The 924 Carrera was a homologation model built to qualify the 924 model to race in Group 4. One of the great supercars of the 1980s, the 924 Carrera was considered by many to have better handling characteristics than Porsche's flagship 911. The book features interviews with many of those involved with the car at the time together with race stories, statistics, and a unique exposé of component failures during racing.

*Ford RS Cosworth Sierra & Escort Veloce Publishing Ltd*

When Ford teamed up with Cosworth Engineering to breathe life onto its humdrum Sierra, few knew it would be the birth of a motoring legend. Through circuit racing and supercar-humbling on-road ability, the 1985 Sierra RS Cosworth quickly became a household name. A practical four-seater boasting 204bhp from its two-litre turbocharged powerplant, the RS Cosworth's massive

performance was equalled only by an extroverted rear wing designed for high-speed stability..

While motorsport machines scooped innumerable victories and increasingly powerful engines, in 1987 Ford homologated a yet-more-spectacular Sierra - the 224bhp RS500. It instantly became a desirable collector's piece.. Other RS Cosworths soon followed. The restrained four-door Sierra Sapphire RS Cosworth of 1988 was Ford's vision of a 150mph executive express; two years later, its four-wheel-drive successor returned the firm to rallying. By 1992, Ford had squeezed the 4x4's running gear into a shorter Escort body, complete with 227bhp engine and ever-more-aggressive aerodynamic aids. The limited-edition Monte Carlo came in 1994, followed by the final RS Cosworth - a revised Escort with smaller turbocharger and user-friendly appeal.

Production ceased in 1996. Today, each model has a loyal following among motorsport fans and fast Fords enthusiasts. And as the cars become increasingly sought-after, so too does the pursuit of perfection. This book examines RS

Cosworth authenticity, outlining standard specifications alongside in-depth colour photography of outstanding examples of the breed. From body panels and trim to turbochargers and tyres; from interior fabrics and paint schemes to shock absorbers and stickers, Ford's factory-original fitments are covered in comprehensive detail.

[Jaguar/Daimler XJ](#) Unique Motor Books

The Escort RS Cosworth, which began rallying in 1993, was one of the most ingenious designs of all time, and eventually became Ford's most successful model since the legendary Escorts of the 1970s. The combination of Cosworth power, four-wheel-drive transmission, and an effective aerodynamic package made it a Rally Giant in all conditions, and, until the all-new Focus WRC was launched in 1999, this generation of Escorts was the most effective rally car that Ford had ever produced.

**Autocar** Veloce Publishing Ltd

This book covers the sporting versions of Ford Europe's Escort Mk2, including the Mexico, Sport, Harrier, RS1800 and the RS2000. Model-

by-model, with hundreds of pictures, it gives you all the details of correct factory specifications and equipment, including body panels, external trim and badging, paint colors, interior trim and trim colors, dashboard, instruments and switches, under-hood components, engine and transmission, lamps, and all other features right down to the tool kit, from the beginning of production to the end. All this detailed information is vital to the buyer, owner and restorer. Each model's section opens with a brief text introduction followed by specially commissioned color photographs with extended captions. For quick reference to accurate and comprehensive information, this formula is hard to beat.

R230 series 2001 to 2011

Veloce Publishing Ltd

A veteran motoring journalist's extraordinary life, told through delightfully eccentric stories and charming diary extract. This unique book is packed with fascinating stories about classic cars and motorcycles, set in a bygone world, and properly fixed in time. (Fiction.)

Ford Escort RS1800

Veloce Publishing

Ford's legendary Sierra and Escort RS Cosworths changed the face of performance road cars, making them as desirable to keen drivers as they are to classic collectors. This quick-reference guide acts as a handy pocket-sized companion during the purchasing process. It aims to help buyers select the best car, pay the right price, and avoid the potential pitfalls. This one-stop package of great advice includes at-a-glance tips, illustrated in-depth inspection guidance, specifications, notes on modifications, and real-world cost considerations.

The Ford SOHC Pinto and Sierra Cosworth DOHC Engines High-performance Manual Veloce Publishing Ltd

The Jaguar XJ220 supercar - Jim Randle's 1988 UK Motor Show dream concept with the sensuous shape. Developed and produced from 1989 to 1994 by JaguarSport - the Jaguar/TWR joint venture - as a limited edition 350 car run, it sold in one day for about \$415,000 with a non-returnable deposit of \$80,000, attracting celebrities, speculators and the mega wealthy.

Mike Moreton, ace director of impossible projects, who was headhunted for the XJ220 by Tom Walkinshaw, relives the inside story of this fantastic hi-tech car. The Complete Book of the World Rally Championship Haynes Publications Expert practical advice from an experienced race engine builder on how to build a high-performance version of Ford's naturally aspirated 4-cylinder 1600, 1800 & 2000cc Pinto engine which has been used in Ford's most popular cars (Escort, Capri, Cortina & Sierra - Ford/Mercury Capri, Pinto, Bobcat in USA) over many years. Whether the reader wants a fast road car or to go racing, Des explains, without using technical jargon, just how to build a reliable high-power engine using as many stock parts as possible and without wasting money on parts and modifications that don't work. Also covers Cosworth versions of Pinto engines and fitting Cosworth heads to Pinto blocks. Does not cover 1300, E-Max 1600 or American-built 2300. **Rallye Sport Fords** Veloce Publishing Ltd The Daily Telegraph Guide to Investing is your complete guide to the

