Don't make an uninformed decision--get the guide that takes the hassle out of car-buying. Large format.

Encyclopedia of Major Marketing Campaigns Consumer Guide Books

The definitive guide to buying a truck.

This Little Piggy Stayed Home DK Publishing (Dorling Kindersley)

When Lexus launched fifteen years ago, the idea of a Japanese brand that would compete fender to fender with Mercedes-Benz, BMW, and Cadillac seemed preposterous. But Lexus' first sedan shocked the world. The result of hundreds of prototypes, the work of more than 1,000 engineers, and some \$1 billion, the Lexus LS 400 pioneered new ground. Within just a few years, Lexus had transformed itself from an unlikely outsider into one of the industry's leaders as it redefined the idea of the luxury vehicle while also building a dealer network that gave unprecedented attention to service. The Lexus Story describes the brand's rapid ascent and its travails along the way. The Lexus Story is the first journalistic telling of the history of this extraordinary company.

And it is the only account afforded full access to the designers, engineers, dealers, and company leaders who molded the cars and the brand. The Lexus Story takes readers deep inside the making of first-class automobiles, from the creative sparks kindled in Lexus' far-flung design studios to the engineering refinements that translate ideals of performance and luxury into steel, glass, and rubber. Designed to be both readable and visually welcoming with more than 200 full-color photographs, The Lexus Story is a compelling history of a world-class brand.

Popular Mechanics John Wiley & Sons

FIELD & STREAM, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations.

In the 87 issues of Snow Country published between 1988 and 1999, the reader can find the defining coverage of mountain resorts, ski technique and equipment, racing, cross-country touring, and the growing sport of snowboarding during a period of radical change. The award-winning magazine of mountain sports and living tracks the environmental impact of ski area development, and people moving to the mountains to work and live.

Snow Country Delhi Press

Advertising expenditure data across multiple forms of media, including: consumer magazines, Sunday magazines, newspapers, outdoor, network television, spot television, syndicated television, cable television, network radio, and national spot radio. Lists

brands alphabetically and shows total expenditures, media used, parent company and PIB classification for each brand. Also included in this report are industry class totals and rankings of the top 100 companies in each of the media.

Ward's Automotive International

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Lemon-Aid

A behind-the-scenes look at Lexus's surprising twenty-year success story—in a revised new edition In the 1980s, German brands BMW and Mercedes-Benz dominated the luxury car market and had little reason to fear competition from Japan. But in 1989, Toyota entered the market with the Lexus LS 400, a car that could compete with the Germans in every category but price—it was US\$30,000 cheaper. Within two years, Lexus had overtaken Mercedes-Benz in the United States and made a stunning success of Toyota's brave foray into the global luxury market. Lexus: The Relentless Pursuit reveals why Toyota decided to take on the German automakers and how the new brand won praise and success for its unparalleled quality, unforgettable advertising, and unprecedented customer service. From the first boardroom planning session to Lexus's entry into the mega-luxury supercar market, this is the complete and compelling story of one of the world's most admired brands. Includes a new Foreword by legendary designer Erwin Lui, an Afterword with updates since the first edition, and a new Coda by leading Japanese automotive journalist Hisao Inoue Covers the racetrack triumph—and tragedy—behind the new US\$375,000 Lexus LFA supercar Offers important business lessons for brand managers and executives For car enthusiasts, business leaders, and anyone interested in branding and marketing, Lexus: The Relentless Pursuit offers an amazing story of excellence and innovation in the automotive industry.

The Lexus Story
