KENDRA ELLEN

Shark New York, Chicago [etc.] The Prang Company [c1912]
Increasingly, research supports the importance of teaching children to read and write informational text, but few resources show us how to do it well. This book fills that gap. The authors explain why it's important to weave informational text into the primary curriculum. From there, they provide a framework for organizing your time and

space, and classroom-tested strategies for incorporating informational text into reading, writing, and the content areas. For use with Grades K-3.

Amazing Science: Exploring the Sky (Hardcover English Converted to Spanish) Bearport Publishing
Enjoy the sound of buses racing along the highway through this ingenious

multi-sensory tool. When a child goes over picture books, he sees with his eyes, listens with his ears, smells the pages with his nose and touches them with his hands. It's a multi-sensory experience that makes complex concepts become simpler. Buy a copy today!

The Reading Book Teaching Resources
The Reynolds Pamphlet (1797) is an essay by Alexander Hamilton. Written while Hamilton was serving as Secretary of the Treasury, the Pamphlet was intended as a defense against accusations that Hamilton had conspired with James Reynolds to misuse funds meant to cover unpaid wages to Revolutionary War veterans. Admitting to an affair with Maria, Reynolds' wife, Hamilton claims that the accusation is

nothing more than an attempt at blackmail. This revelation not only endangered Hamilton's career as a public figure, but constituted perhaps the earliest sex scandal in American history. >“The bare perusal of the letters from Reynolds and his wife is sufficient to convince my greatest enemy that there is nothing worse in the affair than an irregular and indelicate amour. For this, I bow to the just censure which it merits. I have paid pretty severely for the folly and can never recollect it without disgust and self condemnation. It might seem affectation to say more.” Accused of corruption in his role as Secretary of the Treasury, Alexander Hamilton was forced to confess his adultery, bringing shame to himself as a married man and supposedly honorable

public figure, yet saving his political career in the process. Looking back on his affair with Maria Reynolds from a distance of five years, Hamilton expresses regret for his foolishness, yet wholeheartedly denies her husband's accusation that he had been involved in his scheme to misuse government funds. Perhaps the first sex scandal in American history, the Reynolds affair sent shockwaves throughout the burgeoning republic, leaving many to question the motives and character of their leaders for the first time, though certainly not the last. With a beautifully designed cover and professionally typeset manuscript, this edition of Alexander Hamilton's Reynolds Pamphlet is a classic of American literature reimagined for modern readers.

Writing Simon and Schuster
Looking for a way to increase engagement, differentiate instruction, and incorporate more informational text and student writing into your curriculum? Teaching with Text Sets is your answer! This must-have resource walks you through the steps to create and use multi-genre, multimodal text sets for content-area and language arts study. It provides detailed information to support you as you choose topics, locate and evaluate texts, organize texts for instruction, and assess student learning. The guide is an excellent resource to help you meet the Common Core and other State Standards.

A Pageant's 100-Year Quest to Define Womanhood Teaching Resources

What's the big idea? That's a question students are asked all the time in papers, assessments, and standardized writing tests of every sort. Whether summarizing research sources or synopsisizing the plot of a two-hundred page novel, the ability to cut through extraneous details and describe the major themes and highlights of a text is key to success in school and in life. Until now, however, summarization has been difficult to teach and learn, but with

Summarizing, Paraphrasing, and Retelling, you'll discover a powerful and practical way to teach these vital skills. Summarizing, Paraphrasing, and Retelling is a slim, do-it-all guide that presents everything you need for teaching kids to separate out trivial items in their reading and then identify and communicate the main ideas and crucial details. Emily Kissner breaks summarization down into smaller, more manageable skills—such as paraphrasing, writing synopses, retelling, and restating the main-idea—illustrating what good summarization looks like and how to adjust your teaching to fit your students' needs. She offers not only methods for individual and group instruction, but also handy, reproducible resources, such as assessment checklists, forms for group

work, peer-response sheets, and sample passages for students to practice with. Best of all, Kissner's approach is a student-centered alternative to more traditional skill-and-drill preparations. Supported by research and tested in classrooms, Summarizing, Paraphrasing, and Retelling gives you both big ideas for powerful teaching and important particulars to help you plan instruction and analyze your students' progress. What's the big idea behind teaching summarizing? Read Summarizing, Paraphrasing, and Retelling and find out. *Teaching Reading Sourcebook* Graphic Arts Books

The murder of a world-famous physicist raises fears that the Illuminati are operating again after centuries of silence, and religion professor Robert

Langdon is called in to assist with the case.

