Behold the Void Del Rey

The first in a three-book series spun off the iconic Wicked Years from multimillion-copy bestselling author Gregory Maguire, featuring Elphaba’s granddaughter, the green-skinned Rain. Ten years ago this season, Gregory Maguire wrapped up the series he began with Wicked by giving us the fourth and final volume of the Wicked Years, his elegiac *Out of Oz*. But “out of Oz” isn’t “gone for good.” Maguire’s new series, *Another Day*, is here, twenty-five years after Wicked first flew into our lives. Volume one, *The Brides of Maracoor*, finds Elphaba’s granddaughter, Rain, washing ashore on a foreign island. Comatose from crashing into the sea, Rain is taken in by a community of single women committed to obscure devotional practices. As the mainland of Maracoor sustains an assault by a foreign navy, the island’s civil-servant overseer struggles to understand how an alien arriving on the shores of Maracoor could threaten the stability and wellbeing of an entire nation. Is it myth or magic at work, for good or for ill? The trilogy *Another Day* will follow this green-skinned

girl from the island outpost into the unmapped badlands of Maracoor before she learns how, and becomes ready, to turn her broom homeward, back to her family and her lover, back to Oz, which—in its beauty, suffering, mystery, injustice, and possibility—reminds us all too clearly of the troubled yet sacred terrain of our own lives.

Since the 1970s, FantasticLand has been the theme park where “Fun is Guaranteed!” But when a hurricane ravages the Florida coast and isolates the park, the employees find it anything but fun. Five weeks later, the authorities who rescue the survivors encounter a scene of horror. Photos soon emerge online of heads on spikes outside of rides and viscera and human bones littering the gift shops, breaking records for hits, views, likes, clicks, and shares. How could a group of survivors, mostly teenagers, commit such terrible acts? Presented as a fact-finding investigation and a series of first-person interviews, FantasticLand pieces together the grisly series of events. Park policy was that the mostly college-aged employees surrender their electronic devices to preserve the

authenticity of the FantasticLand experience. Cut off from the world and left on their own, the teenagers soon form rival tribes who viciously compete for food, medicine, social dominance, and even human flesh. This new social network divides the ravaged dreamland into territories ruled by the Pirates, the ShopGirls, the Freaks, and the Mole People. If meticulously curated online personas can replace private identities, what takes over when those constructs are lost? FantasticLand is a modern take on *Lord of the Flies* meets *Battle Royale* that probes the consequences of a social civilization built online. It's the end of the nineteenth century in San Francisco's Chinatown, and ghost hunters from the Maoshan traditions of Daoism keep malevolent spiritual forces at bay. Li-lin, the daughter of a renowned Daoshi exorcist, is a young widow burdened with yin eyes-the unique ability to see the spirit world. Her spiritual visions and the death of her husband bring shame to Li-lin and her father-and shame is not something this immigrant family can afford. When a sorcerer cripples her father, terrible plans are set in motion, and only Li-lin can stop them. To aid her are her martial arts and a peachwood sword, her burning paper talismans, and a wisecracking spirit in the form of a human eyeball tucked away in her pocket. A Terrifying Novel of the Old West Kokila

From USA Today and #1 Amazon bestselling author Jeremy Bates comes the second book in the all-new WORLD'S SCARIEST LEGENDS series. In 1954, at the start of the Cold War, the Soviet military offered four political prisoners their freedom if they participated in an experiment requiring them to remain awake for fourteen days while under the influence of a powerful stimulant gas. The prisoners ultimately reverted to murder, self-mutilation, and madness. None survived. In 2018, Dr. Roy Wallis, an esteemed psychology professor at UC Berkeley, is attempting to recreate the same experiment during the summer break in a soon-to-be demolished building on campus. He and two student assistants share an eight-hour rotational schedule to observe their young Australian test subjects around the clock. What begins innocently enough, however, morphs into a nightmare beyond description that no one could have imagined--with, perhaps, the exception of Dr. Roy Wallis himself.

"[Jason Pargin] has updated the Lovecraft tradition and infused it with humor that rather than lessening the horror, increases it dramatically. Every time I set the book down down, I was wary that something really was afoot, that there were creatures I couldn't see, and that because I suspected this, I was next. Engaging, comic, and terrifying." —Joe Garden, Features Editor, *The Onion* "[Pargin] is like a mash-up of Douglass Adams and Stephen King... 'page-turner' is an understatement." —Don Coscarelli, director, *Phantasm I-V*, Bubba Ho-tep "That rarest of things--a genuinely scary story." —David Wellington, author of *Monster Island*, *Vampire Zero* "JOHN DIES AT THE END has a cult following for a reason: it's horrific, thought-provoking, and hilarious all at once. This is one of the most entertaining and addictive novels I've ever read." —Jacob Kier, Publisher, *Permuted Press STOP*. You should not have touched this flyer with your bare hands. NO, don't put it down. It's too late. They're watching you. My name is David. My best friend is John. Those names are fake. You might want to change yours. You may not want to know about the things you'll read on these pages, about the sauce, about Korrok, about the invasion, and the future. But it's too late. You touched the book. You're in the game. You're under the eye. The only defense is knowledge. You need to read this book, to the end. Even the part with the bratwurst. Why? You just have to trust me. The important thing is this: The sauce is a drug, and it gives users a window into another dimension. John and I never had the chance to say no. You still do. I'm sorry to have involved you in this, I really am. But as you read about these terrible events and the very dark epoch the world is about to enter as a result, it is crucial you keep one thing in mind: None of this was my fault.

From the New York Times bestselling author of *Bird Box* and *Malorie*, Josh Malerman, comes the legend of Pearl, a strange new monster unlike any other in horror (previously published as *On This, the Day of the Pig*). “Daring readers should find this tale of a malevolent telepathic pig to be a memorable experience.”—Booklist (starred review) There's something strange about Walter Kopples farm. At first it seems to be his grandson, who cruelly murders one of Walter's pigs in an act of seemingly senseless violence. Walter is not sure what to believe. He knows that he's always been afraid of the strangely malevolent Pearl. But as madness and paranoia grip the town and the townspeople descend on Walter's farm with violent wrath, they begin to discover that true evil wears a human face.

The Red Coat Del Rey

Introduction by Laird Barron BEHOLD THE VOID is nine stories of terror that huddle in the dark space between cosmic horror and the modern weird, between old-school hard-edged horror of the 1980's and the stylistic prose of today's literary giants. Revenge takes a monstrous form when a scorned lover acquires bizarre, telekinetic powers; a community swimming pool on a bright summer day becomes the setting for a ghastly nightmare of sacrifice and loss; a thief does bloody

battle with a Yakuza for the soul of a horse god; a priest must solve the mystery of a century-old serial killer or risk the apocalypse; a newly-married couple discover that relationships-gone-bad can be poisonous, and deadly; a child is forced to make an ultimate choice between letting his parents die or living with the monsters they may become; and when a boy is trapped on a beach at low tide, he must face death in many forms - that of the rising water coming to consume him and the ghost of his dead mother who wants him back, reaching for him with dark, longing arms...
