Introducing George The Poet Kimani Press

A Catholic priest with questions. A penitent woman with a secret past. A jealous friend. The fourth in this lover's knot? God. Father Rob Souza faces the forbidden desire of his own heart when Jessica, victim of a brutal assault, comes for counseling. Rob's best friend, Lawrence, is a priest with an artistic temperament and trials of his own. A Greek chorus of gossiping priests, and church politics riddled with suspicion and battling for souls, force Lawrence, Rob and Jessica to make choices they didn't intend. *Tongues of Angels* offers a peek behind the curtain of the priesthood, offering a funny, poignant look at Catholic angst and ambiguity. Based on a true story, *Tongues of Angels* is a canny, warm and surprisingly spiritual novel for our time. Now back in print for the 10th Anniversary Edition, through Indie-Visible Ink. Julia Park Tracey brings wicked honesty and scathingly hot nuance to this soulful novel; with crackling prose, she seduces readers. *Tongues of Angels* is both sexy and spiritual. ---Jordan Rosenfeld, author of *Forged in Grace* Julia Park Tracey is an award-winning writer, editor, and activist. Her women's history project, *The Doris Diaries* (www.thedorisdiaries.com), is a series of early 20th century diaries penned by her great aunt; they include *I've Got Some Lovin' to Do: The Diaries of a Roaring Twenties Teen (1925-1926)* and *Reaching for the Moon: More Diaries of a Roaring Twenties Teen (1927-1929)*, both through Indie-Visible Ink. She lives in Northern California. Follow Julia at www.juliaparktracey.com, and on Facebook, Twitter, GoodReads and Amazon."

Rule of Wolves Taylor & Francis

In August 1968, naturalist-explorer Peter Matthiessen returned from Africa to his home in Sagaponack, Long Island, to find three Zen masters in his driveway—guests of his wife, a new student of Zen. Thirteen years later, Matthiessen was ordained a Buddhist monk. Written in the same format as his best-selling *The Snow Leopard*, *Nine-Headed Dragon River* reveals Matthiessen's most daring adventure of all: the quest for his spiritual roots.

'The title is Search Party - the idea being that we're all out here looking for something, and my poems are my way of finding myself.' A young black poet blending spoken word and rap; an inner city upbringing with a Cambridge education; a social consciousness with a satirical wit and infectious rhythm - George The Poet is the voice of a new generation. *Search Party* is a thought-provoking and deeply autobiographical collection. From the overtly political 'Go Home' to the deeply personal 'Full-time';

the narrative poems that offer vivid and unapologetic snapshots of inner-city life, such as 'His Mistakes', 'Believer' and the anthemic 'My City'; to the provocative social commentary in 'Lazy Dog' and 'YOLO'; to the inspiring, idea-driven pieces such as 'The Power of Collaboration' and 'School Blues', George takes poetry into new territories and to new audiences, offering a different way to talk about the things that matter, to explore his own experience and ideas, and encourage others explore theirs. George The Poet's mesmerising and unforgettable live performances have earned him critical acclaim. From sell-out headline gigs and YouTube hits, to recording his own music, and now his first collection of poetry, George uses his work to speak truth to power and challenge our preconceived ideas about the society we're living in. Whether you're searching for yourself, for answers, for change - join the search party.

These Precious Days SAGE

The beloved New York Times bestselling author reflects on home, family, friendships and writing in this deeply personal collection of essays. "The elegance of Patchett's prose is seductive and inviting: with Patchett as a guide, readers will really get to grips with the power of struggles, failures, and triumphs alike." —*Publisher's Weekly* "Any story that starts will also end." As a writer, Ann Patchett knows what the outcome of her fiction will be. Life, however, often takes turns we do not see coming. Patchett ponders this truth in these wise essays that afford a fresh and intimate look into her mind and heart. At the center of *These Precious Days* is the title essay, a surprising and moving meditation on an unexpected friendship that explores "what it means to be seen, to find someone with whom you can be your best and most complete self." When Patchett chose an early galley of actor and producer Tom Hanks' short story collection to read one night before bed, she had no idea that this single choice would be life changing. It would introduce her to a remarkable woman—Tom's brilliant assistant Sooki—with whom she would form a profound bond that held monumental consequences for them both. A literary alchemist, Patchett plumbs the depths of her experiences to create gold: engaging and moving pieces that are both self-portrait and landscape, each vibrant with emotion and rich in insight. Turning her writer's eye on her own experiences, she transforms the private into the universal, providing us all a way to look at our own worlds anew, and reminds how fleeting and enigmatic life can be. From the enchantments of Kate DiCamillo's children's books (author of *The Beatryce Prophecy*) to youthful memories of Paris; the cherished life gifts given by her three fathers to the unexpected influence of Charles Schultz's Snoopy; the expansive vision of Eudora Welty to the importance of knitting, Patchett connects life and art as she illuminates what matters most. Infused with the author's grace, wit, and warmth,

the pieces in *These Precious Days* resonate deep in the soul, leaving an indelible mark—and demonstrate why Ann Patchett is one of the most celebrated writers of our time.

