The History of a Heart

Henri René Albert Guy de Maupassant (5 August 1850 - 6 July 1893) was a French writer, remembered as a master of the short story form, and as a representative of the naturalist school of writers, who depicted human lives and destinies and social forces in disillusioned and often pessimistic terms. Maupassant was a protégé of Flaubert and his stories are characterized by economy of style and efficient, effortless dénouements (outcomes). Many are set during the Franco-Prussian War of the 1870s, describing the futility of war and the innocent civilians who, caught up in events beyond their control, are permanently changed by their experiences. He wrote some 300 short stories, six novels, three travel books, and one volume of verse. His first published story, "Boule de Suif" ("Ball of Fat," 1880), is often considered his masterpiece. Henri-René-Albert-Guy de Maupassant was born 5 August 1850 at the Château de Miromesnil (Castle Miromesnil, near Dieppe in the Seine-Inférieure (now Seine-Maritime) department in France. He was the first son of Laure Le Poittevin and Gustave de Maupassant, both from prosperous bourgeois families. His mother urged his father when they married in 1846 to obtain the right to use the particule or form "de Maupassant" instead of "Maupassant" as his family name, in order to indicate noble birth. Gustave discovered a certain Jean-Baptiste Maupassant, conseiller-secrétaire to the King, who was ennobled in 1752. He then obtained

from the Tribunal Civil of Rouen by decree dated 9 July 1846 the right to style himself "de Maupassant" instead of "Maupassant" and this was his surname at the birth of his son Guy in 1850.[3] When Maupassant was 11 and his brother Hervé was five, his mother, an independent-minded woman, risked social disgrace to obtain a legal separation from her husband, who was violent towards her. After the separation, Laure Le Poittevin kept her two sons. With the father's absence, Maupassant's mother became the most influential figure in the young boy's life.She was an exceptionally well-read woman and was very fond of classical literature, particularly Shakespeare. Until the age of thirteen, Guy happily lived with his mother, at Étretat, in the Villa des Verguies, where, between the sea and the luxuriant countryside, he grew very fond of fishing and outdoor activities. At age thirteen, his mother next placed her two sons as day boarders in a private school, the Institution Leroy-Petit, in Rouen-the Institution Robineau of Maupassant's story La Question du Latin-for classical studies.From his early education he retained a marked hostility to religion, and to judge from verses composed around this time he deplored the ecclesiastical atmosphere, its ritual and discipline. Finding the place to be unbearable, he finally got himself expelled in his next-to-last year.....

Georges Duroy, fils de pauvres cabartiers normands, est animé par une puissante volonté de parvenir dans un monde qui ne mesure la valeur d'un être que par son avoir. Tous les moyens lui sont bons . écraser les faibles, salir les réputations, séduire les femmes riches... Ainsi, à travers le destin particulier d'un " Bel-Ami ", d'un " gredin ", Maupassant dénonce la corruption des journalistes, des politiciens, des financiers et fustige l'amoralisme et le cynisme de toute la société de la dernière moitié du XIXe siècle.

POVERTY After changing his five-franc piece Georges Duroy left the restaurant. He twisted his mustache in military style and cast a rapid, sweeping glance upon the diners, among whom were three saleswomen, an untidy music-teacher of uncertain age, and two women with their husbands. When he reached the sidewalk, he paused to consider what route he should take. It was the twenty-eighth of June and he had only three francs in his pocket to last him the remainder of the month. That meant two dinners and no lunches, or two lunches and no dinners, according to choice. As he pondered upon this unpleasant state of affairs, he sauntered down Rue Notre Dame de Lorette, preserving his military air and carriage, and rudely jostled the people upon the streets in order to clear a path for himself. He appeared to be hostile to the passers-by, and even to the houses, the entire city. Tall, well-built, fair, with blue eyes, a curled mustache, hair naturally wavy and parted in the middle, he recalled the hero of the popular romances. It was one of those sultry, Parisian evenings when not a breath of air is stirring; the sewers exhaled poisonous gases and the restaurants the disagreeable odors of cooking and of kindred smells. Porters in their shirt-sleeves, astride their chairs, smoked their pipes at the carriage gates, and pedestrians strolled leisurely along, hats in hand.

* Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. By reading this summary, you will discover how to succeed and flourish in your work. You will also discover : that considering your work in a pragmatic way allows you to better live with possible failures; that the practice of blurring is not new; that quality work is often good because it has been collective; the advantages and disadvantages of a passionate or down-to-earth conception of work. Bel-Ami, a masterpiece and classic of literature, addresses in particular the question of work. Its hero, Georges Duroy, seeks success and through a combination of circumstances, he will become an accomplished journalist. Ironically, Maupassant does not make his hero a role model. However, the novel does offer valuable insights into the relationship of each individual to work. In the end, it helps answer the question: how to feel good about one's professional life? *Buy now the summary of this book for the modest price of a cup of coffee!

Alien Hearts was the last book that Guy de Maupassant finished before his death at the early age of forty-three. It is the most original and psychologically penetrating of his several novels, and the one in which he attains a truly tragic perception of the wounded human heart. André Mariolle is a rich, handsome, gifted young man who cannot settle on what to do with himself. Madame de Burne, a glacially dazzling beauty, wants Mariolle to attend her exclusive salon for artists, composers, writers, and other intellectuals. At first Mariolle keeps his distance, but then he hits on the solution to all his problems: caring for nothing in particular, he will devote himself to being in love; Madame de Burne will be his everything. Soon lover and beloved are equally lost within a hall of mirrors of their common devising. Richard Howard's new English translation of this complex and brooding novel—the first in more than a hundred years—reveals the final, unexpected flowering of a great French realist's art.

Maupassant's second novel, Bel-Ami (1885) is the story of a ruthlessly ambitious young man (Georges Duroy, christened Bel-Ami by his female admirers) making it to the top in fin-de-siècle Paris. It is a novel about money, sex, and power, set against the background of the politics of the French colonization of North Africa. It explores the dynamics of an urban society uncomfortably close to our own and is a devastating satire of the sleaziness of contemporary journalism. Bel-Ami enjoys the status of an authentic record of the apotheosis of bourgeois capitalism under the Third Republic. But the creative tension between its analysis of modern behavior and its identifiably late nineteenth-century fabric is one of the reasons why Bel-Ami remains one of the finest French novels of its time, as well as being recognized as Maupassant's greatest achievement as a novelist. This new translation is complemented by fullest introduction and notes of any edition currently available.

Bel Ami (The History of a Scoundrel): The story chronicles journalist Georges Duroy's corrupt rise to power from a poor ex-NCO to one of the most successful men in Paris, most of which he achieves by manipulating a series of powerful, intelligent, and wealthy mistresses. The novel is set in Paris in the upper-middle class environment of the leading journalists of the newspaper La Vie Française and their friends. Pierre et Jean is a naturalist or psycho-realist story, notably so by the subjects on which it treats, including knowledge of one's heredity (whether one is a legitimate son or a bastard), the bourgeoisie, and the problems stemming from money. Notre Coeur (A Woman's Pastime): The novel tells the story of a woman without a heart, frigid and probably a lesbian. The hero, facing this fascinating and awesome being, takes another mistress, who can hardly satisfy him. He is devastated by this passionate love, violent, melancholic and cruel. A Life is a satirical novel about the folly of romantic illusion. The novel tells the story of young Jeanne, full of hope and dreams of love, who discovers the outside world after finishing an education in a convent. She is looking forward to her new life and she is dreaming of the day when she will find the man who loves her. All her expectations are fulfilled, however... Mont Oriol Strong as Death

This early work by Guy de Maupassant was originally published in the 1880's. Guy de Maupassant was born in 1850 at the Château de Miromesnil, near Dieppe, France. He came from a prosperous family, but when Maupassant was eleven, his mother risked social disgrace by trying to secure a legal separation from her husband. After the split, Maupassant lived with his mother till he was thirteen, and inherited her love of classical literature. In 1880, Maupassant published his first – and, according to many, his best – short story, entitled 'Boule de Suif' ('Ball of Fat'). It was an instant success. He went on to be extremely prolific during the 1880s, working methodically to produce up to four volumes of short fiction every year. Many of the earliest books, particularly those dating back to the 1900's and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions.
