## TORRES CERVANTES

---

*Archie (2015-) #1* McFarland

Gathers comic books from the 1980s to tell the story of the Legion of Super-Heroes and their struggle against the villain Darkseid and his campaign against their peaceful 30th century world, considered one of the best storylines of all.

**Batman: A Celebration of 75 Years** DC Comics

Critically acclaimed author James Robinson's book JSA: THE GOLDEN AGE is printed in a new edition! Presenting the thought-provoking alternate comic book-history tale of the Justice Society of America in a new edition. The JSA, the heroes of WWII, find themselves face to face with a new kind of oppression in "McCarthy Era" America! Some of the greatest heroes of the 1940s, including the original Green Lantern, Atom, Hawkman and Starman, among others, return in this epic tale. The story follows their postwar adventures as they battle evil in a world they fear may no longer need them. And as their importance wanes, a new hero, Dynaman, rallies the nation behind a fascist agenda... Collects JSA: THE GOLDEN AGE #1-4.

*Visions of the Future in Comics* Bluewater Productions

"Superman. Batman. Wonder Woman. The Flash. Green Lantern. Aquaman. Martian Manhunter. Green Arrow. Hawkman. The Atom. Plastic Man. Shazam! Together they are known as the Justice League of America."--Cover page 4.

*The Flash: A Celebration of 75 Years* DC

This collection compiles more than twenty of the Daily Planet reporter's greatest stories from her seventy-five year history, from her no-nonsense 1930s debut and zany Silver Age schemes to her modern adventures as a dautless journalist.

*The Golden Age of DC Comics* DC Comics

Before Superman, before Batman, there was—the Phantom! Making its debut as an American newspaper comic strip in 1936, The Phantom was the forerunner of the comic-book superhero genre that today animates vast billion-dollar franchises spanning print, film, television, video games, and licensed merchandise. But you've probably never heard of it—you probably think Superman inaugurated the genre. That's because, despite its American origins, The Phantom comic strip has enjoyed far greater popularity with international audiences, most notably in Australia, Sweden, and India, where it has appeared in newspapers, magazines, and comic books. The paradox of the character's relative obscurity in the United States, offset by his phenomenal success in these three markedly different countries, is the subject of *The Phantom Unmasked*. By tracing the publication history of The Phantom in magazines and comic books across international markets since the mid-1930s, author Kevin Patrick delves into the largely unexplored prehistory of modern media licensing industries. He also explores the interconnections between the cultural, political, economic, and historical factors that fueled the character's international popularity. *The Phantom Unmasked*

offers readers a nuanced study of the complex cultural flow of American comic books around the world. Equally important, to provide a rare glimpse of international comics fandom, Patrick surveyed the Phantom's "phans"—as they call themselves—and lets them explain how and why they came to love the world's first masked superhero.

*Superman: A Celebration of 75 Years* DC Comics

Collects Avengers (1963) 1, 4, 16, 57-58, 164-166, 273-277; Giant-Size Avengers (1974) 2; Avengers (1998) 19-22, 65-70; New Avengers (2005) 1-6; Avengers (2012) 1-3.

*The Silver Age of DC Comics, 1956-1970* Archie Comic Publications, Inc.

Across generations and genres, comics have imagined different views of the future, from unattainable utopias to worrisome dystopias. These presaging narratives can be read as reflections of their authors' (and readers') hopes, fears and beliefs about the present. This collection of new essays explores the creative processes in comics production that bring plausible futures to the page. The contributors investigate portrayals in different stylistic traditions--manga, bande desinees--from a variety of theoretical perspectives. The picture that emerges documents the elaborate storylines and complex universes comics creators have been crafting for decades.

**DC Poster Portfolio: Jim Lee** Bluewater Productions

Universally celebrated as one of comics' most influential creators, Will Eisner broke new ground with nearly every project he undertook during his long and extraordinary career. But no creation was more ambitious, innovative, or ahead of its time than the weekly serial he launched in 1940 - *The Spirit!* Over the twelve years of its initial publication, this legendary strip revolutionized the cartooning medium, establishing new methods of storytelling, developing new depths of characterization, and demonstrating to readers everywhere that comics could truly be an art form. In the years that followed, fans and professionals alike regularly revisited *The Spirit* to rediscover the feature's timeless appeal. To honor the 75th anniversary of Eisner's historic achievement, DC Comics is proud to present this deluxe edition collecting more than four hundred pages of the *Spirit's* four-color adventures. Beginning with his very first appearance in print, WILL EISNER'S THE SPIRIT: A CELEBRATION OF 75 YEARS follows the indefatigable criminologist Denny Colt across the decades to his most recent re-imaginings by some of contemporary comics' greatest talents - including Neil Gaiman, Alan Moore, Eddie Campbell and Darwyn Cooke.

