I Never Knew Your

Name I Never Knew I Had a Choice: Explorations in Personal Growth How does the Jesus of the New Testament compare to the Jesus we think we know so well? Bestselling author Philip Yancey conducts an enlightening biblical and historical

investigation. This honest book will help you discover a different Jesus from the flannelgraph Sunday school figure, the sweetly smiling Victorian Savior, and all the cultural clichés that have tamed Jesus and kept him in comfortable religious boxes. Philip Yancey cuts through existing views and preconceptions of Jesus--citing opinions from church history, modern history, and popular culture; discussing how different people and cultures view Jesus; dissecting popular quotes

about Jesus; and much more--and he offers a more accurate perspective by pointing us back to the Bible. From the manger in Bethlehem to the cross in Jerusalem, Yancey presents a complex character who generates questions as well as answers, a disturbing and exhilarating Jesus who wants to radically transform your life and stretch your faith. The Jesus I Never Knew engages your heart, your mind, your emotions, and your senses, preparing

you for a new, life-changing encounter with the real Jesus described in the Gospels. Also available: The Jesus I Never Knew video curriculum, participant's guide, and study guide. [Explorations in Personal Growth](#) Penguin UK

Told in alternating points of view between the living and the dead, Jessica Hamilton's debut novel will be perfect for fans of *The Lovely Bones*. Idyllic Avril Island, owned by the Bennett family, where their hundred-year-old cottage sat nestled in acres of forest. Forty-year-old June Bennett believed that the island had been sold after the summer of her father's disappearance when she was only twelve years old.

It's months after the shocking death of her older sister May in a fatal car accident, that June finds out that the cottage was never sold. Avril Island is still owned by the Bennett family and now it's hers. Still reeling from the grief of losing her sister, June travels back to Avril Island in search of answers. As she digs, she learns that the townspeople believe her father may in fact have been murdered rather than having abandoned his family in the dead of night, as she was led to

believe by her mother. And that's when she begins to notice strange things happening on the island--missing family possessions showing up, doors locking on their own, unexplained noises in the night, shadowy figures disappearing into the woods. It takes June no time at all to realize that her childhood summers at Avril Island were not at all what they had seemed to be.

In this series of intricately related texts, internationally known poet, critic, and

performance artist David Antin explores the experience of time how it's felt, remembered, and recounted. These free-form talk pieces sometimes called talk poems or simply talks began as improvisations at museums, universities, and poetry centers where Antin was invited to come and think out loud. Serious and playful, they move rapidly from keen analysis to powerful storytelling to passages of pure comedy, as they range kaleidoscopically across Antin's

experiences: in the New York City of his childhood and youth, the Eastern Europe of family and friends, and the New York and Southern California of his art and literary career. The author's analysis and abrasive comedy have been described as a mix of Lenny Bruce and Ludwig Wittgenstein, his commitment to verbal invention and narrative as a fusion of Mark Twain and Gertrude Stein. Taken together, these pieces provide a rich oral history of and critical context for the evolution of the

California art scene from the 1960s onward." *All the Things We Never Knew* Zondervan : "I Never Knew We Were Poor" provides an account of my childhood in the first ward of Newark, NJ, before the middle of the Twentieth century. This is a story of a time and place removed from this point in time. Isolated. Many people can empathize with the deplorable conditions described in the book, but only those who have experienced them can truly understand them. It

is a testimony to the fact that suffering and want are not prejudiced to nor by ethnicity, nationality nor sex. Moreso, it is the significance of love, ingenuity, commitment, and relationships in overcoming the problems that life throws at us and uplifting our experiences. There is also a compelling spiritual essence that is difficult to ignore. This is a story I thought about writing for years. No research nor fact finding has been done to corroborate my recounting. Reality needs

no rationalization. The result is a stream of recollections of an old man of what used to be and how it has evolved into what is.
