### EATON ANTON

#### Archaeologies of the Future Abrams

Do you ever find yourself stuck in the comparison trap? Speaker and author Richella Parham knows what this feels like, often finding herself admiring one person's achievements, someone else's personality, another's skills, yet another's relationships or appearance. While there are no easy answers, Parham helps readers pick up practices that help us walk in the freedom of Christ with confidence in ourselves.

#### Psychoanalytic Accounts of Consuming Desire InterVarsity Press

A job she loves, free time with Zen—Shirayuki's life couldn't be better. But the return of Zen's brother, Crown Prince Izana, puts everyone on edge. Even worse, Izana has much to say about Zen's red-haired friend. Will Shirayuki be able to overcome this new obstacle in her relationship with Zen? -- VIZ Media  
*Enshrine* HarperCollins

He's one of America's most recognizable and acclaimed actors—a star on Broadway, an Oscar nominee for *The Aviator*, and the only person to ever win Emmys for acting, writing, and directing, during his eleven years on *M\*A\*S\*H*. Now Alan Alda has written a memoir as elegant, funny, and affecting as his greatest performances. "My mother didn't try to stab my father until I was six," begins Alda's irresistible story. The son of a popular actor and a loving but mentally ill mother, he spent his early childhood backstage in the erotic and comic world of burlesque and went on, after early struggles, to achieve extraordinary success in his profession. Yet *Never Have Your Dog Stuffed* is not a memoir of show-business ups and downs. It is a moving and funny story of a boy growing into a man who then realizes he has only just begun to grow. It is the story of turning points in Alda's life, events that would make him what he is—if only he could survive them. From the moment as a boy when his dead dog is returned from the taxidermist's shop with a hideous expression on his face, and he learns that death can't be undone, to the decades-long effort to find compassion for the mother he lived with but never knew, to his acceptance of his father, both personally and professionally, Alda learns the hard way that change, uncertainty, and transformation are what life is made of, and true happiness is found in embracing them. *Never Have Your Dog Stuffed*, filled with curiosity about nature, good humor, and honesty, is the crowning achievement of an actor, author, and director, but surprisingly, it is the story of a life more filled with turbulence and laughter than any Alda has ever played on the stage or screen.  
*Albert Cohen* Abrams

From ALONE and TOGETHER to ABOVE and BELOW, Gray Malin's

stunning photography shows off opposites from all over the world. Join Gray Malin as he explores the concept of opposites through his eye-popping photographs taken from Antarctica to Africa. Readers will delight in journeying from the barren desert landscape of Namibia (DRY) to the crashing teal waves of the Australian ocean (WET). His bright and colorful photographs hold heaps of kid appeal, making this the perfect gift for satisfying young readers' sense of imagination and innate desire to learn more about the world. Gray Malin is a photographer best known for his aerial beach photography, which he has transformed into a lighthearted, conversation-igniting, joyful brand. His work's sense of adventure and escapism has turned him into a household name. He lives in Los Angeles.

#### The List Spectra

Includes 12 illustrated essays, these case studies on artists and concepts present Dada as a coherent movement with a set of operating principles.

#### The American Pageant Houghton Mifflin Harcourt

For clients in the Hamptons, the Jersey shore, and in New England, Andrew Geller built dozens of houses, most of wood, and most on modest budgets. These spirited houses, many shown here for the first time through vintage photos and drawings, still delight today and will inspire anyone interested in beach house living. 85 photos, 25 in color.

#### A Brief History of Tomorrow Dark Horse Comics

A master storyteller who spins romantic fiction like not other, Johanna Lindsey weaves together endearing characters, enthralling adventure and pulsating passion to create stories that touch the hearts of her readers. Secret Fire He'd caught only a glimpse of her from the window of his carriage, but the young prince knew he had to have her. Within minutes, Lady Katherine St. John was dragged from the London street and carried off to a sumptuous town house -- for the pleasure of her royal admirer... From the tempestuous passion of their first encounter, across stormy seas, to the golden splendor of palaces in Moscow, she was his prisoner -- obsessed with rage toward her captor even as an all-consuming need made her his slave. Yet theirs was a fervor beyond her understanding, carrying them irrevocably toward final surrender to the power of undeniable love.

#### From the Reign of John to that of Edward II. A Year with Swollen Appendices Brian Eno's Diary

Fans of emotional tearjerkers will love this story about love, hope, strength and survival.

