The First Comprehensive
History of
Transcendentalism
American
Transcendentalism is a
comprehensive narrative
history of America's first
group of public

intellectuals, the men and women who defined American literature and indelibly marked American reform in the decades before and following the America Civil War. Philip F. Gura masterfully traces their intellectual genealogy to transatlantic religious and philosophical ideas, illustrating how these informed the fierce local theological debates that, so often first in Massachusetts and eventually throughout America, gave rise to practical, personal, and

quixotic attempts to improve, even perfect the world. The transcendentalists would painfully bifurcate over what could be attained and how, one half epitomized by Ralph Waldo Emerson and stressing self-reliant individualism, the other by Orestes Brownson, George Ripley, and Theodore Parker, emphasizing commitment to the larger social good. By the 1850s, the uniquely American problem of slavery dissolved differences as

transcendentalists turned ever more exclusively to abolition. Along with their early inheritance from European Romanticism, America's transcendentalists abandoned their interest in general humanitarian reform. By war's end, transcendentalism had become identified exclusively with Emersonian self-reliance, congruent with the national ethos of political liberalism and market capitalism.

Emerson's Protégés Yale University Press

Thoreau's classic account of his meditative, beach-combing walking trips to Cape Cod in the early 1850s, reflecting on the elemental forces of the sea, with an introduction by Paul Theroux Cape Cod chronicles Henry David Thoreau's journey of discovery along this evocative stretch of Massachusetts coastline, during which time he came to understand the complex relationship between the sea and the shore. He spent his nights in lighthouses, in fishing huts, and on isolated

farms. He passed his days wandering the beaches, where he observed the wide variety of life and death offered up by the ocean. Through these observations, Thoreau discovered that the only way to truly know the sea—its depth, its wildness, and the natural life it contained—was to study it from the shore. Like his most famous work, *Walden*, *Cape Cod* is full of Thoreau's unique perceptions and precise descriptions. But it is also full of his own joy and wonder at having

stumbled across a new frontier so close to home, where a man may stand and “put all America behind him.” Part of the Penguin Nature Library edited by Edward Hoagland For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust

the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Transcendentalist Essays Createspace Independent Publishing Platform
Barbara L. Packer's long essay "The Transcendentalists" is widely acknowledged by scholars of nineteenth-century American literary

history as the best-written, most comprehensive treatment to date of Transcendentalism. Previously existing only as part of a volume in the magisterial Cambridge History of American Literature, it will now be available for the first time in a stand-alone edition. Packer presents Transcendentalism as a living movement, evolving out of such origins as New England Unitarianism and finding early inspiration in European Romanticism. Transcendentalism

changed religious beliefs, philosophical ideas, literary styles, and political allegiances. In addition, it was a social movement whose members collaborated on projects and formed close personal ties. Transcendentalism contains vigorous thought and expression throughout, says Packer; only a study of the entire movement can explain its continuing sway over American thought. Through fresh readings of both the essential Transcendentalist texts

and the best current scholarship, Packer conveys the movement's genuine expectations that its radical spirituality not only would lead to personal perfection but also would inspire solutions to such national problems as slavery and disfranchisement. Here is Transcendentalism in whole, with Emerson, Thoreau, and Fuller restored to their place alongside such contemporaries as Bronson Alcott, George Ripley, Jones Very, Theodore Parker, James

Freeman Clarke, Orestes Brownson, and Frederick Henry Hedge. The Orient in American Transcendentalism Hill and Wang Presents a reference guide to transcendentalism, with articles on significant works, writers, concepts and more. *Emerson, Thoreau and
 Fuller* Farrar, Straus and
 Giroux
 Transcendentalism was
 the first major intellectual
 movement in U.S. history,
 championing the inherent
 divinity of each individual,
 as well as the value of
 collective social action. In
 the mid-nineteenth
 century, the movement
 took off, changing how
 Americans thought about
 religion, literature, the
 natural world, class

distinctions, the role of
 women, and the existence
 of slavery. Edited by the
 eminent scholar Lawrence
 Buell, this comprehensive
 anthology contains the
 essential writings of Ralph
 Waldo Emerson, Henry
 David Thoreau, Margaret
 Fuller, and their fellow
 visionaries. There are also
 reflections on the
 movement by Charles
 Dickens, Henry James,
 Walt Whitman, Louisa May
 Alcott, and Nathaniel
 Hawthorne. This
 remarkable volume
 introduces the radical
 innovations of a brilliant

group of thinkers whose
 impact on religious
 thought, social reform,
 philosophy, and literature
 continues to reverberate
 in the twenty-first
 century.

