Publications

For the Introduction to Corrections course An easy-to-use, easy-to-teach, comprehensive overview of the field of corrections Based on its established tradition of comprehensive, student-friendly coverage with extensive supplemental material, *Corrections in America* has been the best-selling text in the field for over 40 years. It covers virtually all aspects of corrections, including its history, prisons in the present, correctional ideologies, sentencing and legal issues, alternatives to imprisonment, institutional corrections, and correctional clients. This new edition includes expanded coverage of

contemporary issues, including juvenile facilities, state and federal prisons, and security threats and gangs. Photos and figures provide a visual learning experience that presents complex data in a very simple and readable manner. Key words, review questions, definitions and objective-based summaries make instruction more focused, and help students master the materials. *¿* Also available with MyCJLab This title is also available with MyCJLab—an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. This powerful homework and test manager lets you create, import, and

manage online homework assignments, quizzes, and tests that are automatically graded. You can choose from a wide range of assignment options, including time limits, proctoring, and maximum number of attempts allowed. The bottom line: MyLab means less time grading and more time teaching. NOTE: You are purchasing a standalone product; MyCJLab does not come packaged with this content. If you would like to purchase both the physical text and MyCJLab search for ISBN-10: 0134099664/ISBN-13: 9780134099668. That package includes ISBN-10: 0133591212/ISBN-13: 9780133591217 and ISBN-10:

0133895173/ISBN-13: 9780133895179. MyCJLab should only be purchased when required by an instructor.

Inside Private Prisons
SAGE Publications
For courses in Corrections. Easy-to-use, easy-to-teach complete guide to Corrections The field's best-selling text for over 40 years, Revel(TM) Corrections in America: An Introduction addresses the current state of Corrections. With a tradition of comprehensive, student-friendly coverage, the text covers nearly all aspects of Corrections - from its history, ideologies, and legal issues, to prisons and correctional clients. It combines current and past research, theory

and practice, and real-world examples to offer readers a strong foundation of field knowledge. The 15th edition analyzes rapid, significant changes affecting Corrections, and projects their future impact. Revel is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, Revel replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, Revel is an interactive learning environment that enables students to read, practice, and study in one continuous experience -- for less than the cost of a traditional textbook. NOTE: This

Revel Combo Access pack includes a Revel access code plus a loose-leaf print reference (delivered by mail) to complement your Revel experience. In addition to this access code, you will need a course invite link, provided by your instructor, to register for and use Revel.

An Introduction ; 1998 Special Supplement
SAGE

One of the first contemporary works to bring together research focused on community corrections officers, *Professional Lives of Community Corrections Officers: The Invisible Side of Reentry*, by Faith E. Lutze, helps readers understand the importance of community corrections officers to the success of the criminal justice

system. The author brings the important work of these officers out from the shadows of the prison and into the light of informed policymaking, demonstrating how their work connects to the broader political, economic, and social context. Arguing that they are “street-level boundary spanners” who are in the best position to lead effective reentry initiatives built on interagency collaboration, the author shows how community corrections officers can effectively lead a fluid response to reentry that is inclusive of control, support, and treatment. This supplement is ideal for community corrections or probation and parole courses to supplement core textbooks.

The Essentials

Corrections in America
An Introduction
Introduction
The 12th edition of Corrections in America has been the premier text for introductory corrections in the last third of a century. It is the longest continuously published work on corrections in the nation. Its clarity and well-designed learning features continue to make it a favorite of instructors and students alike. Some of the key features include: - The # 1 book in the market since the 1970s! - The STANDARD of corrections - All SUPPLEMENTS are done by authors - Balanced Approach - current and past research, theory & practice - Systems

Approach - exploring each element of corrections as an integrated series of people, programs, & processes - Unbiased presentation of corrections' most controversial issues This is an excellent reference for anyone currently working in the corrections field!