#### The Political Songs of England Catapult

The author, a noted literary critic, presents a selection of his thought on Balzac, Valery, Dickens, Goethe, Heine, Hoelderlin, lyric poetry, realism, the essay and the contemporary novel.

#### The King's Buccaneer Random House

The invention of collage by Picasso and Braque in 1912 proved to

be a dramatic turning point in the development of Cubism and Futurism and ultimately one of the most significant innovations in twentieth-century art. Collage has traditionally been viewed as a new expression of modernism, one allied with modernism's search for purity of means, anti-illusionism, unity, and autonomy of form. This book - the first comprehensive study of collage and its relation to modernism - challenges this view. Christine Poggi argues that collage did not become a new language of modernism but a new language with which to critique modernism. She focuses on the ways Cubist collage - and the Futurist multimedia work that was inspired by it - undermined prevailing notions of material and stylistic unity, subverted the role of the frame and pictorial ground, and brought the languages of high and low culture into a new relationship of exchange.

#### Super Mario Encyclopedia: The Official Guide to the First 30 Years Columbia University Press

Names are important elements to handle the diversity of items in daily life - persons, objects, animals, plants, etc. Without such names, it would be difficult to attach information to such items and to communicate information about them, and names are usually used without giving them much thought. This is not different for plants. When dealing with plants, however, it soon becomes apparent that the situation is somewhat more complex. Botanists use Latin names to bring order into the vast diversity, while everyday usage resorts to vernacular or "popular" names. As practical as these vernacular names are (it is not suggested that you should ask your greengrocer for a kilo gram of *Solanum tuberosum* or *Musa paradisiaca* subsp. *sapientum*), their most important drawback is the fact that they vary widely, not only from one language to another but also from country to country, even from region to region within a large country. More importantly, vernacular names in any given language are usually only available for the plants growing locally, or for plants of some special importance, such as crops and vegetables, medicinal plants, or important garden plants. For all other plants, the Latin names used by botanists and other scientists have to be employed. Such names often appear complicated or even awkward to the ears of those not accustomed to them.

Transference of orientalist images and identities to the American landscape and its inhabitants, especially in the West—in other words, portrayal of the West as the “Orient”—has been a common aspect of American cultural history. Place names, such as the Jordan River or Pyramid Lake, offer notable examples, but the imagery and its varied meanings are more widespread and significant. Understanding that range and significance, especially to the western part of the continent, means coming to terms with the complicated, nuanced ideas of the Orient and of the North American continent that European Americans brought to the West. Such complexity is what historical geographer Richard Francaviglia unravels in this book. Since the publication of Edward Said’s book, *Orientalism*, the term has come to signify something one-dimensionally negative. In essence, the orientalist vision was an ethnocentric characterization of the peoples of Asia (and Africa and the “Near East”) as exotic, primitive “others” subject to conquest by the nations of Europe. That now well-established point, which expresses a postcolonial perspective, is critical, but Francaviglia suggest that it overlooks much variation and complexity in the views of historical actors and writers, many of whom thought of western places in terms of an idealized and romanticized Orient. It likewise neglects positive images and interpretations to focus on those of a decadent and ostensibly inferior East. We cannot understand well or fully what the pervasive orientalism found in western cultural history meant, says Francaviglia, if we focus only on its role as an intellectual engine for European imperialism. It did play that role as well in the American West. One only need think about characterizations of American Indians as Bedouins of the Plains destined for displacement by a settled frontier. Other roles for orientalism, though, from romantic to commercial ones, were also widely in play. In *Go East, Young Man*, Francaviglia explores a broad range of orientalist images deployed in the context of European settlement of the American West, and he unfolds their multiple significances.

*Andrew Geller EverAfter Romance*

Provides an accessible introduction to psychoanalytic explanations of consumer desire. Topics are drawn widely to reflect the scope of Freud’s vision and include dreams, sexuality and hysteria. Discussion is widened to selectively include authors such as Melanie Klein and Jacques Lacan, and to include evaluation of current research.

A Year with Swollen Appendices Brian Eno’s Diary Faber & Faber

*Finding Freedom from Constant Comparison* Faber & Faber  
Journal entries depict Andre Gide’s feelings about literature and philosophy and chronicle his efforts to create a unique writing style

*And Other Things I've Learned* Penguin

After leaving her glamorous job for a journalist position at the *Capitolist*, a popular political media outlet, Adrienne Brown finds herself in a frenetic, cutthroat industry, where the scoop of a lifetime may leave her in trouble.