"It is a savage age of sorcery and bloodshed, where strong men and beautiful women, warlords, priests, magicians and gladiators battle to carve a bloody path leading to the Throne of Lemuria. It is an age of heroic legends and valiant sagas too. And this is one of them..." *Barbarians of Lemuria; swords & sorcery roleplaying*, inspired by Thongor, Conan, Brak and Elric. *Barbarians of Lemuria* has been acclaimed by many as one of the best roleplaying games of this genre. This 'Legendary' version features updates and extra goodies to give you much more swords & sorcery role playing goodness.

Six of Crows - Chapters 1 and 2 ASCD

Properly crafted and individually tailored feedback on student work boosts student achievement across subjects and grades. In this updated and expanded second edition of her best-selling book, Susan M. Brookhart offers enhanced guidance and three lenses for considering the effectiveness of feedback: (1) does it conform to the research, (2) does it offer an episode of learning for the student and teacher, and (3) does the student use the feedback to extend learning? In this comprehensive guide for teachers at all levels, you will find information on every aspect of feedback, including

- Strategies to uplift and encourage students to persevere in their work.
- How to formulate and deliver feedback that both assesses learning and extends instruction.
- When and how to use oral, written, and visual as well as individual, group, or whole-class feedback.
- A concise and updated overview of the research findings on feedback and how they apply to today's classrooms.

In addition, the book is replete with examples of good and bad feedback as well as rubrics that you can use to construct feedback tailored to different learners, including successful students, struggling students, and English language learners. The vast majority of students will respond positively to feedback that shows you care about them and their learning. Whether you teach young students or teens, this book is an invaluable resource for guaranteeing that the feedback you give students is engaging, informative, and, above all, effective.

 #1 NEW YORK TIMES BEST SELLER • John Grisham takes you to a different kind of court in his first basketball novel. Samuel "Sooley" Sooleymon is a raw, young talent with big hoop dreams—and even bigger challenges off the court. "Hard to put down ... the pages turn quickly ... building to a climax that won't leave readers doubting whether this is a John Grisham novel." —*Associated Press* In the summer of his seventeenth year, Samuel Sooleymon gets the chance of a lifetime: a trip to the United

States with his South Sudanese teammates to play in a showcase basketball tournament. He has never been away from home, nor has he ever been on an airplane. The opportunity to be scouted by dozens of college coaches is a dream come true. Samuel is an amazing athlete, with speed, quickness, and an astonishing vertical leap. The rest of his game, though, needs work, and the American coaches are less than impressed. During the tournament, Samuel receives devastating news from home: A civil war is raging across South Sudan, and rebel troops have ransacked his village. His father is dead, his sister is missing, and his mother and two younger brothers are in a refugee camp. Samuel desperately wants to go home, but it's just not possible. Partly out of sympathy, the coach of North Carolina Central offers him a scholarship. Samuel moves to Durham, enrolls in classes, joins the team, and prepares to sit out his freshman season. There is plenty of more mature talent and he isn't immediately needed. But Samuel has something no other player has: a fierce determination to succeed so he can bring his family to America. He works tirelessly on his game, shooting baskets every morning at dawn by himself in the gym, and soon he's dominating everyone in practice. With the Central team losing and suffering injury after injury, Sooley, as he is nicknamed, is called off the bench. And the legend begins. But how far can Sooley take his team? And will success allow him to save his family? Gripping and moving, Sooley showcases John Grisham's unparalleled storytelling powers in a whole new light. This is Grisham at the top of his game.

Global climate change - rapid, substantial and human induced - may have radical consequences for life on earth. The problem is a complex one, however, demanding a multi-disciplinary approach. A simple cost-benefit analysis cannot capture the essentials, nor can the issue be reduced to an emissions reduction game, as the Kyoto process tries to do. It is much more sensible to adopt an integrative approach, which reveals that global climate change needs to be considered as a spider in a web, a triggering factor for a range of other, related problems - land use changes, water supply and demand, food supply, energy supply, human health, air pollution, etc. But an approach like this, which takes account of all items of knowledge, known and uncertain, does not produce clear-cut, final and popular answers. It does provide useful insights, however, which will allow comprehensive and effective long-term climate strategies to be put into effect. Climate Change: An Integrated Perspective will appeal to a broad spectrum of readers. It is a useful source for the climate-change professionals, such as policy makers and analysts, natural and social scientists. It is also suitable for educationalists, students and indeed anyone interested in the fascinating world of multidisciplinary research underlying our approach to this global change issue.

