 IN A BUSINESS LIKE MONSTER HUNTING, IT'S ALL ABOUT SETTING PRIORITIES The chaos god Asag has been quiet since the destruction of the City of Monsters, but Monster Hunter International know that he is still out there, somewhere—plotting, waiting for his chance to unravel reality. When Owen and the MHI team discover that one of Isaac Newton's Ward Stones is being auctioned off by Reptoids who live deep beneath Atlanta, they decide to steal the magical superweapon and use it to destroy Asag once and for all. But before the stone can be handed off, it is stolen by a mysterious thief with ties to MHI and the Vatican's Secret Guard. It's a race against time, the Secret Guard, a spectral bounty hunter, and a whole

bunch of monsters to acquire the Ward Stone and use it against Asag. For as dangerous as the chaos god is, there is something much older—and infinitely more evil—awakening deep in the jungles of South America. At the publisher's request, this title is sold without DRM (Digital Rights Management). About Larry Correia and the Monster Hunter International series: “[E]verything I like in fantasy: intense action scenes, evil in horrifying array, good struggling against the darkness, and most of all people—gorgeously flawed human beings faced with horrible moral choices that force them to question and change and grow.” —Jim Butcher “[A] no-holds-barred all-out page turner that is part science fiction, part horror, and an absolute blast to

read.” —BookReporter.com “If you love monsters and action, you’ll love this book. If you love guns, you’ll love this book. If you love fantasy, and especially horror fantasy, you’ll love this book.” —Knotclan.com “A gun person who likes science fiction—or, heck, anyone who likes science fiction—will enjoy [these books] . . . The plotting is excellent, and Correia makes you care about the characters . . . I read both books without putting them down except for work . . . so whaddaya waitin’ for? Go and buy some . . . for yourself and for stocking stuffers.” —Massad Ayoob “This lighthearted, testosterone-soaked sequel to 2009’s *Monster Hunter International* will delight fans of action horror with elaborate weaponry, hand-to-hand combat, disgusting monsters, and an

endless stream of blood and body parts.” —Publishers Weekly on *Monster Hunter Vendetta*  
*Dead Heat* Penguin  
Mercy Thompson, car mechanic and shapeshifter, faces a threat unlike any other in this thrilling entry in the #1 New York Times bestselling series. I am Mercedes Athena Thompson Hauptman. My only “superpowers” are that I turn into a thirty-five pound coyote and fix Volkswagens. But I have friends in odd places and a pack of werewolves at my back. It looks like I’m going to need them. Centuries ago, the fae dwelt in Underhill—until she locked her doors against them. They left behind their great castles and troves of magical artifacts. They abandoned their prisoners and their pets. Without the fae to mind

them, those creatures who remained behind roamed freely through Underhill wreaking havoc. Only the deadliest survived. Now one of those prisoners has escaped. It can look like anyone, any creature it chooses. But if it bites you, it controls you. It lives for chaos and destruction. It can make you do anything—even kill the person you love the most. Now it is here, in the Tri-Cities. In my territory. It won't, can't, remain. Not if I have anything to say about it.

#### Magic Rises Penguin

Mated werewolves Charles Cornick and Anna Latham must discover what could make an entire community disappear--before it's too late--in this thrilling entry in the #1 New York Times bestselling Alpha and Omega series. In the wilds of the Northern California mountains, all

the inhabitants of a small town have gone missing. It's as if the people picked up and left their possessions behind. With a mystery on their hands and no jurisdiction on private property, the FBI dumps the whole problem in the lap of the land owner, Aspen Creek, Inc.--aka the business organization of the Marrok's pack. Somehow, the pack of the Wolf Who Rules is connected to a group of vanished people. Werewolves Charles Cornick and Anna Latham are tasked with investigating, and soon find that a deserted town is the least of the challenges they face. Death sings in the forest, and when it calls, Charles and Anna must answer. Something has awakened in the heart of the California mountains, something old and dangerous--and it has met werewolves

before.

Mercy Thompson, car mechanic and shapeshifter, must face her greatest fears in this chilling entry in the #1 New York Times bestselling series. The vampire Wulfe is missing. Since he's

deadly, possibly insane, and his current idea of "fun" is stalking me, some may see it as no great loss. But, warned that his disappearance might bring down the carefully constructed alliances that keep our pack safe, my mate and I must find Wulfe—and hope he's still alive. As alive as a vampire can be, anyway. But Wulfe isn't the only one who has disappeared. And now there are bodies, too. Has the Harvester returned to the Tri-Cities, reaping souls with his cursed sickle? Or is he just a character from a B horror movie and our enemy is someone else? The farther I follow Wulfe's trail, the more twisted—and darker—the path becomes. I need to figure out what's going on before the next body on the ground is mine.

Welcome to Patricia Briggs's world, a place where "witches, vampires, werewolves, and shape-shifters live beside ordinary people" (Booklist). It takes a very unusual woman to call it home—and there's no one quite like Mercy Thompson. By day, Mercy Thompson is a car mechanic in the sprawling Tri-Cities of Eastern Washington. By night, she explores her preternatural side. As a shape-shifter with some unusual talents, Mercy's found herself maintaining a tenuous

harmony between the human and the not-so-human on more than one occasion. This time she may get more than she bargained for. Marsilia, the local vampire queen, has learned that Mercy crossed her by slaying a member of her clan—and she's out for blood. But since Mercy is protected from direct reprisal by the werewolf pack (and her close relationship with its sexy Alpha), it won't be Mercy's blood Marsilia is after. It'll be her friends'.
