DOMINIK SAWYER

Blank Sheet Music Notebook University of Texas Press
 ""Oklahoma! premiered on Broadway on 31 March 1943 under the auspices of the Theatre Guild, and today it is performed more frequently than any other Rodgers and Hammerstein musical. When this book was first published in 2007, it offered the first fully documented history of the making of the show based on archival materials, manuscripts, journalism, and other sources. The present revised edition draws still further on newly uncovered sources to provide an even clearer

account of a work that many have claimed fundamentally changed Broadway musical theater. It is filled with rich and fascinating details about the play on which Oklahoma! was based (Lynn Riggs's *Green Grow the Lilacs*); on what encouraged Theresa Helburn and Lawrence Langner of the Guild to bring Rodgers and Hammerstein together for their first collaboration; on how Rouben Mamoulian and Agnes de Mille became the director and choreographer; on the drafts and revisions that led the show toward its final shape; and on the rehearsals and tryouts that brought it to fruition. It also examines the lofty aspirations and the mythmaking that surrounded Oklahoma! from its very inception, and demonstrates just what

made it part of its times.""--

Mandolin Indiana University Press
When record men first traveled from Chicago or invited musicians to studios in New York, these entrepreneurs had no conception how their technology would change the dynamics of what constituted a musical performance. 78 Blues: *Folksongs and Phonographs in the American South* covers a revolution in artist performance and audience perception through close examination of hundreds of key "hillbilly" and "race" records released between the 1920s and World War II. In the postwar period, regional strains recorded on pioneering 78 r.p.m. discs exploded into urban blues and R&B, honky-tonk and western swing, gospel, soul, and rock 'n' roll. These old-time records preserve the work of some of America's greatest musical geniuses such as Jimmie Rodgers, Robert Johnson, Charlie Poole, and Blind Lemon Jefferson. They are also crucial mile markers in the course of American popular music and the growth of the modern recording industry. When these records first circulated, the very notion of recorded music was still a novelty. All music had been created live and tied to particular, intimate occasions. How were listeners to understand an impersonal technology like the phonograph record as a musical event? How could they reconcile firsthand interactions and traditional customs with technological innovations and mass media? The records themselves, several hundred of which are explored fully in this book, offer answers in scores of spoken commentaries and skits, in song lyrics and

monologues, or other more subtle means. *Piano & Keyboard All-in-One For Dummies* Scarecrow Press

The Bloomsbury Encyclopedia of Popular Music Volume 1 provides an overview of media, industry, and technology and its relationship to popular music. In 500 entries by 130 contributors from around the world, the volume explores the topic in two parts: Part I: Social and Cultural Dimensions, covers the social phenomena of relevance to the practice of popular music and Part II: The Industry, covers all aspects of the popular music industry, such as copyright, instrumental manufacture, management and marketing, record corporations, studios, companies, and labels. Entries include bibliographies, discographies and filmographies, and an extensive index is provided.

The complex world of online piracy and peer-to-peer file sharing is skillfully condensed into an easy-to-understand guide that provides insight into the criminal justice approach to illegal file sharing, while offering guidance to parents and students who have concerns about potential legal action in response to file-sharing activities. Oftentimes, those providing access to computers and file sharing capabilities—parents, schools, libraries—don't know about or understand digital piracy and, therefore, put themselves and their families and institutions at risk for criminal and civil prosecution. *Understanding Online Piracy: The Truth about Illegal File Sharing* describes the technological, legal, social, and ethical facets of illegal peer-to-peer (P2P) file sharing. Geared toward parents, teachers, librarians, and to computer users engaged in file sharing, this book will help readers understand all forms of traditional and digital copyright violations of protected music, movies, and software. Oftentimes, those providing access to computers and file sharing capabilities—parents, schools, libraries—don't know about or understand digital piracy and, therefore, put

Geared toward parents, teachers, librarians, and to computer users engaged in file sharing, this book will help readers understand all forms of traditional and digital copyright violations of protected music, movies, and software.

Folksongs and Phonographs in the American South Profile Books

In 1702, after the brutal suppression of a Zapotec revolt, the bishop of Oaxaca proclaimed an amnesty for idolatry in exchange for collective confessions. To evade conflict, Northern Zapotec communities denounced ritual specialists and surrendered sacred songs and 102 divinatory manuals, which preserve cosmological accounts, exchanges with divine beings, and protocols of pre-Columbian origin that strongly resemble sections of the Codex Borgia. These texts were sent to Spain as evidence of failed Dominican evangelization efforts, and there they remained, in oblivion, until the 1960s. In this book, David Tavárez dives deep into this formidable archive of ritual and divinatory manuals, the largest calendar corpus in the colonial Americas, and emerges with a rich understanding of Indigenous social and cultural history, Mesoamerican theories of cosmos and time, and Zapotec ancestor worship. Drawing on his knowledge of Zapotec and Nahuatl, two decades of archival research, and a decade of fieldwork, Tavárez dissects Mesoamerican calendars as well as Native resistance and accommodation to the colonial conquest of time, while also addressing entangled transatlantic histories and shining new light on texts still connected to contemporary observances in Zapotec communities.

The House of Zondervan Alfred Publishing Company

What is the soundtrack for a nuclear war? During the Cold War, over 500 songs were written about nuclear weapons, fear of the Soviet Union, civil defense, bomb shelters, McCarthyism, uranium mining, the space race, espionage, the Berlin Wall, and glasnost. This music uncovers aspects of these world-changing events that documentaries and history books cannot. In *Atomic Tunes*, Tim and Joanna Smolko explore everything from the serious to the comical, the morbid to the crude, showing the widespread concern among musicians coping with the effect of communism on American society and the threat of a nuclear conflict of global proportions. *Atomic Tunes* presents a musical history of

the Cold War, analyzing the songs that capture the fear of those who lived under the shadow of Stalin, Sputnik, mushroom clouds, and missiles.

