Business Law Made Easy W H Allen

Writing by Numbers: Legal Writing Made Easy demystifies the writing process by providing concrete formulas for mastering both objective and persuasive legal writing. Put simply, at each juncture of your journey to become a proficient legal writer, this book gives you a roadmap to follow, broadly starting with the macro-formula CRAC (Conclusion, Rule, Analysis, and Conclusion) and then moving to micro-formulas for each part of the macro-formula. The new edition of the book uses a federal employment discrimination claim as the basis for walking you through all stages of the litigation and writing process: researching and reading both the law and facts, understanding the law, assessing a case, arguing a case, and finalizing your work product. The goal is that with real-life examples and formulas to get you started you will never find yourself lost--that is, you will never find yourself facing an entirely blank page without direction.

The Language of Common Law Made Simple Elsevier

This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting,

preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.

Company Law Made Simple Routledge

Are you earning a business degree? Then you'll take business law. In Business Law Made Simple, you'll learn the major principles, phrases, and real life implications of business law just as I teach them in my undergraduate and graduate business law courses. This book has the principles distilled to their core concepts with examples to help give shape to the ideas. Let's face it, a survey business law course skims the surface of the topics.

Contracts? You might spent a week or two on them in business law. In law school, contracts is a two semester course! Employment law will get a day or two in your business law course instead of a full semester. What you need to survive and thrive in the class is someone to help you understand the key principles without layers of detail. That's where this book can help you.*Discusses only relevant case laws to the topics*Fully explains key words, phrases, and concepts*Contains jargon-free explanations and definitions*Includes narrative examples to illustrate situations and concepts

Indian Law For A Common Man Forgotten Books

Discusses a variety of issues concerning child custody, including court structures, living arrangements, recommendations on avoiding court battles, and advice on working with lawyers.

Law Made Simple Routledge

Law: Made Simple, 8TH Edition focuses on the history, elements, and interpretation of English law. The publication first elaborates on the historical

and legal sources of English law and courts. Discussions cover juries, arbitration, civil, criminal, and other courts, administrative tribunals, legislation, textbooks, local custom, equity, and canon law. The book then takes a look at the judiciary, law officers, and the legal profession, outline of the law of persons, and law of contract. Topics include discharge of contract, remedies for a breach of contract, interpretation of a contract, classification of contracts, essentials of a valid contract, marriage, divorce, corporations, adoption, legitimation, guardianship, solicitors, and barristers. The manuscript examines criminal law, law of succession, law of property, and trusts. Concerns include differences between private and charitable trusts, appointment of trustees, duties and powers of trustees, settlements and trusts for sale, personal representatives, and criminal liability. The text is a valuable source of information for legal experts and researchers interested in English law.

The Law of Torts Made Easy Xlibris Corporation

Are you studying for an A-Level in Law? Are you thinking about reading Law or a related subject at university? Or maybe you already have a place at Law School? If you answered 'yes' to any of the above or if you have a general interest in how the Law works, *Law Made Simple* is the perfect introduction to this huge and complex subject. Covering all the foundation subjects, Contract, Torts, Land, Trusts, Criminal, Public and EU Law as well as an introduction to the personnel and mechanisms that make up the English Legal System, *Law Made Simple* will offer you a clear and concise introduction to both the legislation and case law relating to all the major topics. This 13th edition now includes a brand new chapter on Public Law and Human Rights, a completely revised and updated chapter on Sources of Law and has been fully updated to take into account developments across the curriculum such as the ratification of the Lisbon Treaty; the Supreme Court and the Ministry of Justice; the Legal Services Act 2007; and the Fixed Term Parliaments Act 2011.

Commercial Law Routledge

Excerpt from *Law Made Easy: A Book for the People* In my first years of practice, my business was chiefly of an advisory nature. Men and women came to me with questions on business and domestic matters, - difficult or complicated questions rarely, simple questions usually, which I could answer off-hand, wondering the while how they should need to ask. Yet a second thought always reminded me that, but a few short years before, I was far more ignorant than they on those very subjects, and it was only by a long course of study that I was able to understand and explain them. This struck me as somewhat singular. Why should it be necessary to go through a full legal course in order to gain knowledge so simple in its nature, or else, pick it up slowly and painfully, by dint of hard experience - the only other alternative, as it appeared - and by paying some lawyer five dollars per question, to say nothing of fees for conducting cases into which ignorance is sure to plunge one sooner or later? Books there were of every possible kind on every conceivable subject, and surely there must be those which would supply the public with sufficient information on such important matters as would enable them to keep clear of the legal pitfalls which yawn before unwary feet in this busy world of ours. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. Its straightforward and practical approach will empower you to navigate the complexities of California criminal law with confidence, making it an essential addition to your personal library.

