### Life and Other

Shortcomings Cornell

University Press

An unbelievably believable story about the afterlife, with documenting photographs from the former publisher of a major metropolitan newspaper. In 2004, Janis Heaphy Durham's husband, Max Besler, died of cancer at age 56. The daughter of a Presbyterian minister, she practiced her faith as she struggled with her loss. Soon she began encountering phenomena unlike anything she'd ever experienced: lights flickering, doors opening and closing, clocks stopping at 12:44, the exact time of Max's death. But then something startling happened that changed Heaphy Durham's life forever. A powdery handprint appeared on her bathroom mirror on the first anniversary of Max's death. This launched Heaphy Durham on a journey that transformed her spiritually and altered her view of reality forever. She interviewed scientists

and spiritual practitioners along the way, as she discovered that the veil between this world and the next is thin and it's love that bridges the two worlds.

A dazzlingly original and ambitious book on the history of female self-portraiture by one of today's most well-respected art critics. Her story weaves in and out of time and place. She's Frida Kahlo, Loïs Mailou Jones and Amrita Sher-Gil en route to Mexico City, Paris or Bombay. She's Suzanne Valadon and Gwen John, craving city lights, the sea and solitude; she's Artemisia Gentileschi striding through the streets of Naples and Paula Modersohn-Becker in Worpswede. She's haunting museums in her paint-stained dress, scrutinising how El Greco or Titian or Van Dyck or

Cézanne solved the problems that she too is facing. She's railing against her corsets, her chaperones, her husband and her brothers; she's hammering on doors, dreaming in her bedroom, working day and night in her studio. Despite the immense hurdles that have been placed in her way, she sits at her easel, picks up a mirror and paints a self-portrait because, as a subject, she is always available. Until the twentieth century, art history was, in the main, written by white men who tended to write about other white men. The idea that women in the West have always made art was rarely cited as a possibility. Yet they have - and, of course, continue to do so - often against tremendous odds, from laws and religion to the pressures of family and public disapproval. In *The Mirror and the Palette*, Jennifer Higgin introduces us to a cross-section of women artists who embody the fact that there is more than one way to understand our planet, more than one way to live in it and more than one way to make art about it. Spanning 500 years, biography and cultural history intertwine in a narrative packed with

tales of rebellion, adventure, revolution, travel and tragedy enacted by women who turned their back on convention and lived lives of great resilience, creativity and bravery. Trident K9 Warriors JHU Press

In this sweeping survey of intellectual and musical history, David C. Paul tells the new story of how the music of American composer Charles Ives

(1874–1954) was shaped by shifting conceptions of American identity within and outside of musical culture. Paul focuses on the critics, composers, performers, and scholars whose contributions were most influential in shaping the critical discourse on Ives, many of them marquee names of American musical culture themselves, including Henry Cowell, Aaron Copland, Elliott Carter, and Leonard Bernstein. Paul explores both how Ives positioned his music amid changing philosophical and aesthetic currents and how others interpreted his contributions to American music. Although Ives's initial efforts to find a public in the early twenties attracted a few devotees, the resurgence of interest in the American literary past during the thirties made a concert staple of his "Concord" Sonata, a work dedicated to nineteenth-century transcendentalist writers. Paul shows how Ives was subsequently deployed as an icon of American freedom during the early Cold War period and how he came to be instigated at the head of a line of "American maverick" composers. Paul also examines why a

recent cadre of scholars has beset the composer with Gilded Age social anxieties.

In *The Mirror of Antiquity*, Caroline Winterer uncovers the lost world of American women's classicism during its glory days from the eighteenth through the nineteenth centuries. Overturning the widely held belief that classical learning and political ideals were relevant only to men, she follows the lives of four generations of American women through their diaries, letters, books, needlework, and drawings, demonstrating how classicism was at the center of their experience as mothers, daughters, and wives. Importantly, she pays equal attention to women from the North and from the South, and to the ways that classicism shaped the lives of black women in slavery and freedom. In a strikingly innovative use of both texts and material culture, Winterer exposes the neoclassical world of furnishings, art, and fashion created in part through networks dominated by elite women. Many of these women were at the center

