 When the Billionaire Blackstone twins were good, they were oh so good, but when they were bad anything could happen and it usually did. Alex as the twins called her were Max and Jonas Blackstone's saving grace, if things were easy and simple. Since Alex married into the Blackstone family that's never been the case with two outrageously handsome, dangerously sexy, rich men who love BDSM, handcuffs, blindfolds, crops, and women. Alex is in love with one, but devoted to the other. Will devotion darken love when Alex discovers she can't handle what's happening to her men and her life? Will Jonas Blackstone move on and try to forget his brother's wife Alex? When Maximillian Blackstone accused his twin brother of causing trouble in his family, and especially with his wife Alex who appeared to have a special and unusual bond with Jonas, there may have been some truth to Max's notion, but he made the mistake of voicing it to Jonas. Jonas realized that it was time to leave the security and protection of his big brother, especially since Max made it clear that he didn't want him around his wife Alex. Jonas an army veteran of several tours in Afghanistan, finds himself alone in Florida, with no family, plenty of money and time, but no one to love and love him. In Jonas's search for that one woman to love him, he'd been pulled back into a BDSM lifestyle he'd left. It was the lifestyle that made him feel alive especially since he'd thought he'd met the woman of his dreams. Will this woman be able to replace Alex in his mind and his fantasies? Will she offer him a chance to heal his broken soul, or destroy him? What if Joseph wasn't the first man to be cuckolded by God? What if there was a cult of adulterated men who would do anything to kill him for fucking their wives into useless shells of nymphoid lust? What if a woman possessed was so utterly tormented, that the only way to save her soul was to perform a Sexorcism? What if a scatalogically inclined man found a way to pleasure himself with bed bugs? What if a woman fell in love with a dinosaur? What if a seemingly innocent Furry gangbang turned out to be a mating ritual for a tribe of nomadic cannibal were-teddy bears? These questions and many more will be answered when *StrangeHouse* books takes you on a journey unlike any you've ever seen before with their debut anthology of strange erotic horror fiction, "Strange Sex". 13 tales of erotic fiction from Kevin Strange, D.F. Noble, Rich Bottles, Jr., David C. Hayes, Elizabeth Hetherington and more exciting authors of today's strangest fiction.

Strip away everything external, and the act of writing becomes profoundly physical: writer, writing tool, medium. In this anthology of erotic stories, *THE FLESH MADE WORD*, editor Bernie Mojzes shows that from that seed grows the deepest intimacy - the hidden self expressed upon a surface, transforming it in the process, naming erotic possibilities. The tap of typewriter keys on ink-wet ribbons, the tickle of the calligrapher's brush, the press of fountain-pen nib to flesh. The scent of hot metal molded into text and the shuffle-clank of the printing press. Give yourself over to the sensuality of the words themselves, to the sound and the shape and the taste of them. The expression of ideas intersects with the body in all its physicality; pleasure is never distinct from how we express it. Ten writers explore the seduction of written language from the sensual to the lewd, from a mysterious woman whose lovers write their stories upon her skin to a playwright who declares to his rival that he does his best writing in whorehouses. A broken typewriter awakens the searing ghosts of desire, and a woman becomes a living scroll of prophecy. Permanent or ephemeral, the lines etched in flesh reveal an astonishing vulnerability, offering both the opportunity for profound insight, and an instinct to hide and dissemble. *The Flesh Made Word* features stories by A.C. Wise, A.B. Eysers, Andrea Zanin, Benji Bright, Trish DeVene, Nadine Wilmot, Delilah Bell, Kannan Feng, Sasha Payne, and Sunny Moraine, who show that while the word may indeed transcend the flesh for a time, it always comes back for more.

In his latest book, fairy tales expert Jack Zipes explores the question of why some fairy tales "work" and others don't, why the fairy tale is uniquely capable of getting under the skin of culture and staying there. Why, in other words, fairy tales "stick." Long an advocate of the fairy tale as a serious genre with wide social and cultural ramifications, Jack Zipes here makes his strongest case for the idea of the fairy tale not just as a collection of stories for children but a profoundly important genre. *Why Fairy Tales Stick* contains two chapters on the history and theory of the genre, followed by case studies of famous tales (including Cinderella, Snow White, and Bluebeard), followed by a summary chapter on the problematic nature of traditional storytelling in the twenty-first century.

Pub landlords are being murdered in Norfolk! Thelonious T. Bear, ursine photojournalist, leaves behind the big city life of London to take an assignment in the Norfolk countryside, where he hopes to find the real England. Instead he stumbles upon gastro-pubs, crazed Audi drivers and murder. As the hapless Thelonious keeps ending up in the wrong place at the wrong time, he attracts the attention of Detective Chief Inspector Horatio Sidebottom of Norfolk Constabulary CID, who's determined to tie Thelonious to the crimes. Add in a pair of hoods from London's East End, celebrity TV chef Paolo Louis Black, and plenty of oddball local

characters and it all adds up to a madcap journey through England's most quirky county, where everything is normal for Norfolk!"For anyone who's ever wondered what Paddington at Large would have been like if it had been written by Raymond Chandler-and who hasn't?-Mitzi Szereto has the answer. Like Philip Marlowe, Szereto's Thelonious T. Bear is a modern knight errant who plays it cool even as the light of suspicion shines on him. And like Paddington, he's short of stature and long on charm. If you like your sleuths tough, cynical and cute as a button, Normal for Norfolk is the book for you." -Steve Hockensmith, author of Holmes on the Range and Pride and Prejudice and Zombies: Dawn of the Dreadfuls"Normal for Norfolk has it all: magic, gritty realism, humor, cultural commentary, intelligence, charm, and suspense. The hero of this novel, Thelonious T. Bear, finds himself at the heart of a mystery. He's a photojournalist like no other, a pub-loving, anthropomorphized bear who wears cologne and a deerstalker hat. I am eager to read the next book in Mitzi Szereto's series." -Janice Eidus, author of The War of the Rosens and The Last Jewish Virgin
