Like *The Group*, Mary McCarthy's classic tale about coming of age in New York, Joanna Smith Rakoff's richly drawn and immensely satisfying first novel details the lives of a group of Oberlin graduates whose ambitions and friendships threaten to unravel as they chase their dreams, shed their youth, and build their lives in Brooklyn during the late 1990s and the turn of the twenty-first century. There's Lil, a would-be scholar whose marriage to an egotistical writer initially brings the group back together (and ultimately drives it apart); Beth, who struggles to let go of her old beau Dave, a onetime piano prodigy trapped by his own insecurity; Emily, an actor perpetually on the verge of success -- and starvation -- who grapples with her jealousy of Tal, whose acting career has taken off. At the center of their orbit is wry, charismatic Sadie Peregrine, who coolly observes her friends' mistakes but can't quite manage to avoid making her own. As they begin their careers, marry, and have children, they must navigate the shifting dynamics of their friendships and of the world around them. Set against the backdrop of the vast economic and political changes of the era -- from the decadent age of dot-com millionaires to the sobering post-September 2001 landscape -- Smith Rakoff's deeply affecting characters and incisive social commentary are reminiscent of the great Victorian novels. This brilliant and ambitious debut captures a generation and heralds the arrival of a bold and important new writer.

Nothing gives life to a design like color. It has the ability to instantly transform the look and feel of a graphic by appealing to our preferences and emotions. In printing, there are two main color systems that are used in producing color in print, CMYK and PMS. CMYK, or four color process, is a subtractive color model which works by masking colors on a light background. PMS, or Pantone Matching System, is used for producing spot colors accurately. Together they are able to achieve almost any desired effect through complementary systems. This book demystifies their use while providing a breathtaking display of color in print by some of the worlds most talented designers.

Founded by Robert Beckand, Rens Muis and Pieter Vos in 1997, the Rotterdam-based graphic design studio 75B has designed everything from Nike posters and museum logos to books, magazines, flyers, cards, exhibitions and full-scale architectural interventions. Initially famed for their design work in European youth and music culture, the studio also spans the world of design and art, having exhibited artwork internationally (in 2006 they were artists in residence at the Art Center College of Design in Pasadena). In 2009 Beckand left the studio and Muis and Vos continued working together, developing a style that has been described as "conceptual, simple, no-nonsense, ironical and tongue-in-cheek." Omitting the competition- winning house style designs and logos, "The Work of 75B" highlights the firm's more experimental projects--works that may not have direct applications or clients.

My God Today Bantam

In every major city, there exists a complex exchange between urban space and the institution of the theatre. City Stages is an interdisciplinary and materialist analysis of this relationship as it has existed in Toronto since 1967. Locating theatre companies ? their sites and practices ? in Toronto?s urban environment, Michael McKinnie focuses on the ways in which the theatre has adapted to changes in civic ideology, environment, and economy. Over the past four decades, theatre in Toronto has been increasingly implicated in the civic self-fashioning of the city and preoccupied with the consequences of the changing urban political economy. City Stages investigates a number of key questions that relate to this pattern. How has theatre been used to

justify certain forms of urban development in Toronto? How have local real estate markets influenced the ways in which theatre companies acquire and use performance space? How does the analysis of theatre as an urban phenomenon complicate Canadian theatre historiography? McKinnie uses the St. Lawrence Centre for the Arts and the Toronto Centre for the Performing Arts as case studies and considers theatrical companies such as Theatre Passe Muraille, Toronto Workshop Productions, Buddies in Bad Times, and Necessary Angel in his analysis. City Stages combines primary archival research with the scholarly literature emerging from both the humanities and social sciences. The result is a comprehensive and empirical examination of the relationship between the theatrical arts and the urban spaces that house them.

