Until recently, the odd thought Margaret Mitchell had only one story to tell: *Gone With the Wind*. Now meet a heroine to match Scarlett: Courtenay Ross, a feisty, independent-minded woman, and the two men -- one a cool-headed, well-heeled gentleman, the other a hot-blooded, pugnacious sailor -- who adore her. A tale of yearning, valor, and devotion, *Lost Laysen* enthralls from its delightful beginning to its unforgettable end. Equally intriguing is the story behind the story -- the real-life romance that inspired Mitchell: how she gave the original manuscript as a gift to her beau. Henry Love Angel, and how the manuscript, along with Mitchell's intimate letters and treasured photographs, were lovingly safeguarded only to be discovered decades later in a shoebox *Lost Laysen* is pure magic, a gift for us to cherish from America's most beloved storyteller.

A novel so compelling that it begs to be read in a single setting, *The Sense of an Ending* has the psychological and emotional depth and sophistication of Henry James at his best, and is a stunning achievement in Julian Barnes's oeuvre. Tony Webster thought he left his past behind as he built a life for himself, and his career has provided him with a secure retirement and an amicable relationship with his ex-wife and daughter, who now has a family of her own. But when he is presented with a mysterious legacy, he is forced to revise his estimation of his own nature and place in the world.

"I come from Des Moines. Somebody had to." And, as soon as Bill Bryson was old enough, he left. Des Moines couldn't hold him, but it did lure him back. After ten years in England he returned to the land of his youth, and drove almost 14,000 miles in search of a

mythical small town called Amalgam, the kind of smiling village where the movies from his youth were set. Instead he drove through a series of horrific burgs, which he renamed Smellville, Fartville, Coleslaw, Coma, and Doldrum. At best his search led him to Anywhere, USA, a lookalike strip of gas stations, motels and hamburger outlets populated by obese and slow-witted hicks with a partiality for synthetic fibres. He discovered a continent that was doubly lost: lost to itself because he found it blighted by greed, pollution, mobile homes and television; lost to him because he had become a foreigner in his own country.

"A love story at its core, though one without an ending written in the stars. . . . Timely and insightful." --Karma Brown, #1 bestselling author of *Recipe for a Perfect Wife* For fans of Joanne Ramos, Josie Silver, and Emily Giffin, a gripping and powerful story that asks: Just how much are you willing to forgive in the name of love? Brooke has long been caught in the orbit of Derek, a rising political superstar. First he was her boss, then they were friends and she became his confidant, the one person he shared everything with. And even though she had feelings for him--it was hard to resist; he's charming and handsome, respected and beloved--she never dreamed he'd feel the same way. Derek is so much older and could have anyone he wanted. But it turns out that who Derek wants is Brooke, and suddenly none of the reasons they shouldn't be together matter. They fall in love. And even though Brooke has to keep the relationship a secret--stealing weekends away with him, late nights with takeout after long days at work, and business trips that are always a romantic whirlwind--being close to him and her dreams of their future make everything worth it. Then it all falls apart, and Brooke is left holding the pieces of the life they'd shared. Derek becomes embroiled in a scandal--the kind Brooke never could have

imagined he'd be involved in--and she is forced to re-examine their relationship and make sense of the man she loves. Poignant, heart-stopping, and resonant, *Waiting for a Star to Fall* is a story about love, the things we choose to believe, and how sometimes the path to happily ever after has to start with ourselves.
