Essential Business Vocabulary Builder
Peter Lang

The author of the best-selling *30 Days to
a More Powerful Vocabulary*, Dan
Strutzel, now puts his focus on

communicating successfully in the
business world! Business is just like any
sector or topic, with its own language,
customs, codes, and terminologies.
Different aspects of business can have
their own distinctive terminology, which
can also overlap. For instance, words
and phrases from the realm of sales can
also apply to management or finance
under a variety of circumstances. In
Word Power for Business, Dan presents
500 words and short expressions from a
variety of different business categories.
Each session of the program introduces

approximately 25 words. First there is an informal conversation between a male and female, seeing the vocabulary in context. Next Dan discusses each word or phrase and its definition. Finally, he reinforces the word and its meaning with another example in a sentence. There are four sessions on banking and finance, four on marketing, and four on negotiation. Other sessions focus on sales, entrepreneurship, human resources, e-business, and leadership. The program's intention is to be entertaining, informative, and inspiring. As the world changes, language changes with it-and both are changing very fast. With *Word Power for Business*, you'll keep pace with those changes and watch your career benefit as a result!

 A Bigger Vocabulary = A Brighter Future
 Words. They're the foundation of nearly everything of value in our world. They have the power to create and the power to destroy. The power to inspire and to terrify. The power to enlighten and also to obscure. And, more specifically for you, they have the power to attract wealth and success and guarantee your brighter future. This is not hyperbole - it is based on rock-solid research. Studies

show that those people with large vocabularies are smarter, wealthier, and happier than the average person - and substantially so. And here's the best news of all: a large vocabulary is not tied to your social status, your genes, or even your education level. It is a skill that can be learned - and it takes only 30 days. In this cutting-edge program, 30 Days to a More Powerful Vocabulary, personal development expert and English enthusiast Dan Strutzel will instruct, enlighten, and inspire you with a concentrated 30-day program that will teach you over 500 words. But, more than teaching you these words, the uniquely designed program will ensure that these words become a habit-knit part of your life - and with minimal effort on your part. Best of all, research shows

that learning new words has an exponential effect on the size of your vocabulary - since learning one word naturally produces an association between two to three more words. In short, after reading and applying the system in this 30-day program, you will not only have a bigger vocabulary - you will have a brighter future! Here's just a sampling of what you'll learn: The 10 myths about building a dynamic vocabulary The secret behind the exponential effect of vocabulary building A 30-day program designed to maximize learning and comprehension of over 500 words The words you need to know about money and financial issues The words you need to know about persuading others The words you need to know about marriage, parenting, and

other relationships The words you need to know about science The words you need to know to be a great conversationalist Why building a large, dynamic vocabulary is even more valuable in the digital age And much more!
