Dune Messiah Ibooks
A classic novel from the master of science fiction, Frank Herbert's Whipping Star. "Herbert is one of the most thought-provoking writers of our time; by focusing on 'alien' culture, he makes us examine what the true definition of 'human' is."
—The Pacific Sun In the

far future, humankind has made contact with numerous other species: Gowachin, Laclac, Wreaves, Pan Spechi, Taprisiots, and Caleban, and has helped to form the ConSentiency to govern among the species. After suffering under a tyrannous pure democracy, the sentients of the galaxy find the need for a Bureau of Sabotage (BuSab) to slow the wheels of government, thereby

preventing it from legislating recklessly. BuSab is allowed to sabotage and harass the governmental, administrative, and economic powers in the ConSentiency. Private citizens must not be harassed, and vital functions of society are also exempt. Jorj X. McKie is a born troublemaker who has become one of BuSab's best agents. Drafted for the impossible task of establishing

meaningful communication with an utterly alien entity who defies understanding, McKie finds himself racing against time to prevent a mad billionairess from wiping out all life in the ConSentiency. The Dragon in the Sea
 Penguin
 The Second Great Dune Trilogy contains God Emperor of Dune, Heretics of Dune and Chapter

House Dune, and concludes the Dune Chronicles, one of the most influential SF series ever written. Herbert's evocative, epic tales are set on the desert planet Arrakis, the focus for a complex political and military struggle with galaxy-wide repercussions. More than three thousand years have passed since the first events recorded in Dune. Only one link survives with those tumultuous times: the grotesque figure of Leto Atreides, son of the

prophet Paul Muad'Dib, and now the virtually immortal God Emperor of Dune. He alone understands the future, and he knows with a terrible certainty that the evolution of his race is at an end unless he can breed new qualities into his species. But to achieve his final victory, Leto Atreides must also bring about his own downfall... Read the series which inspired the 2021 Denis Villeneuve epic film adaptation, Dune, starring Oscar Isaac, Timothée Chalamet, Zendaya and

Josh Brolin.

Heretics of Dune Tor Books

A sweeping, multifaceted tale of a young Native American pulled between the cherished traditions of a heritage on the brink of extinction and an encroaching white culture, Gardens in the Dunes is the powerful story of one woman's quest to reconcile two worlds that are diametrically opposed. At the center of this struggle is Indigo, who is ripped from her tribe, the Sand Lizard people, by white

soldiers who destroy her home and family. Placed in a government school to learn the ways of a white child, Indigo is rescued by the kind-hearted Hattie and her worldly husband, Edward, who undertake to transform this complex, spirited girl into a "proper" young lady. Bit by bit, and through a wondrous journey that spans the European continent, traipses through the jungles of Brazil, and returns to the rich desert of Southwest America, Indigo bridges the gap between the two

forces in her life and teaches her adoptive parents as much as, if not more than, she learns from them.

 Before *The Matrix*, before *Star Wars*, before *Ender's Game* and *Neuromancer*, there was *Dune*: winner of the prestigious Hugo and Nebula awards, and widely considered one of the greatest science fiction novels ever written. Melange, or 'spice', is the most valuable - and rarest - element in the universe; a

drug that does everything from increasing a person's life-span to making interstellar travel possible. And it can only be found on a single planet: the inhospitable desert world Arrakis. Whoever controls Arrakis controls the spice. And whoever controls the spice controls the universe. When the Emperor transfers stewardship of Arrakis from the noble House Harkonnen to House Atreides, the Harkonnens fight back, murdering Duke Leto Atreides. Paul,

his son, and Lady Jessica, his concubine, flee into the desert. On the point of death, they are rescued by a band of Fremen, the native people of Arrakis, who control Arrakis' second great resource: the giant worms that burrow beneath the burning desert sands. In order to avenge his father and retake Arrakis from the Harkonnens, Paul must earn the trust of the Fremen and lead a tiny army against the innumerable forces aligned against them. And his journey will change

the universe.