Popular Music in America: The Beat Goes On Zondervan

The Encyclopedia of Great Popular Song Recordings, Volumes 1 and 2 covers the full range of popular music recordings with virtually unprecedented breadth and depth. In this 2-volume encyclopedia, Sullivan explores approximately 1,000 song recordings from 1889 to the present, telling the stories behind the songs, recordings, performers, and songwriters. From the Victorian parlor ballad and ragtime hit at the end of the 19th century to today's rock classics, the Encyclopedia progresses through a parade popular music styles, from jazz to blues to country Western, as well as the important but too often neglected genres of ethnic and world music, gospel, and traditional folk. This book is the ideal research tool for lovers of popular music in all its glorious variety.

The Musician Univ. Press of Mississippi Sixty of the best songs of the early rock era, all chosen from Rolling Stone magazine's 500 Greatest Songs of All Time list. The songs are from the 1950s to the '60s, arranged for piano/vocal/chords. Many of these great songs were previously available only as "old-time" sheet music editions that did not accurately portray the classic recordings that made them famous. In preparing this songbook, Alfred Music took great care to revisit those recordings, replacing incorrect arrangements with new ones that allow pianists and singers to perform the songs in the style that landed them on the Rolling Stone 500. Also available: Rolling Stone Sheet Music Classics, Volume 2: 1970s--1990s. Similar editions are available arranged for easy guitar TAB, wind, and string instruments. Songs vary per instrument. Titles: * All Along the Watchtower * All I Have to Do Is Dream * Be-Bop-A-Lula * Blowin' in the Wind * Blueberry Hill * Both Sides Now * The Boxer * Brown Eyed Girl * Crazy * Crying * Earth Angel * Eight Miles High * Everyday People * For What It's Worth * Gimme Shelter * Gimme Some Lovin' * Gloria * Good Vibrations * Great Balls of Fire * (Your Love Keeps Lifting Me) Higher and Higher * Hit the Road Jack * Honky Tonk Women * Hoochie Coochie Man * Hound Dog * House of the Rising Sun * I Can See for Miles * I Want To Hold Your Hand * Jumpin' Jack Flash * The Letter * Like a Rolling Stone * Mr. Tambourine Man * Mustang Sally * My Generation * My Girl * The Night They Drove Old Dixie Down * Paint It Black * People Get Ready * Piece of My Heart * Respect * Rock Around the Clock * Ruby Tuesday * Runaway * (I Can't Get No) Satisfaction * Save the Last Dance for Me * Soul Man * Sound of Silence * Stand By Me * Summertime Blues * Sunshine of Your Love * Sympathy for the Devil * Times They Are A-Changin' * The Weight * What'd I Say * When a Man Loves a Woman * Whipping Post * White Room * A Whiter Shade of Pale * Whole Lotta Shakin' Goin On * You Can't Always Get What You Want * You Send Me *Eudora Welty: Stories, Essays, & Memoirs (LOA #102)* Oxford University Press, USA

Action, African greats, alcohol, Robert Aldrich, aliens, Woody Allen, Pedro Almodovar, Robert Altman, animated, anime, apocalypses, Argentina, art, Asia minor, avant garde... And that's just A for you. A taste of this fabulously quirky and enjoyable book which is both a celebration of movies - and movie trivia - and a handy, entertaining guide to films that we know you will enjoy. It is fantastically functional. The lists are well conceived and easy to understand - mostly assembled by genre, actor, director, theme or country of origin - and the reviews are witty and informative. Oddly enough, most movie guides are not full of recommendations. But *Movie Lists* is, in spades, leaving readers in no doubt that the films reviewed are the business. Oh - and you don't have to watch them all before you die. There is no premise of death in this book. You just need to get down to the local Blockbusters or flick your remote to Movies on Demand. Only the popcorn is not supplied.

Categorizing Sound addresses the relationship between categories of music and categories of people, particularly how certain ways of organizing sounds becomes integral to how we perceive ourselves and how we feel connected to some people and disconnected from others. Presenting a series of case studies ranging from race music and old-time music of the 1920s through country and R&B of the 1980s, David Brackett explores the processes by which genres are

produced. Using in-depth archival research and sophisticated theorizing about how musical categories are defined, Brackett has produced a markedly original work.

The Sheet Music of George Gershwin
Mel Bay Publications

Broadside ballads-folio-sized publications containing verse, a tune indication, and woodcut imagery-related cautionary tales, current events, and simplified myth and history to a wide range of social classes across seventeenth century England. Ballads straddled, and destabilized, the categories of public and private performance spaces, the material and the ephemeral, music and text, and oral and written traditions. Sung by balladmongers in the streets and referenced in theatrical works, they were also pasted to the walls of local taverns and domestic spaces. They titillated and entertained, but also educated audiences on morality and gender hierarchies. Although contemporaneous writers published volumes on the early modern controversy over women and the English witch craze, broadside ballads were perhaps more instrumental in disseminating information about dangerous women and their acoustic qualities. Recent scholarship has explored the representations of witchcraft and malfeasance in English street literature; until now, however, the role of music and embodied performance in communicating female transgression has yet to be investigated. Sarah Williams carefully considers the broadside ballad as a dynamic performative work situated in a unique cultural context. Employing techniques drawn from musical analysis, gender studies, performance studies, and the histories of print and theater, she contends that broadside ballads and their music made connections between various degrees of female crime, the supernatural, and cautionary tales for and about women.