of the national experience. Here readers will find Abigail Adams, teaching her children Latin and signing her letters as Portia, the wife of the Roman senator Brutus; the Massachusetts slave Phillis Wheatley, writing poems in imitation of her favorite books, Alexander Pope's Iliad and Odyssey; Dolley Madison, giving advice on Greek taste and style to the U.S. Capitol's architect, Benjamin Latrobe; and the abolitionist and feminist Lydia Maria Child, who showed Americans that modern slavery had its roots in the slave societies of Greece and Rome. Thoroughly embedded in the major ideas and events of the time—the American Revolution, slavery and abolitionism, the rise of a consumer society—this original book is a major contribution to American cultural and intellectual history.

"American Mirror is award-winning photographer Philip Montgomery's dramatic chronicle of the United States at a time of profound change. Through his intimate and powerful reporting and a signature black-and-white style,

Montgomery reveals the fault lines in American society, from police violence and the opioid addiction crisis to the COVID-19 pandemic and the demonstrations in support of Black lives"--  
Mirror in the Shrine Simon and Schuster

A globetrotting, time-bending, wildly entertaining masterpiece hailed by the New York Times Book Review as "Audaciously well written...the book I was raving about to my friends before I'd even finished it." Publishers Weekly raved that "with near-universal appeal . . . Seay's debut novel is a true delight, a big, beautiful cabinet of wonders that is by turns an ominous modern thriller, a supernatural mystery, and an enchanting historical adventure story." Set in three cities in three eras, The Mirror Thief calls to mind David Mitchell and Umberto Eco in its mix of entertainment and literary bravado. The core story is set in Venice in the sixteenth century, when the famed makers of Venetian glass were perfecting one of the old world's most wondrous inventions: the mirror. An object of glittering yet fearful fascination—was it

reflecting simple reality, or something more spiritually revealing?—the Venetian mirrors were state of the art technology, and subject to industrial espionage by desirous sultans and royals world-wide. But for any of the development team to leave the island was a crime punishable by death. One man, however—a world-weary war hero with nothing to lose—has a scheme he thinks will allow him to outwit the city's terrifying enforcers of the edict, the ominous Council of Ten . . . Meanwhile, in two other Venices—Venice Beach, California, circa 1958, and the Venice casino in Las Vegas, circa today—two other schemers launch similarly dangerous plans to get away with a secret . . . All three stories will weave together into a spell-binding tour-de-force that is impossible to put down—an old-fashioned, stay-up-all-night novel that, in the end, returns the reader to a stunning conclusion in the original Venice . . . and the bedazzled sense of having read a truly original and thrilling work of art.

A novel like a triathlon: part evil-twin thriller, part howdunit (or did-she-do-it?), part juicy family drama. Drop *Knives Out* and *Double Indemnity* into the blender, shake some *Dead Calm* over the froth, power it on, and you've got a cocktail like *The Girl in the Mirror*—fresh, flavorful, and utterly intoxicating." —AJ Finn, #1 New York Times bestselling author of *The Woman in the Window* [Dreams in the Mirror](#) W. Norton & Company A longtime professor of Ethnic Studies at the University of California at Berkeley, Ronald Takaki was recognized as one of the foremost scholars of American ethnic history and diversity. When the first edition of *A Different Mirror* was published in 1993, *Publishers Weekly* called it "a brilliant revisionist history of America that is likely to become a classic of multicultural studies" and

named it one of the ten best books of the year. Now Rebecca Stefoff, who adapted Howard Zinn's best-selling *A People's History of the United States* for younger readers, turns the updated 2008 edition of Takaki's multicultural masterwork into *A Different Mirror for Young People*. Drawing on Takaki's vast array of primary sources, and staying true to his own words whenever possible, *A Different Mirror for Young People* brings ethnic history alive through the words of people, including teenagers, who recorded their experiences in letters, diaries, and poems. Like Zinn's *A People's History*, Takaki's *A Different Mirror* offers a rich and rewarding "people's view" perspective on the American story. *The Mother Mirror* Grand Central Publishing A "marvelous history"\* of medieval Europe, from the bubonic plague and the Papal Schism to the Hundred Years' War, by the Pulitzer Prize-winning author of *The Guns of August* \*Lawrence Wright, author of *The End of October*, in *The Wall Street Journal* The fourteenth century

