<b>Romanian Military Bibliography (a 1944-1984 Selection)</b> Central European University Press Rare memoir of a foreigner serving with the Germans on the Eastern Front. • Firsthand descriptions of combat at the siege of Budapest and the final battle for Berlin in 1945 • Insights into what motivated soldiers to fight for Nazi Germany • Copies of the out-of-print	original edition are highly prized <i>Reader's Guide to Military History</i> Routledge One of the first historical mentions of an armed conflict in what is now Romania dates back to 335 B.C., when, prior to launching his legendary Asian campaign, Alexander the Great organized an expedition over the Western shore of the Danube to deter the Gaets and secure the	frontier of the Macedonian Kingdom. Since then, the land located on the Black Sea and nestled amongst the Carpathian Mountains has seen more than its fair share of military struggles. Whether referring to the country's fight for independence against the Ottoman Empire in the 14th Century or the December Revolution in the late 20th Century, Romania's military
--	---	---

history has been long and varied. This book presents a chronological and detailed narrative of the significant events in the nation's military history, covering everything from the campaign of the Persian king Darius I against the Scythians in 514 B.C. to Romania's admission into NATO in April of 2004. Beginning with a full chronology of the country's most important and

decisive military events, *Brief Romanian Military History* then presents a general overview of 2500 years of Romanian history. Complete with biographies of significant military leaders and entries on important battles, wars, military organizations, structures, fortresses, uniforms, and weapons for each of the historical eras chronicled, this book is an essential reference tool

for scholars, historians, anthropologists, journalists, and all others interested in the history of Romania. *Romania's Holy War* Scholarly Title Based on the idea that there is a considerable difference between reality and discourse, the author points out that history is constantly reconstructed, adapted and sometimes mythicized from the perspectives of the present day, present states of mind

and ideologies. He closely examines historical culture and conscience in nineteenth and twentieth century Romania, particularly concentrating on the impact of the national ideology on history. Boia's innovative analysis identifies several key mythical configurations and shows how Romanians have reconstituted their own highly ideologized history over

the last two centuries. The strength of History and Myth in Romanian Consciousness lies in the author's ability to fully deconstruct the entire Romanian historiographic system and demonstrate the increasing acuteness of national problems in general, and in particular the exploitation of history to support national ideology. A Short History of Bessarabia and Northern

Bucovina  
Scarecrow Press  
This original and groundbreaking work is the first attempt to treat the period 1774-1866 as a distinct stage in the evolution of modern Romania and is a fascinating analysis of the building of a European nation-state. The Balkan Wars 1912-1913  
Fonthill Media  
A reference work that thoroughly documents the extensive military

history of the Islamic world between the 7th century and the present day. • Includes an introductory essay • Provides over 600 A-Z entries, many with accompanying images • Contains contributions by some of the leading scholars in the field of military history • Provides a convenient glossary of commonly used Islamic military terms intended for general readers

**A Short Illustrated History of Romanians**  
Lulu.com  
One of two works on Romanian military history by the former Romanian communist general Ilie Ceausescu. The books are important both as military history and, even more so, as a classic statement of the communist interpretation of that history. *The Political and Military History of the Second Bulgarian*

*Empire (1185-1280)*  
Brief Romanian Military History  
A significant contribution to the significance of Romania's joining the war against Germany on August 23, 1944, following the overthrow of the Antonescu regime and the liberation of Romania by the Glorious Soviet armies. [The Failed Soviet Invasion of Romania, Spring 1944](#)  
Cambridge University Press

Romania's Holy War rights the widespread myth that Romania was a reluctant member of the Axis during World War II. In correcting this fallacy, Grant T. Harward shows that, of an estimated 300,000 Jews who perished in Romania and Romanian-occupied Ukraine, more than 64,000 were, in fact, killed by Romanian soldiers. Moreover, the Romanian Army conducted a

brutal campaign in German-occupied Ukraine, resulting in the deaths of thousands of Soviet prisoners of war, partisans, and civilians. Investigating why Romanian soldiers fought and committed such atrocities, Harward argues that strong ideology—a cocktail of nationalism, religion, antisemitism, and anticommunism—undergirded their motivation.

Romania's Holy War draws on official military records, wartime periodicals, soldiers' diaries and memoirs, subsequent war crimes investigations, and recent interviews with veterans to tell the full story. Harward integrates the Holocaust into the narrative of military operations to show that most soldiers fully supported the wartime dictator, General Ion Antonescu, and his

<p>regime's holy war against "Judeo-Bolshevism." The army perpetrated mass reprisals, targeting Jews in liberated Romanian territory; supported the deportation and concentration of Jews in camps or ghettos in Romanian-occupied Soviet territory; and played a key supporting role in SS efforts to exterminate Jews in German-occupied Soviet</p>	<p>territory. Harward proves that Romania became Nazi Germany's most important ally in the war against the USSR because its soldiers were highly motivated, thus overturning much of what we thought we knew about this theater of war. Romania's Holy War provides the first complete history of why Romanian soldiers fought on the Eastern Front. <u><a href="#">Romania 1992</a></u> Grup Editorial</p>	<p>Litera A comprehensive and engaging new history charting Romania's development over 2000 years from its establishment to the present day. <b>23 August 1944 in Romania</b> Cornell University Press This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th-century intervention operations. Designed for a</p>

wide variety of users, it encompasses general reviews of aspects of military organization and science, as well as specific wars and conflicts. The book examines naval and air warfare, as well as significant individuals, including commanders, theorists, and war leaders. Each entry includes a listing of additional publications on the topic, accompanied by an article discussing

these publications with reference to their particular emphases, strengths, and limitations. Goodbye, Transylvania Cornell University Press One of the first historical mentions of an armed conflict in what is now Romania dates back to 335 B.C., when, prior to launching his legendary Asian campaign, Alexander the Great organized an expedition over the

