The Money Book for the Young, Fabulous & Broke Entrepreneur Press

A practical approach to creating wealth-based on the established principles of ancient Jewish wisdom-made accessible to people of all backgrounds The ups and downs of the economy prove Rabbi Daniel Lapin's famous principle that the more things change, the more we need to depend upon the things that never change. There's no better source for both practical and spiritual financial wisdom than the time-tested knowledge found in the ancient Jewish faith and its culture. In the Second Edition of Thou Shall Prosper, Lapin offers a practical approach to creating wealth based on the established principles of ancient Jewish wisdom. This book details the ten permanent principles that never change, the ten commandments of making money if you will, and explores the economic and philosophic vision of business that has been part of Jewish culture for centuries. The book's focus is on making accessible to individuals of all backgrounds, the timeless truths that Jews have used for centuries to excel in business. Outlines ten fundamental "commandments"

relating to business and money Includes insights that will increase your potential for creating wealth, no matter what your faith or background may be Blends contemporary business stories and Lapin's own business experiences with the wisdom of the Torah and Talmudic prescriptions This Second Edition provides new examples, especially of Internet related business opportunities. In addition, each chapter highlights specific action steps that can lead to wealth opportunities in both difficult economic times and periods of prosperity.

Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand

deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.

Does your heart race when your credit card bill arrives? Are you one flat tire or one emergency room visit from financial ruin? If you think a secure financial future is out of reach, you're wrong. Let Marianna Olszewski teach you how to love your money instead of running scared from it. Marianna didn't start out rich, happy and fabulous. A strapped-for-cash childhood motivated her to strive for abundance and financial independence-goals she exceeded by age thirty as a successful business owner and respected Wall Street player. Now Marianna reveals the lessons she learned on her own road to success and the savvy strategies of other amazing women. She shows how to let go of stress, break your bad money habits, take control of your finances, and finally achieve your goals and a happier, richer life. You'll learn to: -Say Yes to Yourself: Turn toward people and situations that enhance your life and well being, and away from those that don't. Until you start affirming your future through both thought and action, your efforts to improve your finances will fall flat. -Fall in Love with Your Money: Having a cavalier attitude toward money is part of the reason many of us find ourselves in a financial pickle. But when you treat your money with respect, keep track of it and spend and save it wisely your money will always love you back. -Act as If: If you think that change is impossible, think again. Start your transformation by acting as if you already are as successful, intelligent, and prosperous as you want to be. Live It, Love It, Earn It is full of true stories of ordinary women who have overcome tough challenges, such as climbing the corporate ladder, getting out of debt, and changing jobs mid-career, to get the life you want. Marianna also shares insights from other successful women like designer Diane von Furstenberg; shoe mogul Tamara Mellon (of Jimmy Choo); fashion entrepreneur Tory Burch; the first woman to hold a seat on the New York Stock Exchange, Muriel Seibert; and Congresswoman Marsha Blackburn. Let Marianna give you the tools you need to create and maintain an abundant and fulfilling life. For more information, visit: [www.LiveItLoveItEarnIt.com](http://www.LiveItLoveItEarnIt.com)

Investing in the stock market is challenging, as the market dynamics are unpredictable. Analysts, brokers and retail investors realize to their dismay that investments do well, but investors don't do well. What could be the reasons behind this? What goes on in an investor's mind? What makes a stock market bubble? How does it burst? How does one find the right strategy of investing? Intrigued by these pertinent questions, Parag Parikh, a seasoned broker and expert, took up this daunting task of understanding and demystifying investing in the stock market. Stocks to Riches is a distillate of his experience. It simplifies investing in stocks and provides key perspectives for a lay investor venturing into the market. At the end of the day, Stocks to Riches helps the retail investor make money by following the time-tested and proven guidelines provided in the book. A must read for brokers, analysts and retail investors.

"The newbie investor will not find a better guide to personal finance." —Burton Malkiel, author of *A Random Walk Down Wall Street* TV analysts and money managers would have you believe your finances are enormously complicated, and if you don't follow their guidance, you'll end up in the poorhouse. They're wrong. When University of Chicago professor Harold Pollack interviewed Helaine Olen, an award-winning financial journalist and the author of the bestselling *Pound Foolish*, he made an offhand suggestion: everything you need to know about managing your money could fit on an index card. To prove his point, he grabbed a 4" x 6" card, scribbled down a list of rules, and posted a picture of the card online. The post went viral. Now, Pollack teams up with Olen to explain why the ten simple rules of the index card outperform more complicated financial

strategies. Inside is an easy-to-follow action plan that works in good times and bad, giving you the tools, knowledge, and confidence to seize control of your financial life.