Handbook on Moving Corrections and Sentencing Forward
Routledge
The Routledge Handbook of Corrections in the United States brings together original contributions from leading scholars in criminology and criminal justice that provide an in-depth, state-of-the-art look at the most important topics in corrections. The book discusses the foundations of

corrections in the United States, philosophical issues that have guided historical movements in corrections, different types of punishment and supervision, trends in incarceration, issues affecting race, ethnicity, and special populations in corrections, and a variety of other emerging issues. This book scrutinizes innovative community programs as well as more traditional sanctions, and exposes the key issues and debates surrounding the correctional process in the United States. Among other important topics, selections address the inherent discrimination within the system, special issues surrounding certain populations, and the

utilization of the death penalty as the ultimate punishment. This book serves as an essential reference for academicians and practitioners working in corrections and related agencies, as well as for students taking courses in criminal justice, criminology, and related subjects.

When the tough-on-crime politics of the 1980s overcrowded state prisons, private companies saw potential profit in building and operating correctional facilities. Today more than a hundred thousand of the 1.5 million incarcerated Americans are held in private prisons in twenty-nine states and federal corrections.

Private prisons are criticized for making money off mass incarceration—to the tune of \$5 billion in annual revenue. Based on Lauren-Brooke Eisen’s work as a prosecutor, journalist, and attorney at policy think tanks, *Inside Private Prisons* blends investigative reportage and quantitative and historical research to analyze privatized corrections in America. From divestment campaigns to boardrooms to private immigration-detention centers across the Southwest, Eisen examines private prisons through the eyes of inmates, their families, correctional staff, policymakers, activists, Immigration and Customs Enforcement employees,

undocumented immigrants, and the executives of America's largest private prison corporations. Private prisons have become ground zero in the anti-mass-incarceration movement. Universities have divested from these companies, political candidates hesitate to accept their campaign donations, and the Department of Justice tried to phase out its contracts with them. On the other side, impoverished rural towns often try to lure the for-profit prison industry to build facilities and create new jobs. Neither an endorsement or a demonization, *Inside Private Prisons* details the complicated and perverse incentives rooted in the industry,

from mandatory bed occupancy to vested interests in mass incarceration. If private prisons are here to stay, how can we fix them? This book is a blueprint for policymakers to reform practices and for concerned citizens to understand our changing carceral landscape.

A practical, inside look at the world of corrections Updated with state-of-the-practice information, recent data, and new research and findings, *Corrections: An Introduction*, 5/e, provides a practical approach to the world of corrections. Richard

Seiter focuses on what people do in corrections, why they do it, and what challenges face contemporary correctional staff and administrators. Seiter gives students a first-hand look at corrections, integrating his experience in the field with correctional theory, history, and policy. Coverage of the realities and rationales of actual correctional practices at the local, state, and federal levels allows readers to see how theory is put into practice. Engaging case studies, career tips, and personal insights help students connect with the material and gain a realistic and practical understanding of corrections today. *Corrections, 5/e* is also available via

REVEL(tm), an interactive learning environment that enables students to read, practice, and study in one continuous experience.

Exploring Crime,
Punishment, and
Justice in America

Aspen Publishers
It is no secret that
America's sentencing
and corrections
systems are in crisis,
and neither system can
be understood or
repaired fully without
careful consideration of
the other. This
handbook examines
the intertwined and

multi-layered fields of American sentencing and corrections from global and historical viewpoints, from theoretical and policy perspectives, and with close attention to many problem-specific arenas. Editors Joan Petersilia and Kevin R. Reitz, both leaders in their respective fields, bring together a group of preeminent scholars to present state-of-the-art research, investigate current practices, and explore the implications of new and varied approaches wherever possible. The handbook's contributors bridge the gap between research and policy across a range of topics including an overview of mass incarceration and its collateral effects, explorations of sentencing theories

and their applications, analyses of the full spectrum of correctional options, and first-hand accounts of life inside of and outside of prison. Individual chapters reflect expertise and source materials from multiple fields including criminology, law, sociology, psychology, public policy, economics, political science, and history. Proving that the problems of sentencing and corrections, writ large, cannot be addressed effectively or comprehensively within the confines of any one discipline, The Oxford Handbook of Sentencing and Corrections is a vital reference volume on these two related and central components of America's ongoing

experiment in mass incarceration.

