Launched in 1945 and commissioned two years later, submarine HMS Alliance was built for service with the Royal Navy in the Far East. Alliance had a long and distinguished career of more than 28 years that took her all over the world.

Today, Alliance is the centrepiece at the Royal Navy Submarine Museum, Gosport, where the submarine experience is brought to life by tours around the boat. Former submariner and historian Peter Goodwin gives Alliance the Haynes Manual treatment, examining in detail her construction and restoration, and describing what it was like to live, work and go to war in a submarine.

A Practical Guide to Upgrades Knopf Books for Young Readers

"The rhythmic, onomatopoeic text dances across exuberant watercolors with lots of movement. This celebration of a child's agency in choosing a means of artistic expression strikes just the right note." --Kirkus "A delightful offering for reading aloud, especially during music-themed storytimes." --School Library Journal From New York Times bestselling author Chris Barton and new illustrator Louis Thomas comes a fun, rhythmic picture book about finding the music that is perfect for you! A boy who loves to make noise gets to pick only one instrument (at his parents urging) in a music store, but there is too much to choose from! There's triangles and sousaphones! There's guitars and harpsichords! Bagpipes and cellos and trombones! How can he find the one that is just right for him out of all those options?

Range Rover Owners Workshop Manual Brooklands Book Limited

The second generation Range Rover was arguably Land Rover's first model designed as a luxury vehicle. It was a major leap for the company, but a very successful one as well. Despite controversy over its looks, and some initial teething problems, it became a worthy successor to the much-loved original. Range Rover Second Generation The Complete Story draws on the memories of designers and engineers as

well as on a wide variety of factory sources to provide the most authoritative history of the mode yet. The book covers the full development history; the changes during eight years of production; Range Rovers for the North American market; full technical specifications and finally Range Rovers and the emergency services. A companion volume to the author's Range Rover First Generation - The Complete Story (Crowood 2018).

Third Generation L322 (2002-2012)
