MORSE DYER

Introductory Medical-Surgical Nursing Lippincott Williams & Wilkins

The thoroughly updated edition reflects the current NCLEX test plan and contains more than 5,000 test questions to help students practice taking the exam. The book contains more questions than any other NCLEX-RN review and includes more pharmacology-related questions.

Lippincott's Q&A Review for NCLEX-RN F.A. Davis

The newly updated Eighth Edition of the top-selling NCLEX-RN(R) review is available in PDA format for easy study on the go. This edition reflects the current NCLEX(R) test plan and contains more than 5,000 total test questions--including alternate-format questions--to help students practice taking the exam. Organized by practice area--childbearing family and neonate, child health, adult medical-surgical, and psychiatric-mental health--this PDA program contains more questions than any other NCLEX-RN(R) review, and explains the rationale for correct and incorrect answers. Five comprehensive tests resembling the format of the NCLEX-RN(R) are also included. Platform: Palm OS, Windows CE, and Pocket PC handheld devices

Study Guide for Pharmacology for Nursing Care - E-Book Cengage Learning

Straight A's in Pathophysiology is an excellent review for the NCLEX® and for pathophysiology courses from the LPN through the BSN level. It follows the unique and highly visual two-column Straight A's format—an in-depth outline review in the inner column and a quick-scan key points refresher in the outer column. Other study aids include "Top 10" Lists that save students time before exams, Time-Out for Teaching tips on patient teaching, Go with the Flow algorithms, dozens of illustrations, and a 16-page full-color insert. The book and bound-in CD-ROM contain hundreds of NCLEX®-style questions—including alternate-format questions—with answers and rationales.

Sandra Smith's Review for NCLEX-RN Lippincott Raven

Lippincott Review for NCLEX-PN, 11E is designed to help pre-licensure nursing students in practical and vocational nursing programs prepare to take the licensing examination. More than 2,000 questions span all areas of nursing practice. Seventeen specialty tests contain questions across all the Client Need categories of the NCLEX-PN. A two-part Comprehensive Examination contains 263 items--more than the maximum of 205 questions asked on the NCLEX-PN—to provide an outlet for comprehensive review and test practice. Every test section concludes with a review of Correct Answers, Rationales, and Test Taking Strategies. A detailed section of Frequently Asked Questions provides details about the design and process of the NCLEX-PN, as well as tips for students on how to prepare. Questions fully align with the National Council of State Boards of Nursing (NCSBN) 2017 PN test plan and are written in the style used on the licensing examination, including the use of all the types of alternate-format questions found on the licensing examination. A free trial of PassPoint PN provides book purchasers an opportunity to practice with additional questions and gives a sneak preview of the full PassPoint PN product. Lippincott Nursing Procedures Lippincott Williams & Wilkins Lippincott's Content Review for NCLEX-RN® provides comprehensive content and Q&A review for effective, efficient NCLEX-RN preparation. Written by Diane Billings, Ed.D, RN, FAAN, a nationally recognized test-item writer whose NCLEX preparation books have helped thousands of students pass the exam, it is a perfect companion to the best-selling Lippincott's Q&A Review for NCLEX-RN®, 10th edition and the new Lippincott's NCLEX-RN 10,000 - Powered by PrepU online adaptive quizzing resource for a complete approach to NCLEX study. Organized both by Nursing Topic and Client Needs categories and offering in-depth coverage of nursing topics often tested on the exam, this comprehensive resource offers: · An NCLEX overview plus thorough content review in outline format · Test-taking strategies to help you better prepare for the exam · Three 100-question post-tests to help you gauge your understanding of important nursing topics · More than 3,000 high-level practice questions, including alternate-format questions, with a detailed rationale for all correct and incorrect

responses. · A free back-of-book CD-ROM contains additional review questions to complement the text questions · Student resources - study tips, an NCLEX tutorial and much more are available on thePoint.com

Study Guide to Accompany Rosdahl & Kowalski's Textbook of Basic Nursing Elsevier Health Sciences

Follow the leader. Math for Meds has helped nearly one million nurses and other health care professionals become safe practitioners of dosage calculations. This classic resource continues to blaze the trail into a ninth edition, with its ratio and proportion method and building-block organization. Hundreds of full-color images of drug labels, syringes, and equipment complement the range of calculation competencies - from reading medication labels to calculating flow rates for heparin infusion. The straightforward language has also been retained, as the ninth edition preserves the tradition of making the complex understandable.

Straight A's in Fluids and Electrolytes Lippincott Williams & Wilkins

The Tenth Edition of the top-selling NCLEX-RN review reflects the new 2010 NCLEX-RN test plan and contains more than 5,800 total test questions--including all the latest alternate-format questions and new audio-format questions--to help students practice taking the exam. The CD-ROM includes 1,300 questions.

Mental Health and Psychiatric Nursing Lippincott Williams & Wilkins

Providing comprehensive information on more than 750 generic and over 3,500 trade-name drugs in an easy-to-use A-to-Z format, this handbook is organized by the nursing process, including assessment, nursing diagnosis, and planning and implementation.