Corrections

Routledge

Corrections in the Community, Sixth Edition, examines the current state of community corrections and proposes an evidence-based approach to making programs more effective. As the U.S. prison system approaches meltdown, options like probation, parole, alternative sentencing, and both residential and non-residential programs in the community continue to grow in importance. This text provides a solid foundation and includes the most salient information available on the broad and dynamic subject of community corrections. Authors Latessa and

Smith organize and evaluate the latest data on the assessment of offender risk/need/responsivity and successful methods that continue to improve community supervision and its effects on different types of clients, from the mentally ill to juveniles. This book provides students with a thorough understanding of the theoretical and practical aspects of community corrections and prepares them to evaluate and strengthen these crucial programs. This sixth edition includes a new chapter on specialty drug and other problem-solving courts. Now found in every state, these specialty courts represent a new way to deal with some of the

problems that face our citizens, be it substance abuse or reentry to the community from prison. Chapters contain key terms, boxed material, review questions, and recommended readings, and a glossary is provided to clarify important concepts.

An IntroductionAn Introduction

Routledge
Corrections: The Essentials, Third Edition is a comprehensive, yet compact version of the typical corrections text. Authors Mary K. Stohr and Anthony Walsh address the most important topics in corrections in a briefer, full-color format, offered at a lower cost. It includes the usual topics typically found

in corrections textbooks, but has a unique perspective with greater coverage on three key topics: the history and development of correctional institutions, ethics and diversity. The book also offers unique special feature boxes, allowing students and instructors the opportunity to focus on key perspectives to broaden the book's coverage. The book's brevity makes it an excellent core textbook that can easily be supplemented with additional reading materials.

Exploring Causes and Consequences

Routledge
This is that book: The one that is authoritative and readable. The one that covers the subject

thoroughly, but is always manageable, navigable, and engaging. It pairs sterling authorship with an accessible style. Like the wind at your back, Richard Tewksbury's *Introduction to Corrections* motivates you through a wide range of interesting topics without impediment--because clear text needs no box. Accessible and authoritative, Richard Tewksbury's *Introduction to Corrections* features: A succinct overview of the American correctional system, by a renowned scholar in the field Thorough coverage of course content The structure and operations of correctional systems The history and politics of corrections The

goals of corrections in society today A logical organization, from the role of corrections in controlling crime, to an in-depth look at the most troubling issues in corrections today A clean page design Consistently clear and direct narrative style Corrections SAGE Publications This book offers criminologists and students an evidence-based discussion of the latest trends in corrections. Over the last several decades, research has clearly shown that rehabilitation efforts can be effective at reducing recidivism among criminal offenders. However, researchers also recognize that treatment is not a "one size fits all" approach. Offenders vary by

gender, age, crime type, and/or addictions, to name but a few, and these individual needs must be addressed by providers. Finally, issues such as leadership, quality of staff, and evaluation efforts affect the quality and delivery of treatment services. This book synthesizes the vast research for the student interested in correctional rehabilitation as well as for the practitioner working with offenders. While other texts have addressed issues regarding treatment in corrections, this text is unique in that it not only discusses the research on "what works" but also addresses implementation issues as practitioners move from theory to

practice, as well as the importance of staff, leadership and evaluation efforts. Corrections in America Macmillan
A Brief Introduction to Corrections is a condensed version of the best-selling Introduction to Corrections by Robert D. Hanser. This new text provides students with an overview of corrections that is both practitioner-driven and grounded in modern research. Experienced correctional practitioner and scholar Robert D. Hanser shows readers how the corrections system actually works, from classification to security and treatment to demonstrating how and why correctional practices are implemented.

