The definitive word on tacos from native Angeleno Wes Avila, who draws on his Mexican heritage as well as his time in the kitchens of some of the world's best restaurants to create taco perfection. In a town overrun with taco trucks, Wes Avila's Guerrilla Tacos has managed to win almost every accolade there is, from being crowned Best Taco Truck by LA Weekly to being called one of the best things to eat in Los Angeles by legendary food critic Jonathan Gold. Avila's approach stands out in a

crowded field because it's unique: the 50 base recipes in this book are grounded in authenticity but never tied down to tradition. Wes uses ingredients like kurobata sausage and sea urchin, but his bestselling taco is made from the humble sweet potato. From basic building blocks to how to balance flavor and texture, with comic-inspired illustrations and stories throughout, *Guerrilla Tacos* is the final word on tacos from the streets of L.A.

The Ancient Pueblo people, also known mistakenly as the Anasazi, were a prehistoric Native American culture located around the present day "Four Corners" areas of the Southwest United States. This area encompasses the Colorado Plateau, and extends from central New Mexico to southern Nevada, Utah and Arizona. The topography of this panoramic region varies greatly, including high plateaus, vast horizontal mesas, sleep walled canyons, and sandstone windows and bridges sculpted by water erosion. In cliff areas with harder stone, rock overhangs formed and served as building sites for adobe dwellings often accessible only by rope or rock climbing. Numerous national parks and monuments such as Mesa Verde, Grand Canyon, Sunset Crater and Chaco Canyon provide stunning scenery and a well-preserved window into the area's fascinating prehistoric past. Divided geographically, this expanded edition includes tips on visiting reservations, attending ceremonies, buying arts and crafts, and adjusting to "Indian time". The revised format provides easy reader access to a wealth of information, and includes dozens of new sites, selected places to stay, eat and shop, a calendar of various powwows and other tribal ceremonies, a section on language, points of interest, maps, and 16 pages of full colour photographs. The book also examines locations such as the Gila Cliff Dwellings Monument, the Taos Pueblo, and The Denver Art Museum, which houses an extensive collection of North American native art.
