Manufacturers now make sure that components are where they are needed on the production line just in time for when they are needed and no longer. Such finessing of the way the supply chain works boosts the corporate bottom line and can make the difference between being a market leader or an

Comforting and intimate, this “girlfriend” guide to getting pregnant gets to the heart of all the emotional issues around having children—biological pressure, in-law pressures, greater social pressures—to support women who are considering getting pregnant. Trying to get pregnant is enough to make any woman impatient. *The Impatient Woman's Guide to Getting Pregnant* is a complete guide to the medical, psychological, social, and sexual aspects of getting pregnant, told in a funny, compassionate way, like talking to a good friend who's been through it all. And in fact, Dr. Jean Twenge has been through it all—the mother of three young children, she started researching fertility when trying to conceive for the first time. A renowned sociologist and professor at San Diego State University, Dr. Twenge brought her research background to the huge amount of information—sometimes contradictory, frequently alarmist, and often discouraging—that she encountered online, from family and friends, and in books, and decided to go into the latest studies to find out the real story. The good news is: There is a lot less to worry about than you've been led to believe. Dr. Twenge gets to the heart of the emotional issues around getting pregnant, including how to prepare mentally and physically when thinking about conceiving; how to talk about it

with family, friends, and your partner; and how to handle the great sadness of a miscarriage. Also covered is how to know when you're ovulating, when to have sex, timing your pregnancy, maximizing your chances of getting pregnant, how to tilt the odds toward having a boy or a girl, and the best prenatal diet. Get a Life! Simon and Schuster

Cathie Black is the wise, funny mentor that every woman dreams of having. She was a pioneer in advertising sales at a time when women didn't sell; served as

president and publisher of the fledgling USA Today; and, in her current position as the president of Hearst Magazines, persuaded Oprah to launch a magazine. In 2006 she was named one of Fortune's "50 Most Powerful Women in American Business" for the seventh consecutive year. Now, in the exuberant, down-to-earth voice that is her trademark, Cathie explains how she achieved "the 360° life"—a blend of professional accomplishment and personal contentment—and how any woman can seize opportunity in the workplace. No matter where you are in your career, *Basic Black* offers invaluable lessons that will help you land the job, promotion, or project you're vying for. At the core of the book are Cathie's candid, personal stories. She walks us through her decision to risk dropping a huge ad agency that handled the USA Today campaign in favor of a small boutique agency run by a wild man. (It was a smash.) She admits that her sometimes brusque style once led to a mutiny of staffers at Ms. (She learned to be more flexible in her managerial style.) She offers a clear-eyed look at what happened during the twenty-eight months between the launch and the close of the much-buzzed-about Talk magazine. And throughout, she offers fascinating glimpses of media and business personalities, such as Rupert Murdoch, Tina Brown, Frank Bennack, Vic Ganzi, former CosmoGirl! editor Atoosa Rubenstein, Bonnie Fuller, and the legendarily difficult Al Neuharth, founder of USA Today. Above all, *Basic Black* is motivating. It provides a close-up look at the keen judgment, perseverance, and optimism that have propelled Cathie Black to the top of her game, along with the kind of straight-up practical advice you get in a one-on-one

session with a career coach. You'll find out how to handle job interviews, which rules to break, and why you should make your life a grudge-free zone. Equally important, you'll be inspired to pursue your passions and achieve your very best.

Writing a book is fun and easy--yes, FUN AND EASY--but it may not always feel that way. How do you find the time to write? How do you keep momentum? How do you deal with the horror of showing anyone a single sentence of your work-in-progress? The answers remain fun and easy, and author Elizabeth Sims will take your hand, dispel your worries, and show you how it's done in this stress-free guide to accomplishing your dream of writing your book. In *You've Got a Book in You*, Elizabeth is that encouraging voice guiding you through the entire process, from finding the right time and place to gathering all of your creative tools to diving right in and getting it done--page by page, step by step. It's easier than you think, and it all starts right here, right now. "This guide is witty, warm, and wise--and wonderfully down-to-earth as well. Elizabeth Sims doesn't just tell you that you've got a book in you, she shows you how to pour it out using your own creative spirit, common sense, and persistence." ~Lori L. Lake, author of *The Gun Series* and *The Public Eye Mystery Series* "If you're searching for the spark of inspiration to get started writing a book, and the nourishment to sustain you to THE END, Elizabeth Sims's *You've Got a Book in You* will show you how to find it in yourself." ~Hallie Ephron, award-winning author of *There Was an Old Woman* "You won't find an easier-to-follow or more inspirational

writing guide." ~L.J. Sellers, author of the bestselling Jackson mysteries "By focusing the high beams of her intelligence (and humor!) on the twisty trail of book-writing, in *You've Got a Book in You*, Elizabeth Sims proves herself a true writer's friend. As she guides you from the creation of a "working title" through her (brilliant!) "Making-It-Better Process," this well-established pro plays her most impressive cards--stacking the deck in favor of YOU!" ~Jamie Morris, Director, Woodstream Writers "Elizabeth Sims packs a twelve-week writing course into 280 pages. Inspirational and yet extremely hands-on, *You've Got a Book In You* will give newbies confidence to forge ahead and will remind veteran writers why they began writing in the first place--for the joy of it. I won't be surprised when the brilliant terms 'stormwriting' and 'heartbrain' become part of every writer's lexicon." ~Julie Compton, author of *Tell No Lies and Keep No Secrets* "The book is encouraging and inspiring, practical and witty. As a seasoned writer, I appreciate the reminders about the importance of putting yourself on a writing schedule. No more excuses. The many 'writing blasts' are very helpful and will get any writer out of the starting blocks. I especially enjoyed the section, 'Writing with the Masters.' What better way to get inspired, get a feel for different styles, and get jump-started on your writing? Excellent advice that I plan to incorporate in my future classes. I concur with Sims that 'writer's block' is greatly exaggerated. Is there any other profession that claims such a phenomenon? 'Excuse, me, but I have 'book-keeping block,' 'playing music block,' or 'painting block' today? I don't think so. Get yourself on a schedule,

read some Sims, write with the masters, and you'll be on your way. You'll be glad you met this friend on your journey to becoming a successful writer." ~Gesa Kirsch, Ph.D., Professor of English, Director of Valente Center for the Arts and Sciences, Bentley University [Dos and Don'ts of Right Behavior, Tough Thinking, Clear Writing, and Living a Good Life](#) John Wiley & Sons Since 2001 William Germano's *Getting It Published* has helped thousands of scholars develop a compelling book proposal, find the right academic publisher, evaluate a contract, handle the review process, and, finally, emerge as published authors. But a lot has changed in the past seven years. With the publishing world both more competitive and mor...

A stimulating exploration of wandering, being lost, and the uses of the unknown from the author of Orwell's *Roses*. Written as a series of autobiographical essays, *A Field Guide to Getting Lost* draws on emblematic moments and relationships in Rebecca Solnit's life to explore issues of uncertainty, trust, loss, memory, desire, and place. Solnit is interested in the stories we use to navigate our way through the world, and the places we traverse, from wilderness to cities, in finding ourselves, or losing ourselves. While deeply personal, her own stories link up to larger stories, from captivity narratives of early Americans to the use of the color blue in Renaissance painting, not to mention encounters with tortoises, monks, punk rockers, mountains, deserts, and the movie *Vertigo*. The result is a distinctive, stimulating voyage of discovery.
