RANDY BLANKENSHIP

The Absolutely True Diary of a Part-Time Indian Houghton Mifflin
Harcourt

The author of the widely praised *Wordslut* analyzes the social science of cult influence: how cultish groups from Jonestown and Scientology to SoulCycle and social media gurus use language as the ultimate form of power. What makes “cults” so intriguing and frightening? What makes them powerful? The reason why so

many of us binge Manson documentaries by the dozen and fall down rabbit holes researching suburban moms gone QAnon is because we’re looking for a satisfying explanation for what causes people to join—and more importantly, stay in—extreme groups. We secretly want to know: could it happen to me? Amanda Montell’s argument is that, on some level, it already has . . . Our culture tends to provide pretty flimsy answers to questions of cult influence, mostly having to do with vague talk of “brainwashing.” But the true answer has nothing to do with freaky mind-control wizardry or Kool-Aid. In *Cultish*, Montell argues that the key to manufacturing intense ideology,

community, and us/them attitudes all comes down to language. In both positive ways and shadowy ones, cultish language is something we hear—and are influenced by—every single day. Through juicy storytelling and cutting original research, Montell exposes the verbal elements that make a wide spectrum of communities “cultish,” revealing how they affect followers of groups as notorious as Heaven’s Gate, but also how they pervade our modern start-ups, Peloton leaderboards, and Instagram feeds. Incisive and darkly funny, this enrapturing take on the curious social science of power and belief will make you hear the fanatical language of “cultish” everywhere.

NTC's Dictionary of Everyday American English Expressions Tata McGraw-Hill Education

The New York Times bestselling graphic memoir from actor/author/activist George Takei returns in a deluxe edition with 16 pages of bonus material! Experience the forces that shaped an American icon -- and America itself -- in this gripping tale of courage, country, loyalty, and love. George Takei has captured hearts and minds worldwide with his magnetic performances, sharp wit, and outspoken commitment to equal rights. But long before he braved new frontiers in STAR TREK, he woke up as a four-year-old boy to find his own birth country at war with his father's -- and their entire family forced from their home into an uncertain future. In 1942, at the order of President Franklin D.

Roosevelt, every person of Japanese descent on the west coast was rounded up and shipped to one of ten "relocation centers," hundreds or thousands of miles from home, where they would be held for years under armed guard. **THEY CALLED US ENEMY** is Takei's firsthand account of those years behind barbed wire, the terrors and small joys of childhood in the shadow of legalized racism, his mother's hard choices, his father's tested faith in democracy, and the way those experiences planted the seeds for his astonishing future. What does it mean to be American? Who gets to decide? George Takei joins cowriters Justin Eisinger & Steven Scott and artist Harmony Becker for the journey of a lifetime.

The Most Up-to-Date Reference for the Nonstandard Usage, Popular Jargon, and Vulgarisms of Contempos John Wiley & Sons

Over 700 Phrases for Everyday Use Independently Published
Phrases, idioms, and clichés—why do we say the things we say? Watch Your Tongue explores weird and wonderful everyday sayings and what they reveal about us. Do you ever wonder why you shouldn't have a cow but you should seize a bull by its horns? Who has the better reputation in language—cats or dogs? Do you sometimes feel that our speech is all smoke and mirrors or that our expressions simply make no sense? In Watch Your Tongue, award-winning author Mark Abley explores the phrases, idioms, and clichés of our everyday language. With wit and subtle wisdom, he unravels the mysteries of these expressions, illuminating the history, tradition and stories behind everything we say. Pulling examples from Shakespeare's plays to sports team names, ancient Rome to Twitter, Abley shares samples and anecdotes of the eccentric ways that we play with, parse, and pattern language. Why do so many companies use fruit for their brand names? What do politicians mean when they say they're going to "drain the swamp"? Why does English use chickens to signify cowardice? Abley dives into the history and psychology behind these examples and countless others, unpacking their significance (and sheer absurdity) to show how our language developed, where it is headed, and what we can learn about ourselves from it. Whimsically illustrated, easily browsable, and full of catchy sidebars, Watch Your Tongue celebrates how we amuse ourselves with words and what our sayings reveal about the way we see the world.

NTC's Dictionary of Everyday American English Expressions
National Textbook Company

Bestselling author Sherman Alexie tells the story of Junior, a

budding cartoonist growing up on the Spokane Indian Reservation. Determined to take his future into his own hands, Junior leaves his troubled school on the rez to attend an all-white farm town high school where the only other Indian is the school mascot. Heartbreaking, funny, and beautifully written, *The Absolutely True Diary of a Part-Time Indian*, which is based on the author's own experiences, coupled with poignant drawings by Ellen Forney that reflect the character's art, chronicles the contemporary adolescence of one Native American boy as he attempts to break away from the life he was destined to live. With a forward by Markus Zusak, interviews with Sherman Alexie and Ellen Forney, and four-color interior art throughout, this edition is perfect for fans and collectors alike.

The Primrose Path McGraw-Hill

Explains the meaning and implication of 400 phrases commonly used throughout the English-speaking world, such as: eager beaver and sour grapes.

Common American Phrases in Everyday Contexts Little, Brown Books for Young Readers

Publisher's Note: Products purchased from Third Party sellers are not guaranteed by the publisher for quality, authenticity, or access to any online entitlements included with the product. *Mastering the American Accent* is an easy-to-follow approach for reducing the accent of non-native speakers of English. Well-sequenced lessons in the book correspond over eight hours of audio files covering the entire text. The audio program provides clear models (both male and female) to help coach a standard American accent. The program is designed to help users speak Standard American English with clarity, confidence, and accuracy.

The many exercises in the book concentrate on topics such as vowel sounds, problematic consonants such as V, W, TH, the American R and T and others. Correct lip and tongue positions for all sounds are discussed in detail. Beyond the production of sounds, the program provides detailed instruction in prosodic elements such as syllable stress, emphasis, intonation, linking words for smoother speech flow, common word contractions, and much more. Additional topics that often confuse ESL students are also discussed and explained. They include distinguishing between casual and formal speech, homophones (e.g., they're and there), recognizing words with silent letters (e.g., comb, receipt), and avoiding embarrassing pronunciation mistakes, such as mixing up "pull" and "pool." Students are familiarized with many irregular English spelling rules and exceptions, and are shown how such irregularities can contribute to pronunciation errors. A native language guide references problematic accent issues for 13 different language backgrounds.
