I wanted to inspire others with my book. It is for the people who are still in the dark and who may think there is no way out of their very own darkness. I am a survivor and I am a fighter. If I didn't have Jesus in my heart I'd probably be in jail, still on drugs, or maybe even dead. Jesus is my light and you are not alone. You are not the only one who has suffered from pain, heartaches and disappointments. Jesus himself suffered in this world. Out of all the people, he was and still is a true definition of a good person. He gave it all up for you and me just so we can know he is God. He is love. He is my lord and savior and he can be yours too. I would have never made it this far without Jesus and I wanted you to know there is hope for all the brokenhearted who seek him. *I Have No Mouth & I Must Scream* Wipf and Stock Publishers One of the bad boys of the 1986 World Series-winning Mets discusses his life, from his Atlanta childhood with his alcoholic womanizing father, through his baseball career, self-destructive drug binges and experience on Celebrity Rehab. 60,000 first

Liturgical dance is a way to present, reflect, instruct, learn, study, and share religious beliefs with one's self, within one's worship community, and with one's God. Such a belief is confirmed and witnessed within a variety of religious settings throughout the world from the beginning of time to this present age. However, there is a vacuum of resources that connect liturgical dance within the Christian context as a tool for religious learning within the field of religious education. With the continual rise of liturgical dance as an artistic form of expression, this book proposes that liturgical dance offers unique attributes conducive to the teaching and learning of faith and to faith formation. Kathleen S. Turner shows how liturgical dance is religious education in two very important ways: first, by addressing the power and potential liturgical dance has in nourishing the faith life of Christian congregants through means that are both educative and reflective; and second, by giving examples of how liturgical dance

can be implemented as a religious-education tool within the teaching life of the church.

"Brings to mind the books of Richard Price and the films of Martin Scorsese... I did not want this book to end." —Julie Klam, New York Times—bestselling author of *Friendkeeping* It is the summer of 1972, and Katie has just turned eighteen. Katie and her town, Elephant Beach, are both on the verge: Katie of adulthood, and Elephant Beach of gentrification. But not yet: Elephant Beach is still gritty, working-class, close-knit. And Katie spends her time smoking and drinking with her friends, dreaming about a boy just back from Vietnam who's still fighting a battle Katie can't understand. In this poignant, evocative debut collection, Judy Chicurel creates a haunting, vivid world, where conflicts between mothers and daughters, men and women, soldiers and civilians and haves and have-nots reverberate to our own time. She captures not only a time and place, but the universal experience of being poised between the past and the future. At once heartbreaking, mesmerizing, and nostalgic, Chicurel shows us that no matter how beautiful some dreams are, there comes a time when we must let them go.

Why Not Trust God Again? Simon and Schuster

ITS IN THE MEMORIES In the fall of 2002 our life took a strange twist. We had no way of knowing what was coming or how devastating it would be. In September 2002 we had the world on a string and all seemed to be moving fantastically well. Then along comes mid September and it all starts its spin out of control. I have tried very hard to put our entire journey with its exhilarating ups and its savage downs into perspective. I thought of all the things I had retained through the years that should help guide you through the storm: Tomorrows another day Things can only get better God never gives you more than you can bear There is always the calm after the storm The future will be brighter Everything is for a reason But none of those clichs would help us distance our heartbreak or calm our fraying nerves.

Trouble came in the form of troubles at the office. I was put on warning for something I did not do. This was startling to me because in all my years I was never ever put on warning. But that would be nothing compared to what would happen next. In November there would be an accident that would take one of our family members lives and leave in its wake a family that could not put the pieces back together of our broken dreams. Shortly after our familys loss I would be stunned at the death of a close friend and coworker. His senseless death along with Matthews only etched the pain Santa and I were feeling even deeper. Our family had gotten exceptionally close after my mother died in 1998 by spending our good times together. Easters, Thanksgivings, Christmas and New Years were celebrated at my cousin Ward and Cindys home. With their son Matthew getting killed we would now be left shredded, emotionally bankrupt and in search of shelter. The thought that there was more to come never entered our beleaguered minds. The New Year came in quietly skulking its way into our realization. But 2003 was less than two weeks old when Death would pay us another visit. Our son who had just turned 30 in December was killed on January 12th 2003 when his truck left the road and hit a tree on his way home. It would take every ounce of our faith to pull through such a cataclysmic loss. Without the thoughts, gestures, and strong shoulders of our friends and family we never would have made it. In the following months we would deal with many unexpected feelings and occurrences. I have tried to relate these last 2 years

