FORD OCONNOR

An Outline History of English Literature Arihant Publications
India limited

Shashi Deshpande's latest novel explores the lives of two women, one obsessed with music and the other a passionate believer in Communism, who break away from their families to seek fulfilment in public life. Savitribai Indorekar, born into an orthodox Hindu family, elopes with her Muslim lover and accompanist, Ghulaam Saab, to pursue a career in music. Gentle, strong-willed Leela, on the other hand, gives her life to the Party, and to working with the factory workers of Bombay. Fifty years after these events have been set in motion, Madhu, Leela's niece,

travels to Bhavanipur, Savitribai's home in her last years, to write a biography of Bai. Caught in her own despair over the loss of her only son. Madhu tries to make sense of the lives of Bai and those around her, and in doing so, seeks to find a way out of her own grief.

New Voices Coursebook - 2 Pearson Education India

This book offers a workbook approach to linguistics and provides guidelines for the study of language. It aims to give basic information and to indicate something of the background and development of the more important trends in the subject. Each chapter includes exercises which lead the reader outwards from the information given in the text. A list of suggested further reading and references follows each chapter so that each aspect of the subject may be followed up in greater depth if so desired. The book will be of particular use to first-year university students

and to students in polytechnics, technical colleges, colleges of education and further education, and, the authors also hope, to many sixth-formers in secondary schools. It will also be of interest to the general reader who wishes to learn about linguistics.

My Dateless Diary University of Delhi (DU) M.A. English Entrance Test Guide

Since its first publication in 1991 Liliane Haegeman's Introduction to Government and Binding Theory has become established as the most authoritative introduction to the Principles and Parameters approach to syntactic theory. This new edition has been extensively updated throughout. Major structural changes include new chapters on Functional Heads and Head Movement and on Relativized Minimality. Discussions of a number of topics missing from or not paid due attention in the first edition have been integrated or expanded, for example: the structure of small clauses (in chapter 2), chain formation (in chapter 6), and reconstruction, multiple movement, wh-absorption, Full Interpretation, and expletive replacement (in chapter 9). The copious exercises have been revised to increase potential for creativity and flexibility of approach. New exercises highlight further controversial issues. In short, this book offers a complete, updated introduction to the current state of Government and Binding Theory, suitable for readers with some basic knowledge of generative linguistics.

A Guide to the Use of the International Phonetic Alphabet Routledge

This book provides a snapshot of the field of language acquisition at the beginning of the 21st Century. It represents the multiplicity

of approaches that characterize the field and provides a review of current topics and debates, as well as addressing some of the connections between sub-fields and possible future directions for research.

Language Acquisition John Benjamins Publishing Company
The Last Labyrinth is a splendid novel — serious, disturbing, lyrical and irresistibly readable, a fascinating exploration into the turbulent inner world of a successful urban India. Som Bhaskar is a millionaire-industrialist, married to a woman of his choice who has borne him two children, yet relentlessly driven by undefined hunger which he unsuccessfully seeks to satisfy by possession — of an object, a business enterprise, a woman. Much like Saul Bellow's Henderson he is always crying, 'I want, I want, I want.' His search taken him from Bombay to Benares, at once holy and repellent — with its narrow, dirty lanes, dancing girls and a mystical aura. Amidst this contrasting juxtaposition of locales, the novel explores the meaning of life and death, illusion and reality, desire and resignation. Here is an eternally contemporary theme with all its complexities; the story's spiritual and sensuous dimensions are interwoven with great finesse making this novel a rare, unforgettable treat. 'The Last Labyrinth is considered an outstanding contribution to Indian English literature for its restless search for a meaning in human existence, its treatment of the multiple levels of reality, challenging narrative technique and an evocative use of language.' — Sahitya Akademi Award Citation 'The story is beautifully written... holds the reader's undivided attention to the finis.' —
Popular Master Guide Journalism & Mass Communication Ramesh Publishing House

Since its first publication in 1962, Gimson's Pronunciation of English has been the essential reference book for anyone studying or teaching the pronunciation of English. This eighth edition has been updated to describe General British (GB) as the principal accent, rather than RP, and the accompanying transcriptions have been brought into line with recent changes in pronunciation. This latest edition also includes completely rewritten chapters on the history of the language and the emergence of a standard, alongside a justification for the change from RP to GB. A further bonus to this important text is its extensive and attractive new Companion Website (www.routledge.com/cw/cruttenden), which now includes moment-by-moment commentaries on videos showing the articulation of all GB consonants and vowels in spoken phrases, as well as cross-referencing between the book and these videos. The Companion Website also includes new recordings of Old English, Middle English, and Early Modern English, and features links to recordings of recent and current GB with comments and transcriptions. Comprehensive yet accessible, Gimson's Pronunciation of English remains the indispensable reference book for anyone for anyone with an interest in English phonetics.

