transition from Core to Extended. Help
students to prepare for examination with
Cambridge questions from previous
papers. Develop problem solving with
flagged questions that require students to
apply their skills, often in real life,
international contexts. Cover the
curriculum with confidence with clear
references to what students will learn at

the start of every chapter. See what level
students are working at with all questions
labelled Core or Extended. Emphasise the
relevance of maths with 'Why this chapter
matters' showing maths in everyday life or
historical development. Consolidate
