Students of English whose first language is Spanish will find this book ideal for study and test preparation. Following an introductory chapter that offers study advice and tips on correct English pronunciation, the author devotes nine chapters to the examination of English verbs in all tenses, moods, and voices. Succeeding chapters cover nouns in the nominative, possessive, and objective cases, articles, adjectives, adverbs, comparatives and superlatives, prepositions, pronouns, numbers, and interjections. The final chapters put the different parts of speech together to demonstrate sentence structure and correct English language punctuation. Each chapter is full of exercises designed for self-study. An answer key is provided to help students evaluate their understanding of the material. The book's additional features include regular and irregular verb tables and a vocabulary list.

Instructors now face many challenges: Decreased classroom contact hours, increased instructor and student workloads, larger class sizes, new course models like hybrid and fully online and more ambitious classroom goals including focusing on practical communication and culture awareness instead of grammar alone. The ¡Anda! program offers a true solution for instructors by delivering realistic goals with a realistic approach; focusing on student motivation and offering a variety of tools to promote success. Teaching and Learning Experience Realistic and Balanced Approach – Instructors and students don't have to rush through the entire scope of Spanish grammar in 2 semesters. They can focus on practical communication which helps students feel more motivated and successful in the course. Explore Grammar – Grammar is chunked to allow students to assimilate and practice without feeling overwhelmed. Explanations are clear and concise and include many supporting examples followed by practice activities. Build Vocabulary – Each chapter contains a realistic number of new vocabulary words and like grammar, is presented in chunks at

the point of need. Develop Skills – Unique reading and video storyline mystery motivates students to read. Dedicated speaking, listening and writing sections provide strategies and the process necessary to effectively develop skills in the target language. Connect with Culture – Both “high” and “popular” culture are woven throughout the chapters to enable students to learn to recognize and appreciate cultural diversity as they explore behaviors and values of the Spanish-speaking world. They are encouraged to think critically about these cultural practices and gifts to society.