How Our Laws are Made CreateSpace

The Uniform Commercial Code Made Easy marks the first time in the history of legal education that a novel has been used as a vehicle for delivering the content of a substantive body of law; in this case, a pervasive statutory scheme The Uniform Commercial Code, law in all fifty states. Mirroring the factual assumptions upon which the UCC was drafted, The Uniform Commercial Code Made Easy places the application of these laws in concrete and interesting commercial settings where they come to life. Logical reader questions are anticipated, and answered through a variety of communication channels uniquely available to the format chosen: dialogue, memoranda of law, texting and emails, are illustrative. If you are in business, the Uniform Commercial Code directly, impacts your business hundreds, perhaps thousands of times per day. Virtually every phase of a transaction in goods, from sale or lease through financing, is impacted by the laws of the UCC. Of particular significance are those provisions which can literally save a business from going under. These potential landmines need to be identified before they are stepped on. The Uniform Commercial Code Made Easy accomplishes this important task. Consumers should understand the basic laws the surround and govern their purchases leases and financing of goods. They should also understand, as should businesses, the impact of signing a promissory note, how the transfer of that note can affect one 's rights, and how to protect one 's rights when promissory notes are executed. Understanding how to protect your rights in these transactions is both empowering and essential. The mass and complexity of the Uniform Commercial Code has made comprehension and learning the content very challenging. The ease of learning is greatly enhanced by the approach utilized in The Uniform Commercial Code Made Easy. As one prominent attorney and author wrote in a recently published book review: Yes, Virginia, there is a Santa Claus! In this case, he comes in the form of former University of Miami School of Law professor Robert M. LeVine, who has made one of the most complicated bodies of law in the United States the Uniform Commercial Code not only comprehensible but entertaining. Tom Shuck, Esq. Past President, Federal Bar Association Federal Bar Association Journal, August 2111 Law students, business students, and CPA 's must know the Uniform Commercial Code. It is essential to graduate from law school and is on the bar examination of every state, and the CPA examination as well. The following are illustrative of testimonials received on The Uniform Commercial Code Made Easy: It 's true. The UCC is just as daunting as it looks, and this book is the key to unlocking its mysteries. Infused with practicality, The Uniform Commercial Code Made Easy combines every day transactions with straightforward law, allowing students to not only navigate the UCC with ease, but also develop a lasting understanding of the material. The Uniform Commercial Code Made Easy 's revolutionary approach to the UCC has extensive application both in and out of the classroom as a resource for professors and a study aid for students. The Uniform Commercial Code Made Easy by LeVine was my key to success in understanding the UCC, and enjoying it! Melissa Carroll Stetson University College of Law I was amazed. I never thought it possible to make the UCC interesting but I was wrong. For once I had found a book which made me understand the meaning and interrelationships among sections, and at the same time, I enjoyed reading it. F. William Harvey JD, MBA, Wharton School of Business The knowledge contained in the Uniform Commercial Code is invaluable to anyone in business, or any American who is involved in basic consumer transactions. The Uniform Commercial Code Made Easy creates a pathway to this level in a unique and entertaining manner.

Law Made Easy Nelson Thornes

Contains provisions that have been rewritten in plain language, and neatly arranged so that you will find and understand them quickly. Focuses on culture, health, and welfare, including liquor laws.

Business Law Made Simple Routledge

"Legal Phrases," a 66 page book, is the ultimate compendium of legal phrases, terminology and legalese. It contains legal phrases meaning, legal terminology, legal jargon phrases, Latin legal phrases, legal definitions, and legal terms. If you don't see the phrase or word listed here then it most likely doesn't exist in the world of law. The author's goal was to compile the most complete listing of legal terminology and phrases. It is the ultimate legal phrase reference. Each listing contains definitions and includes the Latin meaning behind many of the legal phrases and terms; this is the only complete compendium of legal terminology and phrases of its kind. Legalese can be daunting but now "Legal Phrases" has made it easy. Keep this book on your computer or cell phone so you can refer to it often.

Law Made Simple MIT Press

Covers in a clear and accessible format, all that students need to know to understand the more difficult areas of business. Explains the most important elements of Business Law with a user-friendly approach, enabling students to gain an understanding of the subject in relation to the wider subject area of Business Studies. Contains a character, 'Dr Proctor', who acts as the vehicle for enlightening students with simple principles, diagrams and concepts.