SAGE Lecture Spark: Designed to save you time and ignite student engagement, these free weekly lecture launchers focus on current event topics tied to key concepts in Criminal Justice. Access this week's topic. [Building on the Record](#) SAGE Publications American Corrections, Second Edition offers you a contemporary, issues-oriented introduction that covers every aspect of corrections, prompting you to think critically about complex issues that are affecting the current U.S. correctional system.

Incorporating the most recent theory, research, and data available, the Second Edition encourages you to explore the most interesting and progressive developments in correctional policy and practice. Authors Barry A. Krisberg, Susan Marchionna, and Christopher J. Hartney draw from years of professional experience to give you a practical knowledge of corrections, as well as provide a framework for thoughtful analysis into what is plaguing the American correctional system and a realistic exploration of the solutions that could make a difference. New to the Second Edition: Up-to-date coverage of today's key issues reflects the

latest developments in corrections, including the fiscal impact of corrections, reforms in corrections, and an expanded use of alternatives to incarceration. Debates around the effectiveness of corrections encourage you to think critically about probation, problem-solving courts, split sentences and flash incarceration, new recidivism studies, rates of racial and ethnic disparity in adult and juvenile corrections, and overrepresentation of youth of color in prisons. Recent trends are discussed to give you a clearer picture of how the correctional system has transformed over the years, including the decline in the practice of incarcerating

juveniles in large prisons, the rising incarceration rate for women, the treatment of mentally ill inmates, the increase of private prisons, and more. Incisive exploration of policies proposed by the Trump administration shows you how the current administration's approach differs from Obama-era sentencing reforms and encourages students to think critically about the potent impacts on the correctional system. New Spotlight boxes introduce you to key issues such as immigration and detention and the opioid addiction epidemic. Updated references, statistics, court rulings, and data help you understand the latest trends in correctional practices.

American Corrections
in Brief Pearson

Corrections: Exploring Crime, Punishment, and Justice in America provides a thorough introduction to the topic of corrections in America. In addition to providing complete coverage of the history and structure of corrections, it offers a balanced account of the issues facing the field so that readers can arrive at informed opinions regarding the process and current state of corrections in America. The 3e introduces new content and fully updated information on America's correctional system in a lively, colorful, readable textbook. Both instructors and students benefit from the inclusion of pedagogical tools and

visual elements that help clarify the material.

An Introduction : Annotated Instructor's Edition Prentice Hall Corrections: A Text/Reader, Second Edition is designed for undergraduate and/or graduate corrections courses. Organized like a traditional corrections text, it offers brief authored introductions in a mini-chapter format for each key Section, followed by carefully selected and edited original articles by leading scholars. This hybrid format - ensuring coverage of important material while emphasizing the significance of contemporary research - offers an excellent alternative which recognizes the impact and importance of new

directions and policy in this field, and how these advances are determined by research.

An Introduction

Routledge

Millions in our nation are under some type of judicial sanction, with some individuals behind bars but the majority serving their sentences while living and working among us.

Introduction to Corrections examines predominant issues related to the system of administering to offenders in the United States. Written in a simple, concise style and enhanced with discussion questions and a list of key terms in each chapter, this volume begins with an overview of the system and a historical review and then focuses on select issues,

including: Sentencing goals and rationales, and types of sentencing Noncustodial supervision, including probation, electronic monitoring, home confinement, halfway houses, and offender registration Parole and postconfinement release Jail, prison, and jurisdictional differences in correction systems Challenges faced by corrections personnel, including overcrowding, health issues, sexual assault in institutions, and prison gangs Constitutional challenges to inmate controls Issues related to victims' rights, including federal and state funds and notification programs Correctional counseling perspectives and

prevailing sociological theories Controversies surrounding capital punishment in the United States Juvenile corrections, including probation, parole, and life sentences for minors The evolution of corrections in the United States has spanned three centuries and has moved from an origin of basic community-

based confinement to an extensive system that includes federal, state, local, private, and military facilities and programs. Examining diverse topics relevant to a range of professionals in the corrections community, this book explores the functions of corrections as well as those who serve in the profession.