reliable opportunities and exciting niches that could help you boost your bank balance and make the most of your cash pile. The world of stocks, shares and investments can seem intimidating but, with the right information at your disposal, you will be able to work out how best to protect and boost your savings. Whether you're a total beginner or a more experienced investor keen to learn about some new options, this easy-to-understand guide covers many of the various asset classes and alternative investments that are currently available to you. Each investing opportunity is assessed for levels of risk and potential of returns, from the safer options (including bonds, equities, ETFs, gold and property) to the riskier (including buy-to-let, FOREX, cryptocurrencies, futures and options). The Daily Telegraph Guide to Investing gives you the straight-forward advice you need to make sensible decisions about your hard-earned wealth. From the glamorous (including fine wines, whisky, classic cars) to the quirky (including lego, stamps, memorabilia), this guide will give you a

firm understanding of investment principles and what to look out for. Technical terms and phrases are all made clear and full guidance is provided on the potential pitfalls, dangers and scams that can face investors.

**Factory-Original Ford RS Cosworth** Veloce Publishing Ltd

The inside story of how Rallye Sport Fords were created by Ford in the 70s and 80s, enabling works' and private teams to be fully competitive in national and international rallies and races, to win many championships, and for RS cars to be bought by over 100,000 enthusiast customers! with around 200 photos and illustrations, many previously unpublished, this formerly untold story is brought vividly to life. Veloce Publishing Ltd Expert practical advice from an experienced race engine builder on how to build a high-performance version of Ford's 4-cylinder engine. Whether the reader wants a fast road car or to go racing, Des Hammill explains, without using technical jargon, how to build a reliable high-power engine using as many FoMoCo parts as possible and without wasting

money on parts and modifications that don't work. Although the text of this book specifically relates to engines with carburetors, many of the modifications described are appropriate to turbocharged/supercharged engines and engines with fuel injection.

**COSWORTH - THE SEARCH FOR POWER (6th Edition)** Veloce Publishing Ltd

Ford's Focus Mk1 was a game-changing family hatchback, setting new standards for ride, handling and driver enjoyment. The sporty ST170 was noted for being a top-notch all-rounder, while the rapid RS broke the mould for front-wheel-drive hot hatchbacks, offering outstanding ability on road or track. Today, the ST170 and Mk1 RS are highly-regarded driver's machines, while gradually gaining cult status - and increasing value - among classic collectors. But both machines suffer the potential for rust, neglect, abuse and accident damage - which makes buying one a task that's fraught with risk. To help the would-be RS or ST driver, this quick-reference guide acts as a handy pocket-sized companion during the

purchasing process. It aims to help buyers select the best car, pay the right price and avoid any pitfalls. Written by a motoring journalist, long-term fast Ford enthusiast and Focus ST owner, this one-stop package of great advice includes at-a-glance tips, illustrated in-depth inspection guidance, specifications, real-world cost considerations and even notes on which modifications to avoid.

The Essential Buyer's Guide Veloce Publishing Ltd

A roadtest compilation on the Ford Sierra RS Cosworth from Unique Motor Books.

Veloce Publishing Ltd  
This book explains how the HF 4WD evolved over the years - first into the Integrale with its original 8-valve engine, then the Integrale 16V, and ultimately into the Integrale 16V Evo 1 (or 'Deltona', as it was affectionately known). This compact, five-door Lancia dominated world-class rallying for six years, winning innumerable events, World Championships for Drivers, and World Championships for Manufacturers. Alongside the cars, driving heroes such as Markku Alan,

Didier Auriol, Miki Biasion, Juha Kankkunen and Carlos Sainz also became legendary in this period.  
*evolution to excellence*  
Veloce Publishing Ltd  
This book covers the entire history, life and times of the famous British high-performance engineering company, from its 1958 foundation by Mike Costin and Keith Duckworth, through its often-exciting and always fascinating evolution, to its expansion and worldwide success in both motorsport and high-performance road car production.

**Murray Walker: Incredible!** Veloce Publishing Ltd  
This totally revised, updated and enlarged book is THE complete guide to building a fast MG Midget or Austin-Healey Sprite for road or track. Daniel has been continuously developing his own 'Spridget' for years, and really does know what works and what doesn't when it comes to building a fast Midget or Sprite. Best of all, this book covers every aspect of the car, from the tyre contact patch to the rollover bar, and from radiator back to exhaust tailpipe. This new edition contains updated information for parts and

suppliers, many new photos, and features new material covering aerodynamics, including results from testing the effect of modifications at the MIRA wind tunnel. With over 400 mainly colour photos and exclusive tuning advice, this is a MUST for any Sprite or Midget owner.

**Sierra & Escort : All Models 1985 to 1996**

Herridge & Sons Limited  
Ford's motorsport center, at Boreham, Essex, first opened in 1963 and finally closed its doors at the end of 2003, bringing to an end 40 years of involvement with Ford's racing, rally and high-performance road car projects. Over the years, Boreham's products have gained fame for success in all the major world rallies and in numerous touring car championships around the world. Here is a unique, behind-the-scenes look at the motorsport center which gave birth to such legends as the Escort RS series, the RS200, the Sierra RS Cosworth and the Escort RS Cosworth.

80 Automotive Atrocities from the past 20 years

Herridge & Sons Limited  
The Ford Escort MkII was a worthy successor to the original MkI. It became Ford's most successful

rally car and the cars are still winning historic events today. It brought new standards to the sport, inspiring many others to copy it. Contains full details of every 'works' Escort MkII that went rallying, plus driver and personality profiles, and detailed car evolution.