Four Signs of a Dynamic Catholic Champion Press

As human beings we are constantly engaging and disengaging in everything we do. We engage and disengage at work, in marriage, as parents, in our quest for health and well-being, in personal finances, environmentally, politically, and, of course, we engage or disengage spiritually. If you walk into any Catholic church next Sunday and look around, you will discover that some people are highly engaged, others are massively disengaged, and the majority are somewhere in between. Why? What is the difference between highly engaged Catholics and disengaged Catholics? Answering this question is essential to the future of the Catholic Church. If we truly want to engage Catholics and reinvigorate parish life, we must first discover what drives engagement among Catholics. Matthew Kelly explores this question in his groundbreaking new book, and the simplicity of what he discovers will amaze you. Four things make the difference between highly engaged Catholics and disengaged Catholics: the four signs of a Dynamic Catholic. Whether you are ready to let God take your spiritual life to the next level or want to help reinvigorate your parish, *The Four Signs of a Dynamic Catholic* promises to take you on a journey that will help you live out the genius of Catholicism in your everyday life.

How to Buy and Operate a Barge on the Rivers and Canals of Continental Europe NAI Publishers Who would leave a highly respected, hard-won position as an investigative journalist at one of London's top newspapers for a job at a fashion rag? That's the question on everyone's mind when Annie Anderson announces she's making the move. True, the last few months have been tough on Annie, who remains haunted by memories of an undercover sting gone wrong that left an innocent woman dead. But a glossy magazine? It just doesn't seem very Annie. Her colleagues assume she's lost it, but Annie has her secret reasons. After a few days at Handbag, Annie realizes that being a fashion editor is going to be much harder than she ever anticipated. Thrown into the heart of New York Fashion Week, she is unprepared for her new world's bewildering hierarchy--though she's becoming increasingly familiar with "that fashion feeling" she gets when facing constant comparisons to the über-thin, ultra-glam women around her. It would be easier working in a war zone than getting the right seat at the Marc Jacobs show. But if there's one thing Annie knows, it's interviewing. So when she scores an exclusive with the hot up-and-coming designer Mark Mailer, she's back on familiar ground. The gossip du jour has Mark and his supermodel girlfriend Patty Lang on the outs after Patty's disastrous and very public return to her first love: heroin. Annie senses there's much more to the story, but before she can coax Mark to open up, he's dead--shot

before Annie's eyes in what appears to be attempted robbery. Though shaken, Annie believes that Mark's death was anything but random, and a grief-stricken Patty agrees. From New York to London to Milan, while taking on a tyrannical boss, slick-as-oil PR execs, and egomaniacal designers with the depth of a linen blouse, Annie searches for answers. But in the pursuit of a good story, Annie must not lose sight of her common sense--or the consequences could make her the next fashion victim. From the Hardcover edition.

This is indeed an incredible endeavor. For sure the most comprehensive collection of rebel workers' songs and poems ever compiled in English. It includes ALL the songs that appeared in the IWW's celebrated "little red songbook" from 1909 through 1973, plus dozens of others that never made it into the songbook. Here are the songs of Joe Hill, T-Bone slim, Dick Brazier, Ralph Chaplin, Covington Hall and other Wobbly legends; lesser knowns, but ought to be legends such as Eugene Barnett, Paul Walker, and Henry Pfaff; for the first time anywhere, a good selection of songs by women Wobblies: Angas Thecla Fair, Laura Payne Emerson, Sophie Fagin, Jane Street, Laura Tanne and others; songwriters from other continents, including Australians Bill Casey and Harry Hooton, the Englishman Leon Rosselson, Germans Ernest Riebe and John Olday, and the Scotsman Douglas Robson. A special section focuses on variants and parodies of IWW songs: a Depression-era version of "Hallelujah I'm a Bum," Jack Langan's 1960s version of "Solidarity Forever," an Earth First! adaptation of Joe Hill's "There is Power" by Walkin' Jim Stoltz, and Hazel Dickens' bold update of "The Rebel Girl." Best of all, perhaps is the wealth of essays, analysis, references, bibliographies, and discographies, provided by Archie Green, his coeditors, and other collaborators, providing not only historical/biographical context, but also a wide range of perspectives on the Wobbly counterculture and its enduring legacies. And there's an afterword by Utah Phillips!