The Minutemen and Their
 World St. Martin's Press

The course begins with
 the life and career of
 Ralph Waldo Emerson, the
 single most important
 figure behind American
 Transcendentalism.
 Lectures will then move to
 a careful examination of
 Henry David Thoreau,
 Emerson's most influential
 disciple. From Emerson's

contention that divinity resides in every person, to Thoreau's defense of civil disobedience, the course will examine the details of Transcendentalism, the powerful intellectual movement these two helped to found and foster.

Thoreau's Walden, Walking and Civil Disobedience, Emerson's Self-Reliance, Nature and the American Scholar, Bryant's Thanatopsis, and Hawthorne's Artist of the Beautiful Oxford University Press

Literary Touchstone
Classic
Interest abounds in the
work of the
Transcendentalists, such
as Emerson, Thoreau, and
Bronson Alcott. Each year,
tens of thousands of
readers rediscover
Transcendental thought in
books and articles, and in
visits to historic sites,
such as Walden Pond. But
few appreciate the truly
mystical and
contemplative qualities of
the Transcendentalists,
and the spiritual
movements and figures

they have since inspired.
As Richard G. Geldard-one
of today's leading
scholars of Emerson-
illustrates in *The Essential
Transcendentalists*,
Transcendentalism adds
up to a school of practical
spiritual philosophy that
aims to guide the
individual toward inner
development, much like
that of Stoicism in
Western antiquity. This
current of New England
mysticism has influenced
modern-day luminaries as
diverse as essayist Annie
Dillard and Ernest
Holmes, founder of the

worldwide Religious
Science movement.
Through revealing
commentary, historical
overview, and selections
from classic works, *The
Essential
Transcendentalists*
provides a distinctive and
heretofore neglected
examination of the
spiritual breadth and
depth of "Yankee
mysticism."

*Includes dozens of
Thoreau's quotes.
*Includes Emerson's
article about Thoreau's

life in the August 1862 edition of Atlantic Monthly. *Includes pictures of Thoreau and important people and places in his life. *Includes a Bibliography of Thoreau's works and works about him. "A living dog is better than a dead lion. Shall a man go and hang himself because he belongs to the race of pygmies, and not be the biggest pygmy that he can? Let every one mind his own business, and endeavor to be what he was made. Why should we be in such desperate

haste to succeed and in such desperate enterprises? If a man does not keep pace with his companions, perhaps it is because he hears a different drummer. Let him step to the music which he hears, however measured or far away." - Henry David Thoreau A lot of ink has been spilled covering the lives of history's most influential figures, but how much of the forest is lost for the trees? In Charles River Editors' American Legends series, readers can get caught up to speed on the

lives of America's most important men and women in the time it takes to finish a commute, while learning interesting facts long forgotten or never known. In the mid-19th century, Romantic literature was still in full bloom across the West, but some American authors began producing literature that, while still Romantic, was unique enough to be considered a different genre. This new genre, Transcendentalism, focused on the spirituality of the self and nature, not

rejecting religion outright but concentrating on pragmatism and the importance of individuals as the spiritual center of the cosmos. In addition to drawing upon the Age of Enlightenment, Transcendentalist authors also utilized the philosophy of Plato, who taught that self-fulfillment through attaining knowledge should be an individual's ultimate goal. One of the most famous Transcendentalists, and possibly its most ardent practitioner, was Henry David Thoreau

(1817-1862). As a protégé of Ralph Waldo Emerson, Thoreau took the values of the movement to heart and was particularly interested in the interconnection between man and nature, writing in *Walden*, "Most of the luxuries and many of the so-called comforts of life are not only not indispensable, but positive hindrances to the elevation of mankind." That famous work was Thoreau's account of his experience living for two years in a small cabin in a forest along the shore of

