COOPER MARQUIS

Second Edition with Ebook and InQuizitive Prentice Hall
This systematic, user friendly, and refreshingly unusual introduction to comparative politics is designed to teach students how to think comparatively and theoretically about the world they live in. The second edition retains the core features of the first, coherently integrating comparative method, theory, and issues, but provides updated material and additional cases throughout. The text now also includes study questions for each chapter.

[The Globalization of World Politics](#) Routledge

This clear and concise text takes as its starting point the

theoretical frameworks that are the foundation of current international relations. Kaufman explains the traditional theories, but also makes a place for understanding the areas that lie outside of or cannot be explained by those approaches. Although levels of analysis are the primary unifying force, the book also assesses what this approach does not explain about the contemporary international system.

Essentials of International Relations (Sixth Edition) Essentials of International Relations Eighth Edition

Essentials of International Relations is the best-selling brief text for introductory international relations courses.

[Global Politics](#) Cram101

The 2nd edition of *Global Politics: A New Introduction* continues to provide a completely original way of teaching and learning about world politics. The book engages directly with the issues in global

politics that students are most interested in, helping them to understand the key questions and theories and also to develop a critical and inquiring perspective. Completely revised and updated throughout, the 2nd edition also offers additional chapters on key issues such as environmental politics, nationalism, the internet, democratization, colonialism, the financial crisis, political violence and human rights. **Global Politics: Examines the most significant issues in global politics – from war, peacebuilding, terrorism, security, violence, nationalism and authority to poverty, development, postcolonialism, human rights, gender, inequality, ethnicity and what we can do to change the world** Offers chapters written to a common structure which is ideal for teaching and learning and features a key question, an illustrative example, general responses and broader issues Integrates theory and practice throughout the text, by presenting theoretical ideas and concepts in conjunction with a global range of historical and contemporary case studies Drawing on theoretical perspectives from a broad range of disciplines including international relations, political theory, postcolonial studies, sociology, geography, peace studies and development this innovative textbook is essential reading for all students of global politics and international relations.

An Introduction to International Relations Theory

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you

may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. **Used or rental books** If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. **Access codes** Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Updated in its 10th edition, *International Relations* is praised for being the most current and comprehensive introduction to international relations theory as well as security, economic, and global issues. Thoroughly updated to cover world affairs through 2012, this survey text explores relations among states and the influence of transnational actors and events. Applying a broad range of theoretical perspectives to show readers how to analyze current events, *International Relations* offers the best tools for understanding what is happening in the world today.

International Relations W.W. Norton & Company

The text that instructors trust has been updated and redesigned for today 's classroom. Contemporary topics in international relations are thoroughly covered, and a new full-color design and new features get students engaged and thinking critically.

The Dynamics of Choice in the 21st Century Westview Press

A bold, eye-opening account of the coming integration of Europe and Asia Weaving together history, diplomacy, and vivid personal

narratives from his overland journey across Eurasia from Baku to Samarkand, Vladivostok to Beijing, Bruno Maçães provides a fascinating portrait of the shifting borderlands between Europe and Asia, tracking the economic integration of the two continents into a new supercontinent: Eurasia. As Maçães demonstrates, glimpses of the coming Eurasianism are already visible in China's bold infrastructure project reopening the historic Silk Road, in the success of cities like Hong Kong and Singapore, in Turkey's increasing global role, and in shifting U.S. foreign policy toward Europe and Asia. This insightful and clarifying book argues that the artificial separation of the world's largest island cannot hold.

Outlines and Highlights for Essentials of International Relations by Karen a Mingst W. W. Norton

Essential Readings in World Politics introduces students to key literature on international relations—from classics in the field to contemporary debates among scholars today.

The United Nations in the 21st Century Routledge

In *The Siege of Mecca*, acclaimed journalist Yaroslav Trofimov pulls back the curtain on a thrilling, pivotal, and overlooked episode of modern history, examining its repercussions on the Middle East and the world. On November 20, 1979, worldwide attention was focused on Tehran, where the Iranian hostage crisis was entering its third week. That same morning, gunmen stunned the world by seizing the Grand Mosque in Mecca, creating a siege that trapped 100,000 people and lasted two weeks, inflaming Muslim rage against the United States and causing hundreds of deaths. But in the days before CNN and Al Jazeera, the press barely took notice. Trofimov interviews for the first time scores of direct participants in the siege, and draws upon hundreds of

newly declassified documents. With the pacing, detail, and suspense of a real-life thriller, *The Siege of Mecca* reveals the long-lasting aftereffects of the uprising and its influence on the world today.