in a way that makes sense but also will be hopefully a help to others. Here we are two years later, without Matthew, without Damien, without Michael; and as of April without a job. Our families still lie torn and in torment. Santa and I are still standing and not only that; we are standing strong. Santa and I are closer now than ever. Events have changed our attitudes, our way of thinking, our way of trusting and as a result our way of living. My faith in God has been made stronger. My faith in angels and the hereafter has deepened. My focus is directed to Michael Delaney Jr., Keirsten Farley and Billie Marie Krauss; our three grandchildren. What is past is past but what we make of the future is totally up to us. I want these children to find comfort, stability and pride in the way Santa and I have carried on. I have no doubt that Michael is with Santa and I each and every day. We take comfort in his presence and know he would be satisfied at the way we have chosen to carry on and how we have chosen to remember him.

Lord Help! My Hurt, Hurts AuthorHouse

In the bestselling tradition of Brene Brown's *Daring Greatly* and Nick Vujcic's *Life Without Limits* comes a rousing 7-step plan for living a life on fire, filled with hope and possibility—from an inspirational speaker who survived a near-fatal fire at the age of nine and now runs a successful business inspiring people all around the world. When John O'Leary was nine years old, he was almost killed in a devastating house fire. With burns on one hundred percent of his body, O'Leary mustered an almost unimaginable amount of inner strength just to survive the ordeal. The insights he gained through this experience and the heroes who stepped into his life to help him through the journey—his family, the medical staff, and total strangers—changed his life. Now he is committed to living life to the fullest and inspiring others to do the same. An incredible and emotionally honest account of triumph over tragedy, *On Fire* contains O'Leary's reflections on being that little boy, the life-giving choices made then, and the resulting lessons he learned. O'Leary very clearly shares that without the right people providing the right guidance, at the right time, he never would have made it through those five months in the hospital, let alone the years that followed as he struggled to regain mobility, embrace his story, and ignite clarity of his life's purpose. *On Fire* encourages us to seize the power to choose our path and transform our lives from mundane to extraordinary. Once we stop thinking solely on the big moments in our lives, we can begin to focus on those smaller opportunities that tend to pass us by. These are the events—the inflection points in our lives—that can determine how we feel about life now, where we are headed in the future, and how many lives we can impact along the way. We can't always choose the path we walk, but we can choose how we walk it. Empowering, inspiring, remarkably honest, and heartfelt, O'Leary's strength and incredible spirit shine through on every page.

Seven stunning stories of speculative fiction by the author of *A Boy and His Dog*. In a post-apocalyptic world, four men and one woman are all that remain of the human race, brought to near extinction by an artificial intelligence. Programmed to wage war on behalf of its creators, the AI became self-aware and turned against humanity. The five survivors are prisoners, kept alive and subjected to brutal torture by the hateful and sadistic machine in an endless cycle of violence. This story and six more groundbreaking and inventive tales that probe the depths of mortal experience prove why Grand Master of Science Fiction Harlan Ellison has earned the many accolades to his credit and remains one of the most original voices in American literature. *I Have No Mouth and I Must Scream* also includes "Big Sam Was My Friend," "Eyes of Dust," "World of the Myth," "Lonelyache," Hugo Award finalist "Delusion for a Dragon Slayer," and Hugo and Nebula Award finalist "Pretty Maggie Moneyeyes."
