Internal Medicine First Aid for the USMLE Step 2 CK, Tenth Edition
 An indispensable high-yield review for the USMLE Step 2 CK! The seventh edition of First Aid for the USMLE Step 2 CK is written by medical students who successfully passed the exam and reviewed by top faculty. The result is proven information and strategies that maximize your study time and deliver the results you want! Features:
 Thousands of must-know facts that summarize frequently tested topics
 Completely updated based on feedback from students who passed 120+ photographs similar to those on the exam
 16 pages of full-color clinical images
 Rapid Review section for last-minute cramming
 Updated ratings of Step 2 CK review resources
Reinforced Concrete Bridges Kaplan Publishing
 Featuring exclusive tips and targeted review from USMLE expert Conrad Fischer, MD, **Master the Boards USMLE Step 2 CK** has the information you need to excel on the exam and match into the residency program you want. Designed to work with Kaplan's Step 2 High Yield course, this edition features exam-style questions and is the highest yield full-color review book for the Clinical Knowledge exam. If it is not likely to appear on the test, it is not in this book. The Best Review New design with hundreds of full-color diagnostic images, algorithms, and tables
 New biostatistics chapter and expanded disease coverage, with dozens of new topics including Zika and Ebola
 Logical, step-by-step approach to patient care
 Disease topics are presented in exam-style format for realistic review: What is the most likely diagnosis? What is the best initial test?

What is the most accurate diagnostic test? What is the treatment? Expert Guidance Avoid surprises on Test Day with exclusive tips and targeted review from USMLE expert Conrad Fischer, MD. Expert test-taking advice, including tips for recognizing incorrect answers and guidance on the order in which steps should be taken. We invented test prep—Kaplan (www.kaptest.com) has been helping students for almost 80 years. Our proven strategies have helped legions of students achieve their dreams.

Master the Boards USMLE Step 3

Lippincott Williams & Wilkins

Do More, Spend Less Simon and Schuster
Now includes Step 2 practice Questions and Answers, with explanations, for each chapter! Current, concise, and easy to use, the updated fifth edition of Step-Up to USMLE Step 2 CK makes essential information engaging and retainable, delivering the perfect exam prep for today's busy medical student. Access just what you need to ace the USMLE Step 2 CK and make a confident transition to clinical practice with this high-yield, system-based review. This updated fifth edition of Step-Up to USMLE Step 2 CK helps you quickly memorize essential information and gives you the realistic test-taking practice to succeed. Full-color illustrations, "Quick Hits," and mnemonics clarify must-know information on causes, risk factors, history and physical exam, lab studies and radiology, treatment, and complications for the most common diseases and disorders. USMLE-style study questions for each chapter mimic those found on the Step 2 exams, accompanied by complete explanations for maximum comprehension and test preparation.

The Massachusetts General Hospital Handbook of Internal Medicine DIANE Publishing

"The questions serve as a self-assessment tool, allowing students to think through clinical scenarios without answer choices influencing their thought process. Most questions end in "what are the appropriate next steps in managing this patient?" Imagine yourself as the clinician taking care of these patients:

What test(s), if any, would you order next?"--Provided by publisher.

Dr. High Yield's Internal Medicine Notes (for the Step 2 CK & Shelf Exams)

Lippincott Williams & Wilkins

The third edition packs illustrations, Next Steps, Mnemonics, and Quick Hits in a single, ingenious tool. Each element is tailored for immediate content absorption, and an all-new full-color interior differentiates elements for faster, more efficient review.

USMLE Step 2 Secrets E-Book

McGraw Hill Professional

This comprehensive case book features 240 high-yield clinical cases, a unique one-case-per-page format, active recall questions and answers for each case, and more than 200 illustrations.

First Aid Cases for the USMLE Step 2 CK, Second Edition Simon and Schuster

The Oxford Handbook for the Foundation Programme returns for a new edition with clear and thorough clinical guidance and honest advice to help you excel in your first two years as a doctor. This edition has been fully updated in line with the latest guidelines and gives you practical, step-by-step guidance on everything from neurological to gastroenterological presentations. Emergency presentations are easily identifiable, giving you fast access to the information you need. This edition also

includes a fully revised chapter on pharmacopeia with references to the British National Formulary, as well as chapters on practical procedures and interpreting results, acting as a guide for surviving on - and off - the wards. The Oxford Handbook for the Foundation Programme is also a unique resource for things they don't teach you at medical school about being a doctor and life on the wards. The authors have drawn on their own experiences and careful research to help you understand issues ranging from your pay and pension, stress and workplace relations, paperwork, and career development. This is an excellent resource for Foundation Programme trainees and medical students preparing themselves for life as a doctor. With this pocket-sized guide at your side you'll never be alone on the wards again.