On the Education of the People of India Manchester University Press

An unusual and witty travel book about the United States of America. At the age of fifty, when most people have settled for the safety of routine, R. K. Narayan left India for the first time to travel through America. In this account of his journey, the writer's pen unerringly captures the clamour and energy of New York city, the friendliness of the West Coast, the wealth and insularity of

the Mid-West, the magnificence of the Grand Canyon...Threading their way through the narrative are a host of delightful characters—from celebrities like Greta Garbo, Aldous Huxley, Martha Graham, Cartier Bresson, Milton Singer, Edward G. Robinson and Ravi Shankar to the anonymous business tycoon on the train who dismissed the writer when he discovered Narayan had nothing to do with India's steel industry. As a bonus, there are wry snapshots of those small but essential aspects of American life—muggers, fast food restaurants, instant gurus, subway commuters, TV advertisements, and American football. An entrancing and compelling travelogue about an endlessly fascinating land.

from the beginnings to the sixteenth century Routledge
This comprehensive study of English literature continues to be popular among students even fifty years after it was first published. The simplicity and directness of explanations of the various terms and concepts, its wealth of illustrative examples enable

The Guerrilla and how to Fight Him Columbia University Press

Annotation This volume surveys 200 years of Indian literature in English. Written by Indian scholars and critics, many of the 24 contributions examine the work of individual authors, such as Rabindranath Tagore, R.K. Narayan, and Salman Rushdie. Others consider a particular genre, such as post-independence poetry or drama. The volume is illustrated with b&w photographs of writers along with drawings and popular prints. Annotation (c)2003 Book News, Inc., Portland, OR (booknews.com).

Salient Features of the Book: - The book comprises, along with the Specialised Study Material, Solved Previous Year Paper to make you well-conversant with the exam pattern, the type of questions asked and their appropriate answers for Better Understanding. - The book contains ample Study and Practice Material with numerous Multiple Choice Question-Answers on all the relevant chapters & topics. - Both the Study and Practice Material have been prepared by learned Subject-expert. The book will serve both as Study Material and a True Test of your preparation for the exam. - It is believed, the book will prove very useful for study, practice and during precious moments before the exam for reference and revision. It is highly recommended to Sharpen your Problem Solving Skills with thorough practice of numerous questions provided in the book, and prepare yourself to face the exam with Confidence, Successfully. While the specialised study and practice material of this book is aimed to professionally guide you for the exam, your

own intelligent study and practice in harmony with this will Ensure you a definite Success in your endeavour and a seat in the Prestigious Course.

History in a Post-Truth World Ramesh Publishing House

History in a Post-Truth World: Theory and Praxis explores one of the most significant paradigm shifts in public discourse. A post-truth environment that appeals primarily to emotion, elevates personal belief, and devalues expert opinion has important implications far beyond Brexit or the election of Donald Trump, and has a profound impact on how history is produced and consumed. Post-truth history is not merely a synonym for lies. This book argues that indifference to historicity by both the purveyor and the recipient, contempt for expert opinion that contradicts it, and ideological motivation are its key characteristics. Taking a multidisciplinary approach, this work explores some of the following questions: What exactly is post-truth history? Does it represent a new phenomenon? Does the historian have a special role to play in preserving public memory from 'alternative facts'? Do academics more generally have an obligation to combat fake news and fake history both in universities and on social media? How has a 'post-truth culture' impacted professional and popular historical discourse? Looking at theoretical dimensions and case studies from around the world, this book explores the violent potential of post-truth history and calls on readers to resist.