*Etymological Dictionary of Succulent Plant Names* Harper Collins

A completely updated, revised edition of the classic, outfitted with a whole new arsenal of indispensable knowledge on global affairs, popular culture, economic trends, scientific principles, and modern arts. Here’s your chance to brush up on all those subjects you slept through in school, acquaint yourself with all the facts you once knew (then promptly forgot), catch up on major developments in the world today, and become the Renaissance man or woman you always knew you could be! How do you tell the Balkans from the Caucasus? What’s the difference between fission and fusion? Whigs and Tories? Shiites and Sunnis? Deduction and induction? Why aren’t all Shakespearean comedies necessarily thigh-slappers? What are transcendental numbers and what are they good for? What really happened in Plato’s cave? Is postmodernism dead or just having a bad hair day? And for extra credit, when should you use the adjective continual and when should you use continuous? An *Incomplete Education* answers these and thousands of other questions with incomparable wit, style, and clarity. *American Studies, Art History, Economics, Film, Literature, Music, Philosophy, Political Science, Psychology, Religion, Science, and World History: Here’s the bottom line* on each of these major disciplines, distilled to its essence and served up with consummate flair. In this revised edition you’ll find a vitally expanded treatment of international issues, reflecting the seismic geopolitical upheavals of the past decade, from economic free-fall in South America to Central Africa’s world war, and from violent radicalization in the Muslim world to the crucial trade agreements that are defining globalization for the twenty-first century. And don’t forget to read the section “A Nervous American’s Guide to Living and Loving on Five Continents” before you answer a personal ad in the *International Herald Tribune*. As delightful as it is illuminating, *An Incomplete Education* packs ten thousand years of culture into a single superbly readable volume. This is a book to celebrate, to share, to give and receive, to pore

over and browse through, and to return to again and again.

*Go East, Young Man* Dixon-Price Publishing

The diary and essays of Brian Eno republished twenty-five years on with a new introduction by the artist in a beautiful hardback edition. ‘A cranium tour of one of the most creative minds of our age . . . [Eno] delivers razor-sharp commentary with devilish snarkiness and brutal honesty.’ *Wired* At the end of 1994, Brian Eno resolved to keep a diary. His plans to go to the cinema, theatre and galleries fell quickly to the wayside. What he did do - and write - however, was astonishing: ruminations on his collaborative work with David Bowie, U2, James and Jah Wobble, interspersed with correspondence and essays dating back to 1978. These ‘appendices’ covered topics from the generative and ambient music Eno pioneered to what he believed the role of an artist and their art to be, alongside adroit commentary on quotidian tribulations and happenings around the world. An intimate insight into one of the most influential creative artists of our time, *A Year with Swollen Appendices* is an essential classic. **American Kennel Club Stud Book Register** Ballantine Books  
On Sunday April 27, 2003, 27-year old Aron Ralston set off for a day’s hiking in the Utah canyons. Dressed in a t-shirt and shorts, Ralston, a seasoned climber, figured he’d hike for a few hours and then head off to work. 40 miles from the nearest paved road, he found himself on top of an 800-pound boulder. As he slid down and off of the boulder it shifted, trapping his right hand against the canyon wall. No one knew where he was; he had little water; he wasn’t dressed correctly; and the boulder wasn’t going anywhere. He remained trapped for five days in the canyon: hypothermic at night, de-hydrated and hallucinating by day. Finally, he faced the most terrible decision of his life: braking the bones in his wrist by snapping them against the boulder, he hacked through the skin, and finally succeeded in amputating his right hand and wrist. The ordeal, however, was only beginning. He still faced a 60-foot rappell to freedom, and a walk of several hours back to his car - along the way, he miraculously met a family of hikers, and with his arms tourniqued, and blood-loss almost critical, they heard above them the whir of helicopter blades; just in time, Aron was rescued and rushed to hospital. Since that day, Aron has had a remarkable recovery. He is back out on the mountains, with an artificial limb; he speaks to select groups on his ordeal and rescue; and amazingly, he is upbeat, positive, and an inspiration to all who meet him. This is the account of those five days, of the years that led up to them, and where he goes from here. It is narrative non-fiction at its most compelling.