The Reading Strategies Book Catapult
In the time before steamships, or then more frequently than now, a stroller along the docks of any considerable seaport would occasionally have his attention arrested by a group of bronzed mariners, man-of-war's men or merchant-sailors in holiday attire ashore on liberty. In certain instances they would flank, or, like a body-guard quite surround some superior figure of their own class, moving along with them like Aldebaran among the lesser lights of his constellation.

Understanding and Using Chinese Grammar (an Easy-To-Use Guide with Clear Rules, Real-World Examples, and 200+ Pictures) Kumon

Pub North America Limited

"Easy to use and easy to afford, The Little Seagull Handbook is the #1 brief handbook because students say it has a positive impact on their writing. Intuitive organization, color-coding, and jargon-free instruction for common kinds of writing make it a reference tool that student writers truly use. This edition includes new advice for conducting research as it's done online today, new student model essays, and a new chapter on writing summary/response essays"--

Things That Go - Buses Edition Speedy Publishing LLC

With hit books that support strategic

reading through conferring, small groups, and assessment, Jen Serravallo gets emails almost daily asking, "Isn't there a book of the strategies themselves?" Now there is. "Strategies make the often invisible work of reading actionable and visible," Jen writes. In *The Reading Strategies Book*, she collects 300 strategies to share with readers in support of thirteen goals-everything from fluency to literary analysis. Each strategy is cross-linked to skills, genres, and Fountas & Pinnell reading levels to give you just-right teaching, just in time. With Jen's help you'll: develop goals for every reader give students step-by-step strategies for skilled reading guide readers with prompts aligned to the strategies adjust instruction to meet individual needs with Jen's Teaching Tips

craft demonstrations and explanations with her Lesson Language learn more with Hat Tips to the work of influential teacher-authors. Whether you use readers workshop, Daily 5/CAFE, guided reading, balanced reading, a core reading program, whole-class novels, or any other approach, *The Reading Strategies Book* will complement and extend your teaching. Rely on it to plan and implement goal-directed, differentiated instruction for individuals, small groups, and whole classes. "We offer strategies to readers to put the work in doable terms for those who are still practicing," writes Jen Serravallo. "The goal is not that they can do the steps of the strategy but that they become more comfortable and competent with a new skill." With *The*

Reading Strategies Book, you'll have ways to help your readers make progress every day.

The Shredder CreateSpace

It's September again. What does it mean for Richard "Beast" Best to be left back? It means being teased by his old friends while he's stuck facing the same old teacher in the same old classroom. He even has to take a special reading class with "babies" like Emily Arrow and Matthew Jackson. And just like last year, he can't help getting into trouble. But with the help of Mrs. Paris, the reading teacher, Beast starts to enjoy reading and just might find a way to help the second grade win the school banner for best class.

Spiders Turtleback Books

With chapters from globally recognized

academics, *General Radiography* shows the multifaceted approach to general radiography and how it enhances healthcare delivery. Potentially influential to how healthcare delivery is offered, it begins with the pertinent chapters examining image acquisition and dose optimization in diagnostic radiography. Next, chapters reflect and critically discuss aspects central to patient care, and imaging within trauma, critical care and pediatric situations. The final section of this book then explores the learning, teaching and education in the field of diagnostic radiography, with novel strategies illustrated.

A Conversation about Multiple Sclerosis
Yearling

These exciting photos and facts show children the wonders of God's creation.

Includes simple text perfect for level two readers. Titles include: Rainforest Creatures; Under the Sea; Birds of the Air; Bugs, Bugs, Bugs; Freezing Friends; and Creatures Down Under. Rainforest Creatures features unusual yet familiar animals like the sloth and the tree kangaroo and facts about their habitat. Under the Sea will feature facts about sea creatures such as the giant squid, baseball fish, and the blue-ringed octopus. Birds of the Air will include facts about flying friends like the macaw, toucan, flamingo, and yellow-bellied sapsucker. Bugs, Bugs, Bugs will tell

about stinkbugs, dung beetles, killer bees, and more. Creatures Down Under will tell about the platypus, kookaburra, kangaroo, and crocodile and coral. Freezing Friends will focus on Polar bears, seal, penguin, and walrus. Farm Animal Babies will focus on familiar farm animal babies, their special names, and characteristics. Forest Animal Babies will focus on fun forest animal babies like raccoons, mountain lions, and baby birds and their special characteristics. Jungle Animal Babies will focus on fun jungle animal babies like monkeys, panthers, and baby birds and their special characteristics.