Walden Pond in Concord, Massachusetts. In 1846, Thoreau was arrested for failing to pay taxes, which was based on his opposition to slavery and other ways the government spent taxpayers' money. After being freed, he gave a lecture about the roles of governments and individuals in society, which eventually became the famous essay "Civil Disobedience." In addition to rejecting any government "which is the slave's government also," Thoreau famously

advocated "the majority of one," calling upon people to break unjust laws. As fate would have it, Thoreau's message of civil disobedience has resonated more than any of his other Transcendentalist values, and it had a profound influence on the philosophy and nonviolent protests of activists like Mahatma Gandhi and Martin Luther King, Jr. American Legends: The Life of Henry David Thoreau looks at the life and work of Thoreau, and it examines his ideology

and the Transcendentalist movement. Along with pictures of important people and places, you will learn about Thoreau like you never have before, in no time at all. *Nature, Self Reliance, Walking, and Civil Disobedience* Hill and Wang
In *Self-Reliance*, Emerson expounds on the importance of trusting your soul, as well as divine providence, to carve out a life. A firm believer in nonconformity, Emerson celebrates the individual and stresses

the value of listening to the inner voice unique to each of us?even when it defies society's expectations. This new 2019 edition of *Self-Reliance* from Logos Books includes *The American Scholar*, a stirring speech of Emerson's, as well as footnotes and images throughout.

Gross published The
Minutemen and Their
World, a paradigm-

shaping study of Concord,
Massachusetts, during the
American Revolution. It
won the prestigious
Bancroft Prize and
became a perennial
bestseller. Forty years
later, in this highly
anticipated work, Gross
returns to Concord and
explores the meaning of
an equally crucial moment
in the American story: the
rise of Transcendentalism.
The Transcendentalists
and Their World offers a
fresh view of the thinkers
whose outsize impact on
philosophy and literature
would spread from tiny

Concord to all corners of the earth. Ralph Waldo Emerson, Henry David Thoreau, Nathaniel Hawthorne, and the Alcotts called this New England town home, and Thoreau drew on its life extensively in his classic *Walden*. But Concord from the 1820s through the 1840s was no pastoral place fit for poets and philosophers. The Transcendentalists and their neighbors lived through a transformative epoch of American life. A place of two thousand-plus souls in the

antebellum era, Concord was a community in ferment, whose small, ordered society founded by Puritans and defended by Minutemen was dramatically unsettled through the expansive forces of capitalism and democracy and tightly integrated into the wider world. These changes challenged a world of inherited institutions and involuntary associations with a new premium on autonomy and choice. They exposed people to cosmopolitan currents of thought and endowed

them with unparalleled opportunities. They fostered uncertainties, raised new hopes, stirred dreams of perfection, and created an audience for new ideas of individual freedom and democratic equality deeply resonant today. The Transcendentalists and *Their World* is both an intimate journey into the life of a community and a searching cultural study of major American writers as they plumbed the depths of the universe for spiritual truths and surveyed the rapidly

changing contours of their own neighborhoods. It shows us familiar figures in American literature alongside their neighbors at every level of the social order, and it reveals how this common life in Concord entered powerfully into their works. No American community of the nineteenth century has been recovered so richly and with so acute an awareness of its place in the larger American story.

The original CliffsNotes

study guides offer expert commentary on major themes, plots, characters, literary devices, and historical background. The latest generation of titles in this series also feature glossaries and visual elements that complement the classic, familiar format.

CliffsNotes on Thoreau, Emerson, and Transcendentalism explores in depth, but also in easy-to-understand terms, transcendentalism—the religious, political, and literary movement that

captured the minds of such literary figures as Henry David Thoreau and Ralph Waldo Emerson in the first half of the 19th century. This guide helps you to understand the various tenets of transcendentalism, as well as how Thoreau and Emerson became the two most well-known figures associated with the movement and how the transcendentalist philosophy is reflected in their work. In addition to introducing you to the basics of understanding transcendentalism, this

guide also gives you the following: Examinations of the lives of Thoreau and Emerson Detailed summaries of and commentaries on many of their transcendentalist writings, such as Emerson's Nature and Thoreau's Walden Critical essays on Emerson and Thoreau's reputation and influence A review section that tests your knowledge A Resource Center full of books, articles, and Internet sites Classic literature or modern-day treasure—you'll understand it all with