Teach Living Poets John Wiley & Sons

Teach Living Poets opens up the flourishing world of contemporary poetry to secondary teachers, giving advice on reading contemporary poetry, discovering new poets, and inviting living poets into the classroom, as well as sharing sample lessons, writing prompts, and ways to become an engaged member of a professional learning community. The #TeachLivingPoets approach, which has grown out of the vibrant movement and community founded by high school teacher Melissa Alter Smith and been codeveloped with poet and scholar Lindsay Illich, offers rich opportunities for students to improve critical reading and writing, opportunities for self-expression and social-emotional learning, and, perhaps the most desirable outcome, the opportunity to fall in love with language and discover (or renew) their love of reading. The many poems included in Teach Living Poets are representative of the diverse poets writing today.

What Teachers Make Penguin

'This book should be required reading for anyone thinking of having a baby, or even anyone who knows someone who is thinking of having a baby' Scotland on Sunday 'Fascinating and honest' Mumsnet 'Like talking to a friend' Observer Winner of the Ted Hughes Award for New Work in Poetry There were many things that Hollie McNish didn't know before she was pregnant. How her family and friends would react; that Mr Whippy would be off the menu; how quickly ice can melt on a stomach. These were on top of the many other things she didn't know about babies:

how to stand while holding one; how to do a poetry gig with your baby as a member of the audience; how drum'n'bass can make a great lullaby. And that's before you even start on toddlers. But Hollie learned. And she's still learning, slowly. Nobody Told Me is a collection of poems and stories; Hollie's thoughts on raising a child in modern Britain, of trying to become a parent in modern Britain, of sex, commercialism, feeding, gender and of finding secret places to scream once in a while.

Bluefishing BRILL

Intended for students of intermediate organic chemistry, this text shows how to write a reasonable mechanism for an organic chemical transformation. The discussion is organized by types of mechanisms and the conditions under which the reaction is executed, rather than by the overall reaction as is the case in most textbooks. Each chapter discusses common mechanistic pathways and suggests practical tips for drawing them. Worked problems are included in the discussion of each mechanism, and "common error alerts" are scattered throughout the text to warn readers about pitfalls and misconceptions that bedevil students. Each chapter is capped by a large problem set.

Learning Personalized Random House (NY)

First released in the Spring of 1999, How People Learn has been expanded to show how the theories and insights from the original book can translate into actions and practice, now making a real connection between classroom activities and learning behavior. This edition includes far-reaching suggestions for research that could increase the impact that classroom teaching has on actual learning. Like the original edition, this book offers exciting new research about the mind and the brain that provides answers to a number of compelling questions. When do infants begin to learn? How do experts learn and how is this different from non-experts? What can teachers and schools do-with curricula, classroom settings, and teaching methods--to help children learn most effectively? New evidence from many branches of science has

significantly added to our understanding of what it means to know, from the neural processes that occur during learning to the influence of culture on what people see and absorb. How People Learn examines these findings and their implications for what we teach, how we teach it, and how we assess what our children learn. The book uses exemplary teaching to illustrate how approaches based on what we now know result in in-depth learning. This new knowledge calls into question concepts and practices firmly entrenched in our current education system. Topics include: How learning actually changes the physical structure of the brain. How existing knowledge affects what people notice and how they learn. What the thought processes of experts tell us about how to teach. The amazing learning potential of infants. The relationship of classroom learning and everyday settings of community and workplace. Learning needs and opportunities for teachers. A realistic look at the role of technology in education.

Nine-Headed Dragon River Thomas Nelson

With this dazzling modern myth in verse, Kae Tempest became the youngest winner of the prestigious Ted Hughes Award for New Work in Poetry. Yes, the gods are on the park bench, the gods are on the bus, / The gods are all here, the gods are in us. / The gods are timeless, fearless, fighting to be bold, / conviction is a heavy hand to hold, / grip it, winged sandals tearing up the pavement -- / you, me, everyone: Brand New Ancients. Kae Tempest's words in Brand New Ancients are written to be read aloud; the book combines poem, rap, and humanist sermon, by turns tender and fierce. Set in Southeast London, Brand New Ancients finds the mythic in the mundane. It is the story of two half-brothers, Thomas and Clive, unknown to each other -- Thomas the result of an affair between his mother and Clive's father. Tempest, with wide-ranging empathy, takes us inside the passionless marriage of Jane and Kevin -- the man who suspects Thomas is not his son, but loves him just the same -- and the neighboring home of Mary and Brian, where betrayal has not been so placidly accepted. The sons of these two households -- quiet, creative Thomas and angry, destructive Clive -- will cross paths in adolescence, their fates converging with mortal fury. These characters' loves, their infidelities, their disappointments and their small comforts -- these, Tempest argues, are timeless. Our lives and our choices are no less important than those of history and myth. Awarded the Ted Hughes Award for New Work in Poetry, Brand New Ancients insists on our importance as individuals -- and asserts Kae Tempest's importance as a talent impossible to ignore.

Childe Harold's Pilgrimage Routledge

In an examination of the impact of education policy on Australia's diverse student population, this book asks if increasing the years of compulsory schooling can make the positive social impact its proponents claim. The authors' analysis reveals a policy disjuncture wrought by competing agendas of increased school leaving age and school choice.
