The year was 1878 and the cry of 'Silver!' was in the air. The gold camp of Leadville was once again the focus of men of fortune and violence filled the streets. When the news reached Yancy, he knew he had a job to do, only this time there was more on the table than just his ministry. When Dutch discovered his old enemy was in town,

the memories of the disgrace he had suffered rekindled. When he learned the preacher had brought his family along, he knew what he had to do. The old scores had to be settled and the payback would be played out in the most sacred place in Colorado. Only a miracle from God could save Yancy's family from the hands of a man determined to get even. The events that followed would be burned in the minds of father and son and their lives would be changed forever.

Praise for The Magnesium Miracle “Dr. Carolyn Dean has been light-years ahead of her time when it comes to the crucial mineral magnesium and its many lifesaving uses. Her work is a gift to humanity. I highly recommend it.”—Christiane Northrup, M.D. “Throughout this volume and with utmost clarity, Dr. Carolyn Dean presents invaluable recommendations—based on the latest magnesium research. Virtually every American can benefit.”—Paul Pitchford, author of Healing with Whole

Foods “Dr. Carolyn Dean has the best credentials for bringing solutions to those suffering from the hidden magnesium disorders that affect most of us. Sinatra, M.D., author of The Sinatra Solution: Metabolic Cardiology **Miracle of Israel** Counterpoint “[A] scathing assessment . . . Berry shows that Wilson's much-celebrated, controversial pleas in Consilience to unify all branches of knowledge is nothing more than a fatuous subordination of religion, art, and everything else that is good to science . . . Berry is one of the most perceptive critics of American society

writing today.” —The Washington Post “I am tempted to say he understands [Consilience] better than Wilson himself . . . A new emancipation proclamation in which he speaks again and again about how to defy the tyranny of scientific materialism.” —The Christian Science Monitor In *Life Is a Miracle*, the devotion of science to the quantitative and reductionist world is measured against the mysterious, qualitative suggestions of religion and art. Berry sees life as the collision of these separate forces, but without all three in the mix we are left at sea in the world.

Why not be the miracle? That's the challenge Regina Brett sets forth in *BE THE MIRACLE*. To be a miracle doesn't necessarily mean tackling problems across the globe. The lessons come from Regina's life experience and from the lives of others, especially those she has met in her 24 years as a journalist. Each chapter is a lesson that can stand alone, but together

they form a handbook for seeing the miracle of change everywhere. With upbeat lessons from "Do Your Best and Forget the Rest" to "Sometimes It's Enough to Make One Person Happy," these lessons will help you accept and embrace yourself, challenge and change yourself, and better serve others.

A true story of the miraculous creation of a college in a remote mountain valley at the turn of the 19th century and the captivating characters who, with the grace of God, made it happen: The Methodist circuit rider, still in his 20s, who came into the valley on a mule, bringing only a dream and the fierce faith of an Old Testament

prophet. The wise, resourceful, soft-spoken widow who breathed life into the infant school not once but twice. The wealthy Methodist laymen whose generosity for Christian education was so great that his kin sued him because they felt left out. It's no secret that dogs have indomitable spirits, that they're

tireless workers and have boundless energy. But it's when everything seems hopeless that their grit and determination really shines through. Whether sick or injured, lost or abandoned, recovering from cruelty or neglect, it's the underdogs of the world who have the most to teach us. Dogs like Jake the bulldog, who was found unresponsive in a burning house but was revived by puppy CPR and now serves as a mascot for the fire crew that saved his life; Guy the beagle, discovered alone in the woods, desperately underweight, only to be adopted by Meghan Markle and become a four-legged part of the royal family; and Maggie, blinded by eye infections and shot 17

times, but still living her life with such relentless positivity that she provides support to stressed-out students and aged-care residents. Miracle Mutts shares the stories of miraculous dogs like these, dogs who

conquered seemingly insurmountable odds, dogs whose futures seemed bleak, dogs that weren't expected to make it - but triumphed and thrived in the face of incredible adversity.
