Here is an illuminating study of the devil from a veteran seminary professor and author.

"This work uses the light of Scripture to expose the person and methods of Satan . . . Competent books on this subject are not plentiful. . . .

Pentecost gives us a very useful survey of information on Satan."-- "Christianity Today."

Because of the prominence of prophecy in Scripture, many excellent books have appeared dealing with

prophetic subjects. Until recently, however, the treatment of prophecy has been either apologetic or expository, and prophetic themes have been developed individually apart from their relation to the whole revealed prophetic program. Much of our knowledge has been only fragmentary and unrelated. Dr. Dwight Pentecost's monumental text, *Things to Come*, has changed all that. In this massive, highly successful book, Dr. Pentecost has synthesized the whole field of prophecy into a unified biblical doctrine, a systematic and complete biblical eschatology. With nearly a quarter of a million copies sold, *Things to Come* has earned its place in the library of the pastor, the scholar, and the seminarian or Bible institute student. In addition, it offers a comprehensive and accessible study for anyone interested in the important subject of biblical prophecy. -- Amazon

Understanding the purpose and traditions of the Jewish feasts will give you a deeper appreciation for your God, your heritage, and the gift of redemption provided by

the sacrificial death of Christ. The Fall Feasts of Israel will help you understand three of Israel's most significant festivals: Rosh Hashannah, Yom Kippur, and Sukkot. A complete examination of each feast includes a look at its biblical institution, its celebration in the time of Christ, and its observances by Jews today. "The feasts and laws of the Lord were a tutor to lead the Israelites to the Savior...the festivals find their fulfillment in Christ and His New Covenant." This book will give you insight into what God originally intended for the sacrificial offerings.

Romanism in the Light of Scripture Moody Publishers

We have all experienced a disconnect between God's promises to us and our everyday reality. We wait, without understanding why. We want to know God's plan so that we can trust it--but God so often hides his plan so that we will trust him. What can we do in the meantime as we are waiting for an answer, a change, or a miracle? With deep compassion, Wayne Stiles helps readers understand why God makes them wait. Unpacking the Old

Testament story of Joseph, Stiles shows readers how to find comfort and opportunity in the time between God's promises and his answers, revealing the perspective-altering truth that sometimes when we think we are waiting on God, he is actually waiting on us. Anyone who has felt a disconnect between God's promises and their reality, who doesn't know what God wants them to do next, or who struggles with the brokenness of their world will find in Wayne Stiles a wise and trustworthy guide to finding peace in the pauses.

Understanding the End Times was never intended to be a book describing world conditions to predict the closeness of the appearing of Jesus for His Church. Many books have come and gone written with the purpose of comparing world events to scriptures about end times and Jesus' return. However, this book was not; it was designed to provide a Bible understanding of God's plan for the ages by weaving together the prophecies of the Old and New Testaments. It was also designed to describe

the situations and events that will exist on earth at the time of the culmination of all things. For these reasons this book should be timeless. This book will challenge you to open your heart to the Word of God and your eyes to what is happening in the world. The atmosphere is lining up like never before, spiritually, morally, politically, economically, in every way. Don't let your heart fail for fear of what is coming on mankind and the world. Instead, look up in faith and anticipation. Your redemption is closer than ever!

Craig Blomberg surveys the contemporary critical approaches to the parables--including those that have emerged in the twenty years since the first edition. This widely used text has taken a minority perspective and made it mainstream, with Blomberg ably defending a limited allegorical approach and offering brief interpretations of all the major parables.
