## ALEXZANDER KIDD

### The Cambridge Guide to Homer BRILL

After fifty years and fifteen editions and reprints in Italy, this classic, groundbreaking work in the field of historical urban studies is now published in English. A masterful, fluent narrative leads the reader through the last two centuries in the history of the Eternal City, capital of the Papal State, then of the united Italy, first under the monarchy and subsequently the republic. Rome's chaotic growth and often ineffective urban planning, almost invariably overpowered by building speculation, can find an opportunity for future redemption in a vibrant multicultural society and the enhancement of an unequalled archaeological heritage with the ancient Appian Way as its spine. With respect to the last Italian edition of 2011, the volume is updated, enriched in text, indexes, maps and photographs. Historians, urban planners, architects, decision makers, university students, and anyone who is interested in one of the world's most intriguing cities will enjoy this book.

**The Roman Villa in the Mediterranean Basin** Cambridge University Press

The first global history of African linguistics as an emerging autonomous academic discipline, covering Africa, the Americas, Asia, Australia, and Europe.

**The Cambridge History of War: Volume 2, War and the Medieval World** Cambridge University Press

Vols. for 1951-53 include "Authors" and "Subjects."

This A-Z map of Stoke-on-Trent and Newcastle-under-Lyme is a full colour street atlas featuring 38 pages of continuous street mapping which extends to include: -Alsager-Biddulph-Kidsgrrove-Audley-Tunstall-Burslem-Endon-Silverdale-Hanley-Werrington-Longton-Cheadle-Blythe Bridge-Wedgwood Visitor Centre-Barlaston In addition, there is separate coverage of Congleton and Leek and large scale city/town centre maps of Stoke-on-Trent (Hanley) and Newcastle-under-Lyme. Postcode districts, one-way streets and safety camera locations with their maximum speed are featured on this map. The index section lists streets, selected flats, walkways and places of interest, place, area and station names, hospitals and hospices covered by this atlas.

**Who's who in Italy** Cambridge Scholars Publishing  
 Volume II of The Cambridge History of War covers what in Europe is commonly called 'the Middle Ages'. It includes all of the well-known themes of European warfare, from the migrations of the Germanic peoples and the Vikings through the Reconquista, the Crusades and the age of chivalry, to the development of state-controlled gunpowder-wielding armies and the urban militias of the later middle ages; yet its scope is world-wide, ranging across Eurasia and the Americas to trace the interregional connections formed by the great Arab conquests and the expansion of Islam, the migrations of horse nomads such as the Avars and the Turks, the formation of the vast Mongol Empire, and the spread of new technologies - including gunpowder and the earliest firearms - by land and sea.

*Betrothed* Cambridge University Press  
 Essays. Theater. Edited by Daniele Benati. Translated by Adria Bernardi. "Baldini's texts have the wonderful simplicity of fairy tales. It is for this reason that they can be read again and again without becoming tiresome. In the entire civilized western world, simplicity is usually considered as something inferior. Baldini is one of the few who makes us realize that simplicity is the highest conquest of words. But he achieves it through an unbelievably pliable, modulated, and complex prosody, which revolves around a few fundamental sounds, as in modern music. His dialect is a reservoir of these fundamental sounds of emotion" - Gianni Celati.

 The A-Z Adventure Series of maps combines the best of OS and A-Z, creating the perfect companion for walkers, off-road cyclists, horse riders and anyone wishing to explore the great outdoors. The Yorkshire Wolds Way is a 79 mile (127 km) National Trail from the River Humber to the seaside resort of Filey. Crossing a tranquil landscape, the path encounters gently rolling chalk hills with easy climbs, isolated dry valleys, undulating fields and charming villages. The route on the map is clearly highlighted in yellow with mileage markers to gauge distances when planning sections of the walk to enjoy. This official National Trail Map\* of

