The Use of Reflective Narratives Routledge

This volume deals with contemporary issues in the field of English studies in order to exchange ideas and experiences across the fields of English language and literary studies, with particular emphasis on cross-disciplinary and interdisciplinary issues raised in the fields of culture, linguistics, translation studies and applied linguistics. By juxtaposing traditionalism and contemporaneity as starting points for presentation of research results, the collection critically evaluates the advantages and disadvantages of both and proposes new theoretical and critical paradigms. The specificity of the book lies in its focusing on the practical criticism and the study of particular linguistic, literary, and cultural phenomena. Insightful, thought-provoking and original chapters raise awareness of the

existence of a variety of fresh scholarly research practices in the field of the English language and in literary studies on the whole.

How do we teach English Language Learners (ELLs) and how do our ELLs learn? This book answers those questions. "Essentials For Successful English Language Teaching" is about how we teach English Language Learners (ELLs) and how our ELLs learn. Farrell and Jacobs encourage those involved in teaching English to develop, maintain and rediscover the reasons that led them to take up the profession. They focus on the essentials in teaching the English language that teachers can implement in their instruction so that their students can excel in their learning: encourage learner autonomy; emphasize the social nature of learning; develop curricular integration, focus on meaning; celebrate diversity; expand thinking skills; utilize alternative assessment, and, promote English language teachers as co-learners along with their students. These essentials are best implemented as a whole, rather than one at a time and so they are interwoven with each other to encourage a holistic teaching approach. Highly accessible, each chapter comes with case studies and a range of activities to encourage the reader to put each of the essentials into practice. This reflective and engaging book will be invaluable to postgraduate students of TESOL and applied linguistics, and in-service language teachers.