Business Law Made Simple

What do the people say about this book?"This has been very helpful to clarify my understanding of the law of Tort in an easy way. I strongly recommend this course to any students struggling with the law of tort". "I was pleasantly surprised with the contents of the course. It covers all the necessary topics. Thank you Law Academy Online, it helped me to clarify my understanding of the law of tort very well." "The course is exactly what it says on the tin. I doubt that you will need any other book once you have gone through this course. Very helpful and highly recommended!" This book meets the needs of anyone interested in the law of torts, compensation and Negligence. The book has been divided and then subdivided into small sections to make the learning easy. Students can learn the law of torts in chunks! Moreover, at the start of each section there is a list of objectives so that you can test yourself at the end of any particular section if you have achieved your objectives. Unfortunately, the word 'Torts' sounds baffling to many as the word is not used generally and not many people (including prospective law students) are familiar with it. This is unlike other areas of law, for example, land, crime and contract due to the common use of the words in our daily lives. This book contains examples and case illustrations to make law of torts easy even for a lay person. This handbook has been written to assist the law students in clarifying their legal concepts of the law of tort. This book emphasises, inter alia, upon the area of 'Negligence' which is at the heart of the law of tort and without which the law of tort will lose most of its significance. We have made every effort to make sure that we have all the necessary case law covered. At the same time we have avoided any unnecessary material. So the result is that the content is not so less that it misses out important information and it is not so much that the students find it another hassle to be bothered with. The topics have been divided into sub topics so that the students can learn their law of tort in chunks rather than leaving it somewhere in the middle of an essay and then start again. We hope that you will find this handbook very useful in clarifying your concepts and in helping you pass your law exams.

Law Made Simple

Ten laws of simplicity for business, technology, and design that teach us how to need less but get more. Finally, we are learning that simplicity equals sanity. We're rebelling against technology that's too complicated, DVD players with too many menus, and software accompanied by 75-megabyte "read me" manuals. The iPod's clean gadgetry has made simplicity hip. But sometimes we find ourselves caught up in the simplicity paradox: we want something that's simple and easy to use, but also does all the complex things we might ever want it to do. In *The Laws of Simplicity*, John Maeda offers ten laws for balancing simplicity and complexity in business, technology, and design—guidelines for needing less and actually getting more. Maeda—a professor in MIT's Media Lab and a world-renowned graphic designer—explores the question of how we can redefine the notion of "improved" so that it doesn't always mean something more, something added on. Maeda's first law of simplicity is "Reduce." It's not necessarily beneficial to add technology features just because we can. And the features that we do have must be organized (Law 2) in a sensible hierarchy so users aren't distracted by features and functions they don't need. But simplicity is not less just for the sake of less. Skip ahead to Law 9: "Failure: Accept the fact that some things can never be made simple." Maeda's concise guide to simplicity in the digital age shows us how this idea can be a cornerstone of organizations and their products—how it can drive both business and technology. We can learn to simplify without sacrificing comfort

and meaning, and we can achieve the balance described in Law 10. This law, which Maeda calls "The One," tells us: "Simplicity is about subtracting the obvious, and adding the meaningful."

Law Made Simple

Are you studying for an A-Level in Law? Are you thinking about reading Law or a related subject at university? Or maybe you already have a place at Law School? If you answered 'yes' to any of the above or if you have a general interest in how the Law works, *Law Made Simple* is the perfect introduction to this huge and complex subject. Covering all the foundation subjects, Contract, Torts, Land, Trusts, Criminal, Public and EU Law as well as an introduction to the personnel and mechanisms that make up the English Legal System, *Law Made Simple* will offer you a clear and concise introduction to both the legislation and case law relating to all the major topics. This 13th edition now includes a brand new chapter on Public Law and Human Rights, a completely revised and updated chapter on Sources of Law and has been fully updated to take into account developments across the curriculum such as the ratification of the Lisbon Treaty; the Supreme Court and the Ministry of Justice; the Legal Services Act 2007; and the Fixed Term Parliaments Act 2011.

The Common Law

The ability to prove one's innocence SHOULD NOT DEPEND on how much money the defendant has. TRUTH should not be something that is bought. And yet, money is far too often what makes the difference between a successful legal defense, and prison time. If you have been arrested, the bad news is that the court will appoint a lawyer for you. This is not good news because the court pretends that as long as you have a lawyer, justice will be served. But a court-appointed attorney typically does more harm than good. This book explains why, and what to do about it. TRUTHS THAT THE SYSTEM WOULD PREFER YOU DIDN'T KNOW Would you believe that, given the choice between keeping you out of prison for ten years or saving himself a few hundred dollars, a court-appointed attorney will choose the money virtually every time? Yes, ten years. Or that at least ten thousand Ohio inmates would not be in prison today if Ohio courts correctly applied the law? Yes, ten thousand. OUR JUSTICE SYSTEM IS BROKEN, AND THERE'S NO MONEY TO FIX IT This book shows one man's walk through a dysfunctional justice system, and the author gives it to you straight, like no attorney could without putting his license in jeopardy, and like no one else could who hasn't lived it. If you have been arrested and don't know what to do, this book will help you find the answers you seek; get cooperation from your court-appointed attorney; keep the system from violating your rights; get excessive charges removed from the indictment; file motions in the courts; and process your appeals. It's the must-have book for the twenty-first century.

California Criminal Law Made Simple

It covers the elements of English Law, the law which is the basis of all legal systems throughout the English-speaking world, however much they may have become adapted to the needs and conditions of different countries. As well as for students studying the law as part of A-Level, BTEC and GNVQ courses, 'Law Made Simple 11th edition' provides an excellent background for the general reader and a springboard to further study. It is a particularly good guide to the Law of Contract, Law of Property and Law of Tort.
