The Sounds of Civilization in Amharic and English Rodopi

Join a curious child as they play a game of discovery and concealment in the towns and fields of Ethiopia. As she observes her surroundings from her hiding spots, she notices many interesting and beautiful things around her. The people and animals who fill the streets and landscape with color and mystery come to life through banana plant collages made by the Ethiopian women of Jimma Banana Art. Most of the illustrations were created from different parts of the banana plant that have been dried, ironed and cut into shapes. Side by side text in Amharic and English supports bilingual young readers.

Sales of the book support Open Hearts, Big Dreams, a nonprofit devoted to increasing literacy in indigenous Ethiopian languages. Ready Set Go Books, an Open Hearts Big Dreams Project, is focused on increasing the literacy rate in Ethiopia through giving readers books with stories in their heart languages, full of colorful illustrations with Ethiopian settings and details. Profits from books sales will be used to create, print, and distribute more Ready Set Go Books to kids in Ethiopia, Africa's second most populous country. Ethiopia's population is 44% children, ages 0-14 (43 million out of 97 million total). Only 5.5% of children attend pre-school or kindergarten, and the adult literacy rate is 49%. Our books are based on wise Ethiopian sayings that often rhyme in Amharic. If an adult says the first half, many children can chant the second half.

Sometimes the meaning of these sayings is clear. Sometimes it has to be puzzled out and argued over. But sayings and idioms and proverbs help people express truths and beliefs in unusual ways. Open Hearts Big Dreams Fund (OHBD) is a 501(3)(c) not for profit organization that believes the chance to dream big dreams should not depend on where in the world you are born. Our focus is to support nonprofit organizations and their programs that provide literacy, K-12 education, and leadership as well as that support the parents and communities where the kids live, in Ethiopia.

A Day In The Life Of A Boy in West Africa: In English and Amharic Red Sea Press(NJ) Tekleh doesn't mean to cause trouble but everywhere he goes, it follows. When his exasperated father carves him a gebeta (also called mancala) gameboard to keep

him occupied, he has no idea the chain of events to come! Follow a curious young Ethiopian boy as he tends his goats and stumbles upon a series of unusual encounters that help him learn not only the value of goods, but of giving. As he trades his gebeta for a knife, a masinko, a drum, some corn and a papaya, he discovers the value of generosity and compassion. Bilingual text supports established readers in developing vocabulary and fluency in indigenous Ethiopian languages. Charming illustrations bring the richness and beauty of the Ethiopian countryside to life. The Catalog of the Ethiopic Manuscript Imaging Project (EMIP), volume 2, provides a full catalog for EMIP codex numbers 106 through 200, and magic scrolls 135 through 284. Each catalog entry for the codices provides a full physical description, a listing of contents (with incipits), illuminations, varia (known works added later), notes on codicology and scribal practice, as well as a full quire map. Opening articles provide an introduction to the collection and its codicology, and an introduction to this set of Ethiopian scrolls of spiritual healing. Seven indices (general, works in the

codices, names in the codices, miniatures in the codices, scribal practices, works in the scrolls, and names in the scrolls) provide quick access for researchers.

The focus of this unique publication is on Ethiopian languages and linguistics. Not only major languages such as Amharic and Oromo receive attention, but also lesser studied ones like Sezo and Nuer are dealt with. The Gurage languages, that often present a descriptive and sociolinguistic puzzle to researchers, have received ample coverage. And for the first time in the history of Ethiopian linguistics, two chapters are dedicated to descriptive studies of Ethiopian Sign Language, as well as two studies on acoustic phonetics. Topics range over a wide spectrum of issues covering the lexicon, sociolinguistics, socio-cultural aspects and micro-linguistic studies on the phonology, morphology and syntax of Ethiopian languages.

Since the beginning of humanity, Ethiopia was the origin of some of the most remarkable and important people in history. The bones of one of the first hominids, Lucy, were found in Ethiopia, and stories of legendary Ethiopians stretch back into ancient history. Some of these legends were so famous that they were recorded in ancient Greek Mythology. One of these is the story of the daughter of ancient Ethiopian King Cepheus and Queen Cassiopeia: Princess Andromeda. Andromeda's beauty was so renowned that it ignited the jealousy of Poseidon, who sent a great sea monster to devour her. But her plight inspired the Greek hero Perseus to intervene in her rescue, and then to marry her. Their story of love and hardship was immortalized as constellations which are still visible in Ethiopian night skies. Filled with gorgeous illustrations by Ethiopian artist Daniel Getahun and printed in English as well as Ethiopian languages including Amharic, Tigrinya and Afaan Oromo. Side-by-side translations support developing readers in building vocabulary and fluency. Ready Set Go Books, an Open Hearts Big Dreams Project, is focused on increasing the literacy rate in Ethiopia through giving readers books with stories in their heart languages, full of colorful illustrations with Ethiopian settings and details. Profits from book sales are used to create, print, and distribute more Ready Set Go Books to kids in Ethiopia, Africa's second most populous country. Ethiopia's population is 44% children, ages 0-14 (43 million out of 97 million total). Only 5.5% of children attend pre-school or kindergarten, and the adult literacy rate is 49%. Our books are based on wise Ethiopian sayings that often rhyme in Amharic. If an adult says the first half, many children can chant the second half. Sometimes the meaning of these sayings is clear. Sometimes it has to be

puzzled out and argued over. But sayings and idioms and proverbs help people express truths and beliefs in unusual ways. Since late 2017, OHBD has published over 100 unique #ReadySetGo dual language titles in four Ethiopian languages plus English and has plans to publish another 100 titles and add more languages in the coming years. New titles and/or languages are added monthly; follow our author page to get new release announcements. Open Hearts Big Dreams Fund (OHBD) is a 501(3)(c) not for profit organization that believes the chance to dream big dreams should not depend on where in the world you are born. Our mission is to inspire and enable youth in Ethiopia through READY SET GO books, STEM and Innovation Projects in collaboration with individuals and organizations providing literacy, education, and leadership opportunities. *The Legend in The Stars in Amharic and English* ISD LLC
