the real Alpha men are, in reality, nothing like that. They are assertive but kind. Confident, but aware of their flaws. They project masculinity with their actions and words, not muscles. They know how to stand up for themselves without being aggressive. But most importantly, they go straight for what they want. Yes, they sometimes fail, but they stand right up, brush off, and face the next challenge with the same vigor and determination. They were not born like that. They discovered how to become like that. In *The Modern Alpha Male*, you'll too discover everything they already know, including: How to adopt the traits of real Alpha men and face any situation with confidence and strength Why being "the nice guy" has brought you more damage than good and hindered your confidence The power of assertiveness, and how embracing it can drastically change your romantic and professional life How to use the Law of Attraction to get what you want every time, with only the power of your mind How to reclaim your masculinity, and dominate every other man in the room with nothing but your presence Mistakes you've been unconsciously making that have been undermining your confidence How to build leadership skills and never feel like a submissive Beta again And much more. Being the Alpha male has nothing to do with physical appearance. You don't need huge biceps to get respect in a room or get the girl. Alphas succeed because they know how to succeed. They use their heads, not muscles, to claim what they want. Being an Alpha is a state of mind, and nothing is stopping you to become one yourself. "The Beta Male Revolution is for men in the 21st Century what Feminism was for women in the 1960s and 1970s" says Author and Professional Dating Coach Alan Roger Currie in his latest book. Most men don't want to remain 'just friends' with women. Men want either sex only from women, or a combination of sexual companionship and non-sexual companionship. Unlike men, women have as many as FOUR types of men they want to spend time with: - Men who women only want to spend time with for sexual enjoyment and satisfaction: These are 'Total Alpha males' - Men who women only want to spend time with for a combination of sexual companionship and non-sexual companionship. These are 'Alpha males with a few Beta traits and tendencies' - Men who women want to spend time with primarily for the benefit of entertaining conversation, enjoyable social companionship, and financial assistance and support. These are 'Beta males with a few Alpha traits and tendencies' - Men who women only want to spend time with for strictly platonic friendship, flattery, and to have men provide them with an 'empathetic listening ear' when they are feeling bored, frustrated, or depressed. These are 'Total Beta males' Many women socially interact exclusively with Alpha male types between the ages of 18 and 29, and then begin looking for a nice, sweet, polite, monogamy-oriented Beta male type for marriage once they reach the age of 30. Well, the Beta male types are tired of this routine, and they are now avoiding proposing to marriage to women who they perceive as "Alpha male leftovers." Beta males are now well aware that the vast majority of women want to spend time with Alpha males for sexual enjoyment and satisfaction. They are also well aware that most women want to spend time with Beta males for platonic friendship, financial favors, and entertaining conversation. The Beta Male Revolution is a brutally honest assessment of where we as a society have been, where we are now, and where we are headed regarding the state of dating, long-term romantic relationships, marriage, and monogamy vs. promiscuity vs. polyamory. Women can also learn from this book because Currie explains just why men pursue some women for short-term non-monogamous 'casual' sex only, while they pursue other totally different women for long-term romantic relationships and

marriage. Purchase this book right now and be educated and enlightened. You are guaranteed to have a better understanding of the manner in which the mind of the opposite sex works, and why men and women gravitate toward the type of romantic companions and sexual companions that they do after reading this book. This book will be talked about for years to come.

The Unplugged Alpha Alan Roger Currie

American society has become anti-male. Men are sensing the backlash and are consciously and unconsciously going "on strike." They are dropping out of college, leaving the workforce and avoiding marriage and fatherhood at alarming rates. The trend is so pronounced that a number of books have been written about this "man-child" phenomenon, concluding that men have taken a vacation from responsibility simply because they can. But why should men participate in a system that seems to be increasingly stacked against them? As *Men on Strike* demonstrates, men aren't dropping out because they are stuck in arrested development. They are instead acting rationally in response to the lack of incentives society offers them to be responsible fathers, husbands and providers. In addition, men are going on strike, either consciously or unconsciously, because they do not want to be injured by the myriad of laws, attitudes and hostility against them for the crime of happening to be male in the twenty-first century. Men are starting to fight back against the backlash. *Men on Strike* explains their battle cry.

Be More Happy, Get Better with Women, Make More Money, Live More Free: the Alpha Male 2.0 Katie Reus Dating Essentials for Men is the "un-pickup" guide to dating success. If you struggle with dating, welcome to the club. Dating is not in our human DNA and ninety-eight percent of all men struggle with its most basic aspects. This struggle is often fueled

by the fear of: Doing something wrong. Looking foolish. Getting rejected. Becoming a #MeToo casualty. Getting into a crappy relationship with no escape. These fears typically manifest in playing it safe and doing nothing at all, or at best, in clumsy, ineffective attempts at approach. The all-too-common outcome of repeated failure leaves many men feeling frustrated, defective, unlovable - even resentful. For most of his life, Dr. Glover, the author of the groundbreaking No More Mr. Nice Guy, was what he calls a "bad dater." He assumed the women he wanted were not interested in him. He believed that women disliked sex and thought men who wanted sex were bad. When he did get a girlfriend by practicing what he calls "Nice Guy Seduction," he typically hung on way too long for fear of having to enter the dating world all over again. But this all changed when he got divorced in his mid-forties. Dr. Glover decided to approach dating as if it were a scientific experiment. To his surprise, he quickly

found that talking with women, getting numbers, and getting laid was nowhere as difficult as he had thought. He often wondered what planet he had landed on. Dating Essentials for Men was born of this experiment. Dr. Glover has since taught thousands of men how to interact confidently with women and find the love and sex they have been seeking. Are you ready to let go of the games, the tricks, the seduction, the pickup, the negs, the cocky-funny routines, the buying women drinks, the volunteering to help their sister move? Do you want to learn how to create the kind of authentic attraction that naturally brings women to you? If so, Dating Essentials for Men is the only dating guide you will ever need. Upon publication, Dating Essentials for Men hit such a nerve for single men that it became an instant Amazon #1 New Release - quite simply because it contains the best dating advice for men available. It is overflowing with tested, proven information that

will help you: Identify your goals for dating - and achieve them. Face your fears and soothe your anxiety. Overcome your fear of rejection. Develop a powerful inner game. Talk to women with confidence. Know when a woman is interested in you and when she is not. Understand what women want in a man. Create powerful sexual polarity. Stay out of the friend zone. Effectively flirt and banter. Pass women's shit tests. As you practice the principles presented in Dating Essentials for Men, you will also be working on essential life skills. You will learn how to: Overcome self-limiting beliefs. Embrace your masculinity. Overcome shyness and social anxiety. Let go of attachment to outcome. Overcome your fear of rejection. Create healthy boundaries. If you are ready to expand every area of your life, become a social animal, find love and sex, and regularly wonder what planet you have landed on - Dating Essentials for Men is the only dating guide you will ever need.