the Yorkshire Wolds Way features 30 pages of continuous Ordnance Survey 1:25000 mapping providing complete coverage of the Yorkshire Wolds Way. The atlas includes a route planner showing distances between places and the amenities available, featuring: -Information Centres-Hotels/B&Bs-Youth Hostels-Campsites (seasonal opening)-Public Houses-Shops-Restaurants-Cafes (seasonal opening)-Petrol Stations Also featured is advice on safety and security when walking and a selection of QR codes linked to useful websites, including temporary route updates from the National Trails, regional information, map reading advice and weather reports. Unlike the original OS sheets, this A-Z Adventure Atlas includes a comprehensive index to towns, villages, hamlets and locations, natural features, nature reserves, car parks and youth hostels, making it easy to find the required location quickly. Each index entry has a page reference and a six figure National Grid Reference. With a book size of 240mm x 134mm it is the same size as the standard OS folded map. Other National Trails available within the A-Z Adventure series include: Cotswold Way, Hadrian's Wall Path, Norfolk Coast Path & Peddars Way, North Downs Way, Pembrokeshire Coast Path, Offa's Dyke Path, Pennine Way, South Downs Way, SW Coast Path, Thames Path and The Ridgeway. \*A-Z is the official mapping partner of the National Trails.

*Catalog of the Avery Memorial Architectural Library of Columbia University: Citizen - Cuk* Bordighera Press

This A-Z map of Weymouth and Dorchester features 38 pages of coloured street mapping covering: \*Bridport \*Abbotsbury \*Charminster \*Broadmayne \*Broadwey \*Preston \*Isle of Portland \*Crossways \*Wool \*Wareham \*Corfe Castle \*Swanage

*Discourse on the State of the Jews* Getty Publications

This volume offers a comprehensive survey of Roman villas in Italy and the Mediterranean provinces of the Roman Empire, from their origins to the collapse of the Empire. The architecture of villas could be humble or grand, and sometimes luxurious. Villas were most often farms where wine, olive oil, cereals, and manufactured goods, among other products, were produced. They were also venues for hospitality, conversation, and thinking on pagan, and ultimately Christian, themes. Villas spread as the Empire grew. Like towns and cities, they became the means of power and assimilation, just as infrastructure, such as aqueducts and bridges, was transforming the Mediterranean into a Roman sea. The distinctive Roman/Italian villa type was transferred to the provinces, resulting in Mediterranean-wide culture of rural dwelling and work that further unified the Empire.

Are minor languages the lifeblood of cherished local identities or just passports with restricted validity, serving no purpose in today's transnational, global world? Italy's north-eastern region of

Friuli is a case in point: in this area, around half a million people speak Friulian, a Romance language of the Rhaeto-Romance family, which is attested to in written texts since 1150 and acquired official minority language status in 1999. Geographically and politically off-centre, Friuli remained isolated for a long part of its history and developed a unique language that sustained a distinctive identity and culture. Starting from the nineteenth century, large-scale migration towards Northern Europe and the Americas brought Friulian into contact with other languages and contexts of use. The Friulian Language: Identity, Migration, Culture is the first comprehensive study in English of this little-known language to consider its history and the variety of its cultural manifestations from antiquity to the present day. The volume gathers together the work of ten contributors who are specialists in the fields of history (Fulvio Salimbeni), law (William Cislino), linguistics (Paola Benincà, Franco Finco, Fabiana Fusco and Carla Marcatò), literary studies (Rosa Mucignat and Rienzo Pellegrini), and migration (Javier P. Grossutti and Olga Zorzi Pugliese). The focus of the book is on Friulian, its varieties, its linguistic characteristics and its use in literature from fourteenth-century ballads to Pier Paolo Pasolini, and more recent poetry by Novella Cantarutti and others. Equal attention is given to the Friulians themselves, the social and political transformations of the region, and the experience of migration, in particular the case of high-skilled mosaic craftsmen from the Alpine foothills. Thanks to its multidisciplinary approach, the book sheds light on the questions of why Friulian has developed the way it has, what its significance as a minor language is, and how it can negotiate its relationship to other languages on a global scale.

*The Renewal of Pagan Antiquity* Geographers' A-Z Map Company Limited

This ground-breaking volume pushes back conventional dating of the earliest sedentarisation, urbanisation and state formation in the Sahara.

