“Clinical psychologist Price offers one of the most significant books of the year in this new look at an old problem—the underperforming teenage boy... Price’s book brings an important voice to a much needed conversation.” —Library Journal (Starred review) On the surface, capable teenage boys may look lazy. But dig a little deeper, writes child psychologist Adam Price in *He’s Not Lazy*, and you’ll often find conflicted boys who want to do well in middle and high school but are afraid to fail, and so do not try. This book can help you become an ally with your son, as he discovers greater self-confidence and accepts responsibility for his future. Why are some teenage boys unmotivated? Why do they spend endless hours playing video games or glued to their phones and social media sites instead of studying? Is this a sign of laziness or something more troubling? As a clinical psychologist, Dr. Adam Price has found that teenage boys are extremely sensitive to the stress of our competitive achievement-oriented culture—one that has created a pressure cooker for today’s adolescent. In *He’s Not Lazy*, Dr. Price, a renowned expert on ADHD and learning disabilities, explains how to help a boy who is not lazy, but rather, is conflicted about trying his best. Dr. Price will guide you to discover hidden obstacles to your son’s success, set expectations,

and empower him to accept responsibility for his own future. *He’s Not Lazy* will help you become your son’s ally, as he discovers greater self-confidence and becomes more self-reliant. Rather than reacting to pressure by shunning academic responsibilities altogether or propping up fear-based rebellion with justifications like “I am not going to be one of those nerds who have no life,” or “Tests don’t measure intelligence or help you learn, so what’s the point of studying for them?” your teenage son can work with you using the guidance in this book.

The Giver, the 1994 Newbery Medal winner, has become one of the most influential novels of our time. The haunting story centers on twelve-year-old Jonas, who lives in a seemingly ideal, if colorless, world of conformity and contentment. Not until he is given his life assignment as the Receiver of Memory does he begin to understand the dark, complex secrets behind his fragile community. This movie tie-in edition features cover art from the movie and exclusive Q&A with members of the cast, including Taylor Swift, Brenton Thwaites and Cameron Monaghan.

From the author of *The Outsiders*: This novel about two brothers in a tough world “packs a punch that will leave readers of any age reeling” (School Library Journal). An ALA Best Book for Young Adults A School Library Journal Best Book of the Year Rusty-James wants to be just like his big brother Motorcycle Boy—tough enough to be respected by everyone in the neighborhood. But Motorcycle Boy is also smart, so smart that Rusty-James relies on him to bail him out of trouble. The brothers are inseparable, and Motorcycle Boy will always be there to watch his back, so there's nothing to worry about, right? Or so Rusty-James believes, until his world falls apart and Motorcycle Boy isn't there to pick up the pieces. An edgy, emotional portrait of a troubled kid trying to navigate the chaotic world around him, *Rumble Fish* was made into a film by Francis Ford Coppola and has become a modern classic praised by School Library Journal as “stylistically superb” and beloved by multiple generations of readers. “Hinton knows how to plunge us right into [Rusty-James’s] dead-end mentality—his inability to verbalize much of anything, to come to grips with his anger about his alcoholic father and the mother who deserted him, even his distance from his own feelings.”—Kirkus Reviews

This timely and engaging text offers students a social perspective on food, food practices, and the modern food system. It engages readers' curiosity by highlighting several paradoxes: how food is both mundane and sacred, reveals both distinction and conformity, and, in the contemporary global era, comes from everywhere but nowhere in particular. With a social constructionist framework, the book provides an empirically rich, multi-faceted, and coherent introduction to this fascinating field. Each chapter begins with a vivid case study, proceeds through a rich discussion of research insights, and ends with discussion questions and suggested resources. Chapter topics include food's role in socialization, identity, work, health and social change, as well as food marketing and the changing global food system. In synthesizing insights from diverse fields of social inquiry, the book addresses issues of culture, structure, and social inequality throughout. Written in a lively style, this book will be both accessible and revealing to beginning and intermediate students alike.

Real stories. Real teens. Real crimes. A backyard brawl turned media circus filled with gang accusations turns a small, quiet town upside down in this second book in the new Simon True series. On May 22, 1995 at 7 p.m. sixteen-year-old Jimmy Farris and seventeen-year-old Mike McLoren were working out outside Mike's backyard fort. Four boys hopped the fence, and a fight broke out inside the dark fort made of two-by-four planks and tarps. Within minutes, both Mike and Jimmy had been stabbed. Jimmy died a short time later. While neighbors knew that the fort was a local hangout where drugs were available, the prosecution depicted the four defendants as gang members, and the crime as gang related. The accusations created a media circus, and added fuel to the growing belief that this affluent, safe, all-white neighborhood was in danger of a full-blown gang war. Four boys stood trial. All four boys faced life sentences. Why? Because of California's Felony Murder Rule. The law states that “a death is considered first degree murder when it is commissioned during one of the following felonies: Arson, Rape, Carjacking, Robbery, Burglary, Mayhem, Kidnapping.” In other words, if you—or somebody you are with—intends to commit a felony, and somebody accidentally dies in the process, all parties can be tried and convicted of first degree murder and sentenced to life without parole, even if nobody had any intention of committing a murder. What really happened that day? Was it a case of robbery gone wrong? Gang activity? Or was it something else?