reflects two contradictory images: on the one hand, a glittering age of crusades, cathedrals, and chivalry; on the other, a world plunged into chaos and spiritual agony. In this revelatory work, Barbara W. Tuchman examines not only the great rhythms of history but the grain and texture of domestic life: what childhood was like; what marriage meant; how money, taxes, and war dominated the lives of serf, noble, and clergy alike. Granting her subjects their loyalties, treacheries, and guilty passions, Tuchman re-creates the lives of proud cardinals, university scholars, grocers and clerks, saints and mystics, lawyers and mercenaries, and, dominating all, the knight—in all his valor and “furious follies,” a “terrible worm in an iron cocoon.” Praise for *A Distant Mirror* “Beautifully written, careful and thorough in its scholarship . . . What Ms. Tuchman does superbly is to tell how it was. . . . No one has ever done this better.”—The New York Review of Books “A beautiful, extraordinary book . . . Tuchman at the top of her powers . . . She has done nothing finer.”—The Wall Street

Journal “Wise, witty, and wonderful . . . a great book, in a great historical tradition.”—Commentary *The Daily Show (The Book)* Roberts Rinehart Pub Chronicles the life of one of America's leading poets, who was also a Cubist painter, champion of the little man, a romantic idealist, and husband of three beautiful women *The Mirror Test* Macmillan “Engrossing. . . . Gellman [is] a thorough, exacting reporter . . . a marvelous narrator for this particular story, as he nimbly guides us through complex technical arcana and some stubborn ethical questions. . . . Dark Mirror would be simply pleasurable to read if the story it told didn't also happen to be frighteningly real.” —Jennifer Szalai, The New York Times From the three-time Pulitzer Prize winner and author of the New York Times bestseller *Angler*, the definitive master narrative of Edward Snowden and the modern surveillance state, based on unique access to Snowden and groundbreaking reportage around the world. Edward Snowden touched off a global debate in 2013 when he gave Barton

Gellman, Laura Poitras and Glenn Greenwald each a vast and explosive archive of highly classified files revealing the extent of the American government's access to our every communication. They shared the Pulitzer Prize that year for public service. For Gellman, who never stopped reporting, that was only the beginning. He jumped off from what Snowden gave him to track the reach and methodology of the U.S. surveillance state and bring it to light with astonishing new clarity. Along the way, he interrogated Snowden's own history and found important ways in which myth and reality do not line up. Gellman treats Snowden with respect, but this is no hagiographic account, and *Dark Mirror* sets the record straight in ways that are both fascinating and important. *Dark Mirror* is the story that Gellman could not tell before, a gripping inside narrative of investigative reporting as it happened and a deep dive into the machinery of the surveillance state. Gellman recounts the puzzles, dilemmas and tumultuous events behind the scenes of his work – in top secret intelligence facilities, in Moscow hotel

rooms, in huddles with Post lawyers and editors, in Silicon Valley executive suites, and in encrypted messages from anonymous accounts. Within the book is a compelling portrait of national security journalism under pressure from legal threats, government investigations, and foreign intelligence agencies intent on stealing Gellman's files. Throughout *Dark Mirror*, Gellman wages an escalating battle against unknown adversaries who force him to mimic their tradecraft in self-defense. With the vivid and insightful style that is the author's trademark, *Dark Mirror* is a true-life spy tale about the surveillance-industrial revolution and its discontents. Along the way, with the benefit of fresh reporting, it tells the full story of a government leak unrivaled in drama since *All the President's Men*.

