 Linsey Davis, Emmy-winning correspondent for ABC News, brings us a culture-rich picture book proudly showcasing the beauty of diversity while also celebrating the wonderful things we have in common. From skin, hair, and eyes in a multitude of colors to different personalities and interests, *One Big Heart* reminds us that God gave us all special traits and characteristics that make us uniquely ourselves. And yet he's made us more alike than different, giving us many things in common—like sharing fun and laughter on the playground, a sense of curiosity, big feelings, and so much more! *One Big Heart* is: Beautifully written by

Linsey Davis, Emmy-winning ABC News correspondent and author of *The World Is Awake* A multiethnic, multicultural, multiracial children's picture book that recognizes our unique differences while also celebrating how alike we are An inspiring story of inclusion, connection and acceptance Written from a Christian worldview Combining lyrical rhymes and Lucy Fleming's whimsical art, this inspiring story is the perfect read-aloud book for kids ages 4-8 and a welcome gift for: Parents and grandparents Teachers School librarians Get ready to celebrate all our similarities and our differences! This diverse picture book—drenched in color and full of laughter and fun—will show us how.

Musicians Getting Away with Murder and Behaving Very Badly St. Martin's Press

Cinders & Sparks is a fresh, funny, and fabulous take on Cinderella for everyone who loves series like *Whatever After* and *Grimmtastic Girls*. Cinders, her talking dog Sparks, and the hapless Hansel are on their way to Fairyland—but first they'll have to make it through the Deep Dark Forest, where they'll meet three bears, a multitude of adventures, and one woman called Rapunzel. Will Hansel eat the three bears' porridge? Will Sparks offer useless advice at every turn? Will Brian the fairy godmother appear and actually help for once? The answers are: yes, yes, and no. The second book in bestselling author Lindsey Kelk's ridiculously entertaining trilogy is filled with adventure, talking dogs, and pure comic silliness. Perfect for readers age 8-12.

I Heart Forever (I Heart Series, Book 7) HarperCollins UK

What if Mr Right was right in front of you all along? Escape with the laugh out loud brand-new romantic comedy from the Sunday Times bestselling author! 'Swoops you up and fills your heart with such joy' Giovanna Fletcher, bestselling author of *Some Kind of Wonderful* and *Eve of Man* *Memoirs and Misinformation* HarperCollins Praise for Lindsey Kelk 'So uplifting and wildly romantic' MARIAN KEYES 'I fell head over heels in love' BEATH O'LEARY 'The kind of book you can't put down, but also want to last forever' EMILY HENRY 'The literary equivalent to opening a glass of wine with your best friend' MHAIRI MCFARLANE

NEW YORK TIMES BESTSELLER • "None of this is real and all of it is true." —Jim Carrey Meet Jim Carrey. Sure, he's an insanely successful and beloved movie star drowning in wealth and privilege—but he's also lonely. Maybe past his prime. Maybe even ... getting fat? He's tried diets, gurus, and cuddling with his military-grade Israeli guard dogs, but nothing seems to lift the cloud of emptiness and ennui. Even the sage advice of his best friend, actor and dinosaur skull collector Nicolas Cage, isn't enough to pull Carrey out of his slump. But then Jim meets Georgie: ruthless ingénue, love of his life. And with the help of auteur screenwriter Charlie Kaufman, he has a role to play in a boundary-pushing new picture that may help him uncover a whole new side to himself—finally, his Oscar vehicle! Things are looking up! But the universe has other plans. *Memoirs and Misinformation* is a fearless semi-autobiographical novel, a deconstruction

of persona. In it, Jim Carrey and Dana Vachon have fashioned a story about acting, Hollywood, agents, celebrity, privilege, friendship, romance, addiction to relevance, fear of personal erasure, our "one big soul," Canada, and a cataclysmic ending of the world—apocalypses within and without.

