The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. Delve into what it was like to live during the eighteenth century by reading the first-hand accounts of everyday people, including city dwellers and farmers, businessmen and bankers, artisans and merchants, artists and their patrons, politicians and their

constituents. Original texts make the American, French, and Industrial revolutions vividly contemporary. ++++ The below data was compiled from various identification fields in the bibliographic record of this title. A little-known painter in sixteenth-century Florence, Plautilla Nelli is one of the first known female Renaissance artists. In this collection of essays, internationally recognized scholars examine the life and works of Nelli, the prioress of a Dominican convent, with special attention to the artistic, social, and religious contexts. The book reproduces all Nelli's paintings and drawings in color, many for the first time, as well as presenting the restoration results of her celebrated Lamentation. This volume is an indispensable contribution to studies on Renaissance women artists and the Dominican visual culture.

Confronting trauma behind the transnational adoption

system—now back in print Many adoptees are required to become people that they were never meant to be. While transracial adoption tends to be considered benevolent, it often exacts a heavy emotional, cultural, and economic toll on those who directly experience it. *Outsiders Within* is a landmark publication that carefully explores this most intimate aspect of globalization through essays, fiction, poetry, and art. Moving beyond personal narrative, transracially adopted writers from around the world tackle difficult questions about how to survive the racist and ethnocentric worlds they inhabit, what connects the countries relinquishing their children to the countries importing them, why poor families of color have their children removed rather than supported—about who, ultimately, they are. In their inquiry, the contributors unseat conventional understandings of adoption politics, reframing the controversy as a debate that encompasses human rights, peace, and reproductive justice. In the wickedly bittersweet and hilarious *You Must Go and Win*, the Ukrainian-born musician Alina Simone traces her bizarre journey through the indie rock world, from disastrous Craigslist auditions with sketchy producers to catching fleas in a Williamsburg sublet. But Simone offers more than down-and-out tales of her time as a struggling musician: she has a rapier wit, slashing and burning her way through the absurdities of life, while offering surprising and poignant insights into the burdens of family expectations and the nature of ambition, the temptations of religion and the lure of a mythical Russian home. Wavering between embracing and fleeing her outsized and nebulous dreams of stardom, Simone confronts her Russian past when she falls in love with the music of Yanka Dyagileva, a Soviet singer who tragically died young; hits the road with her childhood friend who is dead set on becoming an "icon"; and battles male strippers in Siberia. Hailed as "the perfect storm of creative talent" (*USA Today*, *Pop Candy*), Simone is poised to win over readers of David Rakoff and Sarah Vowell with her irresistibly funny and charming literary debut.

As a cultural technique, drawing was firmly anchored in the realities of European society from early modern to modern times.

Based on this fact, the present volume asks for the first time about the significance of drawing and drawing education in other cultural areas. Indigenous methods of drawing and sign-learning in Arabic, Asian, Latin American, North American and European countries are addressed as well as historical transfer processes of didactic methods, aesthetic norms and educational institutions of drawing instruction. "Food can be a unifier and a healer, bringing people together across generations and cultures. Sharing a meal often leads to sharing stories and deepening our understanding of each other and our respective histories and practices, global and local. Newcomers to Minnesota bring their own culinary traditions and may re-create food memories at home, introduce new friends and neighbors to their favorite dishes, and explore comforting flavors and experiences of hospitality at local restaurants, community gatherings, and spiritual ceremonies. They adapt to different growing seasons and regional selections available at corner stores and farmers markets. And generations may communicate through the language of food in addition to a mix of spoken languages old and new. All of these experiences yield stories worth sharing around Minnesota cook fires, circles, and tables. In *What We Hunger For*, fourteen writers from refugee and immigrant families write about their complicated, poignant, funny, difficult, joyful, and ongoing relationships to food, cooking, and eating" --

In ten chapters spanning two centuries, this collection of essays examines the relationships between women artists and their publics, both in early modern Italy as well as across Europe. Drawing upon archival evidence, these essays afford abundant documentary evidence about the diverse strategies that women utilized in order to carry out artistic careers, from Sofonisba Anguissola's role as a lady-in-waiting at the court of Philip II of Spain, to Lucrezia Quistelli's avoidance of the Florentine market in favor of upholding the prestige of her family, to Costanza Francini's preference for the steady but humble work of candle painting for a Florentine confraternity. Their unusual life stories along with their outstanding talents brought fame to a number of women artists even in their own lifetimes - so much fame, in fact, that Giorgio Vasari included several women artists in his 1568 edition of artists' biographies. Notably, this visibility also subjected women artists to moral scrutiny, with consequences for their patronage opportunities. Because of their fame and their extraordinary (and often exemplary) lives, works made by women artists held a special allure for early generations of Italian collectors, including Grand Duke Cosimo III de' Medici, who made a point of collecting women's self-portraits. In the eighteenth century, British collectors wishing to model themselves after the Italian virtuosi exhibited an undeniable penchant for the Italian women artists of a bygone era, even though they largely ignored the contemporary women artists in their midst.