Saunders Comprehensive Review for NCLEX-RN Lippincott Williams & Wilkins

A classic resource that has helped nurses pass the NCLEX exam for over 60 years, Mosby's Comprehensive Review of Nursing for the NCLEX-RN® Examination, 20th Edition is fully updated to reflect the newest NCLEX-RN test plan. Content review is presented in a concise and full-color outline format organized by the core areas of medical-surgical, pediatric, maternity/women's

health, and mental health nursing, with a practice test following each unit. More than 4,200 practice questions and rationales -- including more than 600 questions in the newest alternate item formats -- are written by a team of trusted NCLEX experts led by author Patricia M. Nugent. This title includes additional digital media when purchased in print format. For this digital book edition, media content may not be included.

Straight A's in Anatomy and Physiology Lippincott Williams & Wilkins

This book is designed to prepare students for classes or NCLEX by providing a comprehensive outline review of this particularly difficult area of study. Pathophysiology offers extensive self-testing that includes answer keys with rationale for correct and incorrect responses, as well as a comprehensive outline review and chapter study questions and a comprehensive examination at the end of the book. Each question is categorized according to the components of the National Council of State Boards of Nursing Licensing Examinations (NCLEX). Includes FREE disk containing more NCLEX questions.

Lippincott NCLEX-RN Alternate-Format Questions Lippincott Williams & Wilkins

The New Quick Facts for NCLEX® 2019 - 2022 is for both RN & LPN nursing students ! The Five-Star Edition features the best content for Pharmacology, newly added Clinical Skills section, and case studies. Every nursing student needs Quick Facts! It's the perfect tool to build your core nursing content from day one of school all the way through beginning your NCLEX Prep. If you don't know Quick Facts you're not ready for NCLEX. Students love to call this their 'Nursing Bible' because they take it everywhere they go! Quick Facts is your starting place for NCLEX Prep and the foundation of the ReMar NCLEX Virtual Training System!

Abrams' Clinical Drug Therapy Springhouse Corporation
Lippincott NCLEX-RN Alternate-Format Questions, 7th edition is designed to help anyone preparing to take the RN licensing examination. This updated 7th edition has everything needed for students to be fully prepared to answer every type of question found on the NCLEX. More than 600 questions include multiple-response, drag-and-drop, hotspot, audio, chart, graphic option, and fill-in-the blank questions. Also included are two comprehensive tests with 100 questions each. Rationales are clear and detailed and cover correct as well as incorrect answers.

Test-taking strategies help students dissect each question to its core components and provide keys to choosing the right answer. The book reviews all the topics covered on the actual NCLEX-RN. Hundreds of questions at the application level or above prompt active learning and higher-order thinking. Questions are aligned with the National Council of State Boards of Nursing (NCSBN) 2019 RN test plan and are written in the style used on the licensing examination. An accompanying PassPoint trial provides an additional opportunity for students to practice for NCLEX while also giving a glimpse of the full PassPoint experience.

Stedman's Medical Dictionary for the Health Professions and Nursing W.B. Saunders Company

The 11th edition of Lippincott's Q&A Review for NCLEX-RN provides the highest-quality practice questions, detailed rationales, and preparation strategies needed to succeed on the NCLEX-RN® examination. This revised reprint has been updated to ensure that content will help both U.S. and Canadian students to succeed on the licensure examination, with enhanced laboratory values, medication information, and diversity representation. The practice tests are organized into four major content areas: obstetrics, pediatrics, medical-surgical, and mental health nursing, and are followed by 6 comprehensive tests with a random selection of questions from all content areas. Other features include rationales for both incorrect and correct answers choices, all the types of alternate-format questions found on the NCLEX, an overview of the licensing examination, test-taking strategies for each question format, and study tips, including instructions for creating a personal study plan.

Roach's Introductory Clinical Pharmacology Lippincott Williams & Wilkins

The perfect companion to Introductory Medical-Surgical Nursing, 10th Edition, this handy workbook helps students review and apply essential content from the textbook. With this resource, students will prepare for the challenges of today's exams and tomorrow's practice—from the hospital or clinic to the home or long-term care facility!

Lippincott's Review For NCLEX-RN for PDA Springhouse Corporation

Straight A's in Psychiatric and Mental Health Nursing is an excellent review for the NCLEX® and for psychiatric-mental health nursing courses from the LPN through the BSN level. It

follows the unique and highly visual two-column Straight A's format—an in-depth outline review in the inner column and a quick-scanning key points refresher in the outer column. Logos include "Top 10" Lists that save students time before exams and Time-Out for Teaching that provides tips on patient teaching. The book and bound-in CD-ROM contain hundreds of NCLEX®-style questions, including alternate-format questions, along with answers and rationales.

Pediatric Nursing Lippincott Williams & Wilkins

Complex pharmacologic information is simple to learn with this complete study resource! Designed to accompany Lehne's Pharmacology for Nursing Care, 9th Edition, this robust workbook features critical thinking study questions, case studies, and patient teaching scenarios that help you connect pharmacology concepts with their impact on patient care. Plus, an emphasis on priority nursing care with NCLEX examination-style review questions prepares you for success on the exam. NCLEX Examination-style questions are included in each chapter. NEW! NCLEX-style alternate format questions including prioritization questions, bolster your readiness for the NCLEX Exam while supporting review of core pharmacology content NEW! Increased emphasis on patient safety features questions on safe patient care that challenge you to select appropriate actions to prevent or remediate medication errors. NEW! Detailed rationales for all prioritization questions are included in the answer key and encompass explanations for both correct and incorrect responses.