What is Morphology? Routledge

This new edition of *An Introduction to Political Theory* examines a fairly wide range of issues on political theory as identified at the beginning of the new millennium. It elaborates the nature and

significance of political theory, concept of ideology, wi

An Introduction to Political Theory Penguin Uk

A History of Indian Literature in English Allied Publishers

1. It is a series of English Coursebooks, Workbooks and Literature Readers for classes 1 to 8. 2. Wall of Fame : At the beginning of the book is a gallery of famous authors and characters that the child will meet inside. 3. The use of Graphic Organisers, Timelines and Graphic retelling of stories help develop critical thinking and study skills in learners—two vital tools for learning. 4. Based on the NCF, the series guides learners through the seven stages of a brain-based approach to learning i.e. Pre-exposure, Preparation, Initiation & Acquisition, Elaboration, Incubation & memory encoding, verification & Confidence check, celebration & Integration. 5. The 5Ps address the above stages as follows : Ponder: aids the learners in pre-acquisition of concepts by setting the context, while preparing them to read the text with the aid of the glossary and in-text questions. Prepare: immerses the learners into the context and initiates holistic learning. It helps in the acquisition of newer perspectives through task-based activities. Practise: lays out the canvas for the stage of elaboration, in which the learners analyse and evaluate the text while applying their understanding of it. Perfect: aids memory encoding through drilling of vocabulary and grammar topics. It helps with incubation of concepts. Perform: functions as a confidence check for learners and ensures verification of their performative skills. This stage of summing up allows a functional

integration of acquired concepts, leading to a celebration of learning. 6. Cross-curricular (CC) links weave references from other subjects through the chapters. 7. Task-Based Learning (TBL) activities present learners with real-life situations within the classroom. 8. Life Skills (LS) are enhanced through challenging texts and value-based concept checking questions (CCQs). 9. Tense Timelines (5-8): On the last page of the book is a graphic representation of Tenses. 10. Full page Illustrations and Double-spreads in lower classes make learning fun and interesting.

The Routledge History of Literature in English Cambridge University Press

The book has a wide coverage and studies all the famous writers of English literature in the field of poetry, fiction, essay etc. The writers covered, among others, include Geoffrey Chaucer, William Shakespeare, Samuel John Milton, John Dryden, Alexander Pope, Samuel Johnson, William Wordsworth and Alfred Tennyson. A special feature of the book is that studies writers and their contributions not in isolation but in the context of surroundings and various elements of civilisation of the age of the writer. Thus it suggests a vital relationship between English literature and English life. The book is written in a simple and lucid style. It will be found of great interest by the students of English Literature, researchers and the general readers.

London : T. Nelson

This book, by one of Spain's most eminent philosophers, provides a lively and very accessible introduction to philosophy. Written for those who have no prior knowledge of the field, it reveals how the central problems of philosophy remain high"

A Short History of English Literature Macmillan

With English becoming the world's foremost lingua franca, the pressure to improve English language education (ELE) has been steadily increasing. Consequently, the nature of ELE has changed drastically in the last decade. This has not only brought about a number of changes in the way English is taught and learnt, but it has also led to various innovative practices around the world. As a result, this edited book aims to shed light on the new theoretical and methodological developments in the field of ELE as well as the major issues and difficulties faced by practitioners in different parts of the globe. One very important variable that the book takes into account is the role that English already plays in a particular society since this may affect the views that teachers and students hold of the language. This in turn can significantly influence the way English is taught and learnt in given political, economic and socio-cultural settings. The purpose of this book is therefore to provide a comprehensive overview of the pedagogical methods, policies and problems that underlie English language education in ten different regions across the world, including: the USA, Canada, the UK, Australia, New Zealand, India, Singapore, Japan, China and Hong Kong. In doing so, the different chapters in the book emphasize the importance of responding to linguistic and other forms of diversity in order to develop English language education in a globalized world. This book will be useful for teachers and students of English language, for English language curriculum and materials developers, and for those involved in educational policy-making and language acquisition research. Written by experts in the field, the range of content covered in the book's chapters will also help policy-makers, researchers and practitioners develop effective English

language education practices and policies, and propose solutions to emerging issues in English language teaching and learning in different environments around the world. The newly-developed arguments and concerns pertaining to English language education will serve as future reference for professionals interested in this area of expertise.

Beginning Theory John Wiley & Sons

In this second edition of Beginning Theory, the variety of

approaches, theorists, and technical language is lucidly and expertly unraveled and explained, and allows readers to develop their own ideas once first principles have been grasped.

Expanded and updated from the original edition first published in 1995, Peter Barry has incorporated all of the recent developments in literary theory, adding two new chapters covering the emergent Eco-criticism and the re-emerging Narratology.