Cases and Concepts in Comparative Politics W. W. Norton

With its strong, engaging politics are pertinent theme and current, cutting-edge coverage, *UNDERSTANDING POLITICS: IDEAS, INSTITUTIONS, AND ISSUES*, Eighth Edition, is the proven best-selling text for the introduction to political science course. Thomas Magstadt fascinates students with his coverage of three fundamental premises: 1) politics is a pervasive force in modern society; 2) government is too important to be left in the hands of a few; and 3) in a democracy, everyone has both the opportunity and the obligation to participate in public life. The eighth edition of *UNDERSTANDING POLITICS: IDEAS, INSTITUTIONS, AND ISSUES* focuses on such pertinent concepts as democracy, dictatorship, citizenship, voting behavior, elections, leadership, ideologies, war, revolution, world politics, and public policy--fundamental concepts that provide students with a view of politics and economics that is at once lucid, nuanced, and empowering. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

On the Trail of the New World Order W. W. Norton

The United Nations in the 21st Century, Sixth Edition, provides a comprehensive yet accessible introduction to the UN. It explores the historical, institutional, and theoretical foundations of the UN as well as major global trends and challenges facing the organization today, including changing major power dynamics,

new threats to peace and security, the migration and refugee crises, the COVID-19 pandemic, and the existential challenges of climate change and sustainability. Thoroughly revised and expanded, it contains two new chapters on the UN and the environment and on human security, including issues of health, food security, global migration, and human trafficking. There is enhanced analysis of theoretical perspectives on post-colonialism, feminist theory, constructivism, and non-Western views. New content has also been added on the UN's budget crisis, public-private partnerships, and the role of women in the organization. By examining the UN as an intergovernmental organization facing the broader need for global cooperation to address economic, social, and environmental interdependencies alongside the threats posed by rising nationalism and populism, this popular text is the perfect reference for all students and practitioners of international organizations, global governance, and international relations.

Essentials of International Relations (Seventh International Student Edition) Academic Internet Pub Incorporated

"A fresh perspective renews Karen Mingst's classic, concise text. A new chapter on international cooperation and international law presents alternatives to war. A streamlined approach to theories and levels of analysis makes concepts easier to understand and apply. Expanded coverage of cybersecurity, refugees, health, and the environment asks students to grapple with the big issues of our time. And InQuizitive-an all-new digital learning tool-helps students learn, retain, and apply key concepts"--

Essentials of International Relations W. W. Norton

Why have states throughout history regularly underestimated

dangers to their survival? Why have some states been able to mobilize their material resources effectively to balance against threats, while others have not been able to do so? The phenomenon of "underbalancing" is a common but woefully underexamined behavior in international politics. Underbalancing occurs when states fail to recognize dangerous threats, choose not to react to them, or respond in paltry and imprudent ways. It is a response that directly contradicts the core prediction of structural realism's balance-of-power theory--that states motivated to survive as autonomous entities are coherent actors that, when confronted by dangerous threats, act to restore the disrupted balance by creating alliances or increasing their military capabilities, or, in some cases, a combination of both. Consistent with the new wave of neoclassical realist research, *Unanswered Threats* offers a theory of underbalancing based on four domestic-level variables--elite consensus, elite cohesion, social cohesion, and regime/government vulnerability--that channel, mediate, and redirect policy responses to external pressures and incentives. The theory yields five causal schemes for underbalancing behavior, which are tested against the cases of interwar Britain and France, France from 1877 to 1913, and the War of the Triple Alliance (1864-1870) that pitted tiny Paraguay against Brazil, Argentina, and Uruguay. Randall Schweller concludes that those most likely to underbalance are incoherent, fragmented states whose elites are constrained by political considerations.

The United Nations in the 21st Century Yale University Press

The United Nations in the 21st Century provides a comprehensive yet accessible introduction to the United Nations, exploring the

historical, institutional, and theoretical foundations of the UN. This popular text for courses on international organizations and international relations also discusses the political complexities facing the organization today. Thoroughly revised throughout, the fifth edition focuses on major trends since 2012, including changing power dynamics, increasing threats to peace and security, and the growing challenges of climate change and sustainability. It examines the proliferating public-private partnerships involving the UN and the debates over reforming the Security Council and the Secretary-General selection process. This edition also includes new case studies on peacekeeping and the use of force in the Democratic Republic of Congo and Mali, transnational terrorism and the emergence of ISIS, the Security Council's failure to act in Syria, the Syrian and global refugee/migrant crisis, and the conclusion of the Millennium Development Goals and framing of the Sustainable Development Goals.

The United Nations In The Post-cold War Era Routledge

Praised for its authoritative coverage, Global Political Economy places the study of international political economy (IPE) in its broadest theoretical context now updated to cover the continuing global economic crisis and regional relationships and impacts.

This text not only helps students understand the fundamentals of how the global economy works but also encourages them to use theory to more fully grasp the connections between key issue areas like trade and development. Written by a leading IPE scholar, this text equally emphasizes theory and practice to provide a framework for analyzing current events and long-term developments in the global economy. New to the Seventh Edition Focuses on the ongoing global economic crisis and the continuing European sovereign debt crisis, along with other regional economic issues, including their implications for relationships in the global economy. Offers fuller and updated discussions of critical perspectives like feminism and environmentalism, and includes new material differentiating among the terms neomercantilism, realism, mercantilism, and economic nationalism. Updated, author-written Test Bank is provided to professors as an e-Resource on the book's Webpage.