"He's a smart little mother\*\*\*\*\*,'ll give him that." —KEITH RICHARDS on MICK JAGGER IS he Jumpin' Jack Flash? A Street Fighting Man? A Man of Wealth and Taste? All this, it turns out, and far more. By any definition, Mick Jagger is a force of nature, a complete original—and undeniably one of the dominant cultural figures of our time. Swaggering, strutting, sometimes elusive, always spellbinding, he grabbed us by our collective throat a half-century ago and—unlike so many of his gifted peers—never let go. For decades, Mick has jealously guarded his many shocking

secrets—until now. As the Rolling Stones mark their 50th anniversary, journalist and #1 New York Times bestselling author Christopher Andersen tears the mask from rock's most complex and enigmatic icon in a no-holds-barred biography as impossible to ignore as Jagger himself. Based on interviews with friends, family members, fellow music legends, and industry insiders—as well as wives and legions of lovers—MICK sheds new light on a man whose very name defines an era and candidly reveals: —New details about Jagger's jaw-dropping sexual exploits with more than four thousand women (including Madonna, Angelina Jolie, Carly Simon, Linda Ronstadt, Uma Thurman, and France's First Lady Carla Bruni)—as well as his encounters with several of rock's biggest male stars. Also, the day Mick's wife Jerry Hall and Keith Richards pleaded with Jagger to seek treatment for sex addiction. —The backstage drama surrounding Mick's knighthood, and Jagger's little-known ties to Britain's Royal Family, including Prince William and Kate Middleton. —What he really thinks of today's superstars—including Lady Gaga, Britney Spears, Beyoncé, Justin Timberlake, Kanye West, and Justin Bieber. —Never-before-revealed, behind-the-scenes accounts of his often turbulent relationships—from his band-mates, ravenous groupies, and rabid fans to such intimates as Andy Warhol, John Lennon, Jackie Onassis, Bill Clinton, and others. —Cocaine, LSD, hashish, and speed—the flabbergasting truth about the extent of Jagger's substance abuse, and how long it really went on. —A rare glimpse into Mick's business dealings and the killer instinct that has enabled him to amass a personal fortune well in excess of \$400 million. —The stormy “marriage” between Mick and Keith that nearly ran aground over Keith's searing comments—and all the scandal, mayhem, excess, madness, and genius that went into making the Rolling Stones “the world's greatest rock-and-roll band.” Like its subject, this book is explosive and riveting—the definitive biography of a living legend who has kept us thrilled, confounded, and astounded. THIS IS MICK.

Crossroads: A Glimpse into the Life of Alice Pasquini is the artist's first anthology, one of the top female international street artists. In over 300 pages, 200 images and a number of original extracts from her sketchbook, Crossroads tells the story and showcases the artwork of Alice Pasquini. Alice is a prolific illustrator, creative designer and painter who has been gifting cities with her artwork for over a decade: through her work, women and children become an integral feature of any urban surrounding. From large artwork - like the wall of the Italian Museum in Melbourne - to small cameos in London or Marseille, Alice's creativity shines through in every city thanks to her unique style. The images in Crossroads have been taken from photographers the likes of Martha Cooper and Ian Cox. The book is brought together by a foreword from the editor Paulo von Vacano, texts by Jessica Stewart and journalists Nicolas Ballario (Rolling Stones) and Stephen Heyman (New York Times), as well as article extracts by Steven P. Harrington and Jaime Rojo - Co-founders of Brooklyn Street Art [BSA], Serena Dandini, DJ Gruff and Chef Rubio.

In this provocative book, sixteen of Minnesota's best writers provide a range of perspectives on what it is like to live as a person of color in one of the whitest states in the nation. They give readers a splendid gift: the gift of touching another human being's inner reality, behind masks and veils and politeness. They bring us generously into experiences that we must understand if we are to come together in real relationships. Minnesota communities struggle with some of the nation's worst racial disparities. As its authors confront and consider the realities that lie beneath the numbers, this book provides an important tool to those who want to be part of closing those gaps. With contributions by: Taiyon J. Coleman, Heid E. Erdrich, Venessa Fuentes, Shannon Gibney, David Grant, Carolyn Holbrook, IBé, Andrea Jenkins, Robert Karimi, JaeRan Kim, Sherry Quan Lee, David Mura, Bao Phi, Rodrigo Sanchez-Chavarria, Diane Wilson, Kao Kalia Yang