Western shore of the Danube to deter the Gaets and secure the frontier of the Macedonian Kingdom. Since then, the land located on the Black Sea and nestled amongst the Carpathian Mountains has seen more than its fair share of military struggles. Whether referring to the country's fight for independence against the Ottoman Empire in the 14th Century or the December

Revolution in the late 20th Century, Romania's military history has been long and varied. This book presents a chronological and detailed narrative of the significant events in the nation's military history, covering everything from the campaign of the Persian king Darius I against the Scythians in 514 B.C. to Romania's admission into NATO in April of 2004. Beginning

with a full chronology of the country's most important and decisive military events, *Brief Romanian Military History* then presents a general overview of 2500 years of Romanian history. Complete with biographies of significant military leaders and entries on important battles, wars, military organizations, structures, fortresses, uniforms, and weapons for each of the

historical eras chronicled, this book is an essential reference tool for scholars, historians, anthropologists, journalists, and all others interested in the history of Romania. Perennial Press  
The volume provides a comprehensive, yet brief, analysis of the evolution of Romanian history and civilization from the first century BC to the present. Its principal attraction to readers is the conceptual and analytical

approach designed to provide an intelligent, yet scholarly, overview of Romanian history, and a clear understanding of the problems facing the country, rooted in that history, in the post-communist period of transition of the 1990s and, most likely, also in the new millennium.

**The Journal of Military History**

Columbia University Press  
This is not an

ordinary history book. As readers will realise quite early on, Neagu Djuvara has the audacity to tackle some of the most delicate and controversial issues in Romanian history under the guise of light storytelling. With the addition of illustrations, the book becomes better and easier to understand: we are offered the chance to see how ancient artefacts discovered by

archaeologists actually look like, or catch a glimpse of the world of barbarians and medieval warriors depicted in wonderful illuminated manuscripts. As we get nearer to the modern age, the imagery becomes even richer and we get to know Romania's princes and monarchs, their allies and their enemies, the politicians – good and bad – their triumphs, tribulations or even tragedies; and sometimes

even the common people going about their daily lives. The photographic discourse focuses on the most important documents, even if their condition is not optimal. You will also find images of pottery, jewellery and weaponry, some of them from unexpected sources, often unknown to the public, accompanied by detailed captions that complement the information

provided in the text itself. Together, the story and illustrations intertwine to form a new, enhanced historical account - and hopefully, one not lacking in originality. Brief Romanian Military History Humanitas SA One of two works on Romanian military history by the former Romanian communist general Ilie Ceausescu. The books are important both as military

history and, even more so, as a classic statement of the communist interpretation of that history. Brief Romanian Military History Stackpole Books En fremstilling af Rumæniens militære deltagelse i 1. verdenskrig. **Romania's Economic History** East European Monographs In The Asanids, Alexandru Madgearu provides a detailed history of the second

Bulgarian empire in its interactions with Byzantium, Hungary, Latin Empire of Constantinople and the Golden Horde. This is the first English language monograph on this subject. *From the Beginnings to World War II* ABC-CLIO

The fuse to the First World War was lit in the Balkans where simmering hatreds exploded into violence. Like a string of firecrackers, these hatreds had been fuelled by attacks on the Turkish Ottoman Empire in the previous few years. From 1911-1912, Italy seized Libya. In 1912, the Balkan states united to drive Turkey out of Europe in the First Balkans War, and in the following year in the Second Balkans War, turned on each other in a division of the spoils which allowed Turkey to retain a foothold in Europe. This was a war of land campaigns, sea battles and amphibious operations in which the new military technology was first used. Submarine and aircraft attacked ships, aircraft made reconnaissance flights and bombed troops while even electronic warfare was used. It also saw mirror images of the events in the First World War; Bulgarians driven from Salonika where an Allied army

would later be contained and Turkish troops held back in the Dardanelles, their guns driving off a naval task force. These now forgotten wars were the overture to the First World War and yet they have overtones a century later. The First World War saw echoes of these campaigns in Salonika and especially in the Dardanelles, while the ethnic tensions would erupt into further

bloodshed after the Cold War ended as Yugoslavia collapsed during the 1990s.

### **The Romanians**

McFarland The leading expert on Soviet military history resurrects a failed World War II campaign that the official Russian history seeks to erase from memory. Reconstructing the Red Army's first invasion of Romania in the spring of 1944, Glantz shows that despite the

campaign's abysmal failure, it provided a clear indication of Stalin's strong interest in the Balkans and further damaged the German army's ability to stop the Soviet war machine in its drive toward Berlin.

### **Review of Military History** BRILL

"Prior to the collapse of communism, Romanian historical movies were political, encouraging nationalistic feelings and devotion to

the state. The author explores a comprehensive selection of fictional films, old and new, set in the Romanian past"--