expert information and insight from CliffsNotes study guides.
Emerson & Thoreau
Oxford University Press
Winner of the Bancroft Prize The Minutemen and Their World, first published in 1976, is reissued now in a twenty-fifth anniversary edition with a new Foreword by Alan Taylor and a new Afterword by the author. On April 19, 1775, the American Revolution began at the Old North Bridge in Concord, Massachusetts. The "shot heard round the world"

catapulted this sleepy New England town into the midst of revolutionary fervor, and Concord went on to become the intellectual capital of the new republic. The town--future home to Emerson, Thoreau, and Hawthorne--soon came to symbolize devotion to liberty, intellectual freedom, and the stubborn integrity of rural life. In The Minutemen and Their World, Robert Gross has written a remarkably subtle and detailed reconstruction of the lives and community of this

special place, and a compelling interpretation of the American Revolution as a social movement.

Transcendentalist Insights for Education Penguin

*Includes inspirational quotes from both

Emerson and Thoreau

*Includes Emerson's article about Thoreau's life in the August 1862 edition of *Atlantic Monthly*

*Includes a Bibliography of their works and secondary works about them. *Includes pictures of Emerson, Thoreau and important people and

places in their lives.

"Standing on the bare ground, - my head bathed by the blithe air, and uplifted into infinite space, - all mean egotism vanishes. I become a transparent eye-ball; I am nothing; I see all; the currents of the Universal Being circulate through me; I am part or particle of God." - Ralph Waldo Emerson
 "A living dog is better than a dead lion. Shall a man go and hang himself because he belongs to the race of pygmies, and not be the biggest pygmy that he

can? Let every one mind his own business, and endeavor to be what he was made. Why should we be in such desperate haste to succeed and in such desperate enterprises? If a man does not keep pace with his companions, perhaps it is because he hears a different drummer. Let him step to the music which he hears, however measured or far away." - Henry David Thoreau
 In the mid-19th century, Romantic literature was still in full bloom across the West, but some

American authors began producing literature that, while still Romantic, was unique enough to be considered a different genre. This new genre, Transcendentalism, focused on the spirituality of the self and nature, not rejecting religion outright but concentrating on pragmatism and the importance of individuals as the spiritual center of the cosmos. In addition to drawing upon the Age of Enlightenment, Transcendentalist authors also utilized the philosophy of Plato, who

taught that self-fulfillment through attaining knowledge should be an individual's ultimate goal. The leader of Transcendentalism, and the man who ushered the movement's practices and literature, was Ralph Waldo Emerson (1802-1883), one of America's most famous writers and speakers. Emerson initiated Transcendentalism with the publishing of his essay *Nature* in 1836, which espoused the virtues of nature and the interconnectedness of all

life in nature. With his focus on the environment and natural history, Emerson became the first major American writer whose work was not influenced in any way by European literature. Emerson established group meetings, gave a series of lectures, and helped produce a Transcendentalist publication in the 1840s, which included his famous essay *Self-Reliance*. As Emerson's movement and stature grew, he befriended other authors, including Henry David

Thoreau, who became his greatest protege. As a protege of Ralph Waldo Emerson, Thoreau took the values of the movement to heart and was particularly interested in the interconnection between man and nature, writing in *Walden*, "Most of the luxuries and many of the so-called comforts of life are not only not indispensable, but positive hindrances to the elevation of mankind." That famous work was Thoreau's account of his experience living for two

years in a small cabin in a forest along the shore of Walden Pond in Concord, Massachusetts. In 1846, Thoreau was arrested for failing to pay taxes, which was based on his opposition to slavery and other ways the government spent taxpayers' money. After being freed, he gave a lecture about the roles of governments and individuals in society, which eventually became the famous essay "Civil Disobedience." Thoreau's message of civil disobedience has

resonated more than any of his other Transcendentalist values, and it had a profound influence on the philosophy and nonviolent protests of activists like Mahatma Gandhi and Martin Luther King, Jr. Ralph Waldo Emerson & Henry David Thoreau looks at the lives and works of both men, examining their ideology and the Transcendentalist movement.