*75 Years of Marvel* DC Comics

Originally introduced in 1949, Superboy has grown to stand for so much more than just "tales of Superman when he was a boy." Today he is Jonathan Kent, teenage son of Clark Kent and Lois Lane, best friend of Robin, and a young man on the verge of becoming a true hero. Originally introduced as "Superman when he was a boy," the heroic mantle of Superboy has been worn by several super-powered beings over the decades. This new hardcover celebrates them all, from young Clark Kent in tales from his schoolboy days in Smallville, to Superboy's 1970s adventures in the 30th century with the Legion of Super-Heroes, to today's young Jonathan Kent, son of Clark and Lois Lane. This title includes Superboy's most memorable adventures, as written and illustrated by some of comics' top

talents, including Geoff Johns, Dave Cockrum (co-creator of the New X-Men) and many others. Collects original SUPERBOY (More Fun Comics #101, Superboy #10 & #89, Adventure Comics #210, #247, #271), SUPERBOY & THE LEGION OF SUPERHEROS (Adventure Comics #369 & #370, Superboy and the Legion of Super-Heroes #233 & #259), SUPERBOY - Prime (DC Comics Presents #87 and Infinite Crisis #6), SUPERBOY (Conner Kent) (Adventures of Superman #501, Superboy #59, Teen Titans #24, Adventure Comics #2, Young Justice #3), SUPERBOY (Jon Kent) (Superman issues #6, #10, #11).

Superboy: a Celebration of 75 Years Americas Best Comics

Get the ultimate insights on the heyday of DC Comics. Bugs Bunny and Friends DC Comics

Publisher of Batman, Superman, Wonder woman, Green Lantern, the Flash and so many more heroes and superheroes, this is the most comprehensive book about DC Comics.

Archie 75th Anniversary Digest #6 DC Comics

Look! Up on the bookshelf! It's the 100 most incredible, most outrageous, and most bizarre comic book covers from the DC comics archive. Better still, these poster-size masterpieces are all perforated and ready for display in your apartment, dorm room, or cubicle! From New Fun #1 and Batman #1 to lesser-known titles like Mister District Attorney, this oversized compilation features every major milestone in DC's extraordinary history: Wonder Woman, Green Lantern, Girls' Romance, Swamp Thing, Watchmen, Sandman, Fables, 100 Bullets, and much more. On the reverse of each poster are images of related covers and entertaining behind-the-scenes commentary, often with remarks from the cover artists themselves. Arriving just in time for DC Comics' 75th anniversary--and complete with a foreword from longtime DC veteran Paul Levitz--this amazing anthology is a must-have for any comic book fan.

Nightwing (2016-) #75 Marvel Entertainment

The crown jewel in any comics fan's library In 1935, DC Comics founder Major Malcolm Wheeler-

Nicholson published New Fun No. 1, the first comic book with all-new, original material--at a time when comic books were mere repositories for the castoffs of the newspaper strips. What was initially considered to be disposable media for children was well on its way to becoming the mythology of our time--the 20th century's answer to Atlas or Zorro. More than 40,000 comic books later, in honor of the publisher's 75th anniversary, TASCHEN has produced the single most comprehensive book on DC Comics, in an XL edition even Superman might have trouble lifting. More than 2,000 images--covers and interiors, original illustrations, photographs, film stills, and collectibles--are reproduced using the latest technology to bring the story lines, the characters, and their creators to vibrant life as they've never been seen before. Telling the tales behind the tomes is 38-year DC veteran Paul Levitz, whose in-depth essays trace the company's history, from its pulp origins through to the future of digital publishing. Year-by-year timelines that fold out to nearly four feet and biographies of the legends who built DC make this an invaluable reference for any comic book fan. Winner of the 2011 Eisner Comic Industry Award for Best Comics-Related Book of the Year! DC Comics characters and all related elements are trademarks of and © DC Comics. (s13)

**JSA: the Golden Age (New Edition)** University of Iowa Press

A widescreen, cutting-edge take on the hero who started it all--from the minds of superstar writer Scott Snyder (BATMAN: ZERO YEAR) and legendary artist Jim Lee (JUSTICE LEAGUE)! From the skies above Metropolis to the four corners of the globe to the star-streaked spaceways beyond, one man is synonymous with the word "hero." Since his arrival marked the dawn of the superhero age, Superman has waged a never-ending battle for truth and justice, no matter when or where. But before the dawn came the darkness, when another with incredible power--far more than that of mortal man--fell to the Earth. One who could spell the end for the Man of Steel. Collects SUPERMAN UNCHAINED #1-9 and material from SUPERMAN UNCHAINED DIRECTOR'S CUT #1.

The Marvel Age of Comics 1961-1978 National Geographic Books