"In this book, Roberto Saba investigates how the antislavery struggle led Brazil and the United States to cooperate, and how this dynamic collaboration helped establish capitalism and free wage labor as the norm in the Western world. Drawing on overlooked writings from entrepreneurs, scientists, planters, Confederate refugees in Brazil, and journalists, Saba's extensive research reveals that while United States Southerners terrified Brazil with aggressive projects to perpetuate and expand slave labor, reform-minded Brazilians—including slaveholders looked to the American North as a powerful instrument of state- and nation-building. They welcomed advocates from the northern United States who helped them to spread labor-saving machinery, expand large-scale coffee production, advance technical education, diversify economic activities,

develop urban centers, and expand transportation infrastructure. Saba shows that the binational collaboration of radical modernizers in the United States and Brazil transformed the political economy of both countries, consolidated wage labor as the dominant production system in the Western hemisphere, and laid the groundwork for the demise of Brazilian slavery and the expansion of American capitalism"--

A "nuanced and insightful" (New Statesman) portrait of Britain's most famous female poet, a woman who invented herself and defied her times. "How do I love thee? Let me count the ways." With these words, Elizabeth Barrett Browning has come down to us as a romantic heroine, a recluse controlled by a domineering father and often overshadowed by her husband, Robert Browning. But behind the melodrama lies a thoroughly modern figure

whose extraordinary life is an electrifying study in self-invention. Born in 1806, Barrett Browning lived in an age when women could not attend a university, own property after marriage, or vote. And yet she seized control of her private income, defied chronic illness and disability, became an advocate for the revolutionary Italy to which she eloped, and changed the course of cultural history. Her late-in-life verse novel masterpiece, *Aurora Leigh*, reveals both the brilliance and originality of her mind, as well as the challenges of being a woman writer in the Victorian era. A feminist icon, high-profile activist for the abolition of slavery, and international literary superstar, Barrett Browning inspired writers as diverse as Emily Dickinson, George Eliot, Rudyard Kipling, Oscar Wilde, and Virginia Woolf. *Two-Way Mirror* is the first biography of Barrett Browning in more than three decades. With unique access to the poet's abundant correspondence, "astute, thoughtful, and wide-ranging guide" (Times [UK]) Fiona Sampson holds up a mirror to the woman, her art, and the

art of biography itself.

**Barnum** AuthorHouse Life and Other

Shortcomings is a collection of linked short stories that takes the reader from New Orleans to New York City to Madrid, and from 1970 to the present day. The women in these twelve stories make a number of different choices: some work, others don't; some stay married, some get divorced; others never marry at all. Through each character's intimate journey, specific truths are revealed about what it means to be a woman—in relationship with another person, in a particular culture and era—and how these conditions ultimately affect her relationship with herself.

The stories as a whole depict patriarchy, showing what still might be, but certainly what was, for some women in this country before the #MeToo movement. Both a cautionary tale and a captivating window into women's lives, *Life and Other Shortcomings* is required reading for anyone interested in an honest, incisive, and compelling portrayal of the female experience. [Dark Mirror](#) Sourcebooks, Inc.

"Robert Wilson's *Barnum*,

the first full-dress biography in twenty years, eschews clichés for a more nuanced story...It is a life for our times, and the biography Barnum deserves." —The Wall Street Journal P.T. Barnum is the greatest showman the world has ever seen. As a creator of the Barnum & Baily Circus and a champion of wonder, joy, trickery, and "humbug," he was the founding father of American entertainment—and as Robert Wilson argues, one of the most important figures in American history. Nearly 125 years after his death, the name P.T. Barnum still inspires wonder. Robert Wilson's vivid new biography

captures the full genius, infamy, and allure of the ebullient showman, who, from birth to death, repeatedly reinvented himself. He learned as a young man how to wow crowds, and built a fortune that placed him among the first millionaires in the United States. He also suffered tragedy, bankruptcy, and fires that destroyed his life's work, yet willed himself to recover and succeed again. As an entertainer, Barnum courted controversy throughout his life—yet he was also a man of strong convictions, guided in his work not by a desire to deceive, but an eagerness to thrill and bring joy to his audiences. He almost certainly never uttered

the infamous line, "There's a sucker born every minute," instead taking pride in giving crowds their money's worth and more. Robert Wilson, editor of *The American Scholar*, tells a gripping story in *Barnum*, one that's imbued with the same buoyant spirit as the man himself. In this "engaging, insightful, and richly researched new biography" (*New York Journal of Books*), Wilson adeptly makes the case for P.T. Barnum's place among the icons of American history, as a figure who represented, and indeed created, a distinctly American sense of optimism, industriousness, humor, and relentless energy.