*Italian Books and Periodicals* Cambridge University Press

With more than three million copies in print, John Patrick Green's goofy graphic novel series is a colossal comics hit! Join super spy alligator duo MANGO and BRASH as they surf the sewers and fight the forces of evil. With their Very Exciting Spy Technology and their tried-and-true, toilet-based travel techniques, the InvestiGators are undercover and on the case! And on their first mission together, they have not one but two mysteries to solve! Can Mango and Brash uncover the clues, crack their cases, and corral the crooks—or will the criminals wriggle out of their grasp?

**Directory of Publishing** Getty Publications

In 1638, a small book of no more than 92 pages in octavo was published "appresso Gioanne Calleoni" under the title "Discourse on the State of the Jews and in particular those dwelling in the

illustrious city of Venice." It was dedicated to the Doge of Venice and his counsellors, who are labelled "lovers of Truth." The author of the book was a certain Simone (Simha) Luzzatto, a native of Venice, where he lived and died, serving as rabbi for over fifty years during the course of the seventeenth century. Luzzatto's political thesis is simple and, at the same time, temerarious, if not revolutionary: Venice can put an end to its political decline, he argues, by offering the Jews a monopoly on overseas commercial activity. This plan is highly recommendable because the Jews are "wellsuited for trade," much more so than others (such as "foreigners," for example). The rabbi opens his argument by recalling that trade and usury are the only occupations permitted to Jews. Within the confines of their historical situation, the Venetian Jews became particularly skilled at trade with partners from the Eastern Mediterranean countries. Luzzatto's argument is that this talent could be put at the service of the Venetian government in order to maintain – or, more accurately, recover – its political importance as an intermediary between East and West. He was the first to define the role of the Jews on the basis of their economic and social functions, disregarding the classic categorisation of Judaism's alleged privileged religious status in world history. Nonetheless, going beyond the socio-economic arguments of the book, it is essential to point out Luzzatto's resort to sceptical strategies in order to plead in defence of the Venetian Jews. It is precisely his philosophical and political scepticism that makes Luzzatto's texts so unique. This edition aims to grant access to his works and thought to English-speaking readers and scholars. By approaching his texts from this point of view, the editors hope to open a new path in research into Jewish culture and philosophy that will enable other scholars to develop new directions and new perspectives, stressing the interpenetration between Jews and the surrounding Christian and secular cultures.

The twentieth century saw a proliferation of media discourses on colonialism and, later, decolonisation. Newspapers, periodicals, films, radio and TV broadcasts contributed to the construction of the image of the African "Other" across the colonial world. In recent years, a growing body of literature has explored the role of these media in many colonial societies. As regards the Italian context, however, although several works have been published about the links between colonial culture and national identity, none have addressed the specific role of the media and their impact on collective memory (or lack thereof). This book fills that gap, providing a review of images and themes that have surfaced and resurfaced over time. The volume is divided into two sections, each organised around an underlying theme: while the first deals with visual memory and images from the cinema, radio, television and new media, the second addresses the role of the printed press, graphic novels and comics, photography and trading cards.

*Weymouth and Dorchester A-Z Street Atlas* Cambridge University Press

A collection of essays by the art historian Aby Warburg, these essays look beyond iconography to more psychological aspects of artistic creation: the conditions under which art was practised; its social and cultural contexts; and its conceivable historical meaning.

*International Literary Market Place [ILMP] 1995* Walter de Gruyter GmbH & Co KG

Contains essential bibliographic and access information on serials published throughout the world.

*I Libri del giorno* Cambridge University Press

Dosso Dossi has long been considered one of Renaissance Italy's most intriguing artists. Although a wealth of documents chronicles his life, he remains, in many ways, an enigma, and his art continues to be as elusive as it is compelling. In *Dosso's Fate*, leading scholars from a wide range of disciplines examine the social, intellectual, and historical contexts of his art, focusing on the development of new genres of painting, questions of style and chronology, the influence of courtly culture, and the work of his collaborators, as well as his visual and literary sources and his painting technique. The result is an important and original contribution not only to literature on Dosso Dossi but also to the study of cultural history in early modern Italy.