What a Girl Wants (Tess Brookes Series, Book 2) Ballantine Books

From the creator of the popular rock 'n' roll true crime podcast, *DISGRACELAND* comes an off-kilter, hysterical, at times macabre book of stories from the highly entertaining underbelly of music history. You may know Jerry Lee Lewis married his thirteen-year-old cousin but did you know he shot his bass player in the chest with a shotgun or that a couple of his wives died under extremely mysterious circumstances? Or that Sam Cooke was shot dead in a seedy motel after barging into the manager's office naked to attack her? Maybe not. Would it change your view of him if you knew that, or would your love for his music triumph? Real rock stars do truly insane things and invite truly insane things to happen to them; murder, drug trafficking, rape, cannibalism and the occult. We allow this behavior. We are complicit because a rock star behaving badly is what's expected. It's baked into the cake. Deep down, way down, past all of our self-righteous notions of justice and right and wrong, when it comes down to it, we want our rock stars to be bad. We know the music industry is full of demons, ones that drove Elvis Presley, Phil Spector, Sid Vicious and that consumed the Norwegian Black Metal scene. We want to believe in the myths because they're so damn entertaining. *DISGRACELAND* is a collection of the best of these stories about some of the music world's most beloved stars and their crimes. It will mix all-new, untold stories with expanded stories from the first two seasons of the *Disgraceland* podcast. Using figures we already recognize, *DISGRACELAND* shines a light into the dark corners of their fame revealing the fine line that separates heroes and villains as well as the danger Americans seek out in their news cycles, tabloids, reality shows and soap operas. At the center of this collection of stories is the ever-fascinating music industry—a glittery stage populated by gangsters, drug dealers, pimps, groupies with violence, scandal and pure unadulterated rock 'n' roll entertainment.

I Heart London (I Heart Series, Book 5) Simon and Schuster

A young woman's escalating obsession with a seemingly perfect man leads her down a dangerous path in this "delicious and marvelously controlled" (The New York Times Book Review) novel of suspense. "Bitingly modern and totally addictive, Lindsay Cameron's suspense debut is the freshest take on stalker fiction since *You*."—Andrea Bartz, New York Times bestselling author of *We Were Never Here* **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY SHE READS** Eyes aren't the windows to the soul. Emails are. Cassie Woodson is adrift. After suffering an epic tumble down the corporate ladder, Cassie finds the only way she can pay her bills is to take a thankless temp job reviewing correspondence for a large-scale fraud suit. The daily drudgery amplifies all that her life is lacking—love, friends, stability—and leaves her with too much time on her hands, which she spends fixating on the mistakes that brought her to this point. While sorting through a relentless deluge of emails, something catches her eye: the tender (and totally private) exchanges between a partner at the firm, Forest Watts, and his enchanting wife, Annabelle. Cassie knows she shouldn't read them. But it's just one look. And once that door opens, she finds she can't look away. Every day, twenty floors below Forest's corner office, Cassie dissects their emails from her dingy workstation. A few clicks of her mouse and she can see every adoring word they write to each other. By peeking into their apparently perfect life, Cassie finds renewed purpose and happiness, reveling in their penchant for vintage wines, morning juice presses, and lavish dinner

parties thrown in their stately Westchester home. There are no secrets from her. Or so she thinks. Her admiration quickly escalates into all-out mimicry, because she wants this life more than anything. Maybe if she plays make-believe long enough, it will become real for her. But when Cassie orchestrates a “chance” meeting with Forest in the real world and sees something that throws the state of his marriage into question, the fantasy she’s been carefully cultivating shatters. Suddenly, she doesn’t simply admire Annabelle—she wants to take her place. And she’s armed with the tools to make that happen.

In Case You Missed It St. Martin's Press
Truth of the Divine is the latest alternate-history first-contact novel in the Noumena series from the instant New York Times, Wall Street Journal and Los Angeles Times bestselling author Lindsay Ellis. The human race is at a crossroads; we know

that we are not alone, but details about the alien presence on Earth are still being withheld from the public. As the political climate grows more unstable, the world is forced to consider the ramifications of granting human rights to nonhuman persons. How do you define “person” in the first place? Cora Sabino not only serves as the full-time communication intermediary between the alien entity Ampersand and his government chaperones but also shares a mysterious bond with him that is both painful and intimate in ways neither of them could have anticipated. Despite this, Ampersand is still keen on keeping secrets, even from Cora, which backfires on them both when investigative journalist Kaveh Mazandarani, a close colleague of Cora’s unscrupulous estranged father, witnesses far more of Ampersand’s machinations than anyone was meant to see. Since Cora has no choice but to trust Kaveh, the two must work together to prove to a fearful

world that intelligent, conscious beings should be considered persons, no matter how horrifying, powerful, or malicious they may seem. Making this case is hard enough when the public doesn’t know what it’s dealing with—and it will only become harder when a mysterious flash illuminates the sky, marking the arrival of an agent of chaos that will light an already-unstable world on fire. With a voice completely her own and more than a million YouTube subscribers, Lindsay Ellis deepens her realistic exploration of the reality of a planet faced with the presence of extraterrestrial intelligence, probing the essential questions of humanity and decency, and the boundaries of the human mind. While asking the question of what constitutes a “person,” Ellis also examines what makes a monster.
